"BILL" MURPHY HAD A GLORIOUS TWELFTH

With Three Bottles of Lemon Extract Plus Two Per Cent. Beer.

William Murphy celebrated the Glorious Twelfth of July with three bottles of lemon extract, plus two per cent. beer, according to his story told in the police court on Tuesday morning, when he was arraigned on a charge of being intoxicated. He was placed under arrest at 10 o'clock on Monday night by Constable Campbell, and when brought before the magistrate he was still "under the weather," and for this reason was remanded a day.

The following is a portion of the interesting dialogue which took place between Murphy and the magistrate. "What were you drinking, Murphy?" "I started out on beer and then got some lemon." "Where were you drinking?" "I was drinking all over the city." "And did you sign for the three bottles of lemon extract you got?" "Yes, I signed up for it all." "And were you alone when you were drinking?" "Yes, I was alone all the time." "Well, I will remand you for a day."

Sydenham Wants To be a Village

CANADA'S NEW PRIME MINISTER AND FAMILY.

CABINET FORMATION IS IN FULL SWING

The Slate May Not be Complete for Some Days Yet.

(Canadian Press Despatch) Ottawa, July 13.—The cabinet-making to-day is in full swing. The premier was in his office at an early hour and there was a stream of callers. J. A. Stewart, Lanark, and E. K. Spinney, member for Yorkmouth, were in consultation with Hon. Mr. Meighen this morning. An informal meeting of the cabinet was held in the premier's office. There were present, in addition to the prime minister, Sir George Foster, Honorable Hugh Guthrie, A. L. Sifton, Senator Gideon Robertson, and Sir James Loughheed.

While the cabinet slate may not be complete for some days yet, it is probable that sufficient ministers will be sworn in to enable the work of the cabinet council to be resumed.

TO HAVE A DIRECT LINE WITH KINGSTON

Canada National to Improve Service From Sydenham to Kingston.

It is believed that the Canadian National railway will build a line from Sydenham to connect with the Grand Trunk system, so as to make a direct connection with Kingston. It was learned on Tuesday that surveyors are now at work on the farm of B. Harrigan, near Murvale, and it is understood that the line to be followed takes in along mud lake creek. At the present time the route to Kingston is via Harrowsmith.

Better Gas Supply Promised Next Week

In speaking about the gas supply, General Manager Folger of the public utilities stated to the Whig today that the supply would be weak for some days yet. The department is getting the new tank into operation and next week Manager Folger hopes that the gas supply will be greatly improved and probably normal. At present it is very variable and unsatisfactory, but the manager asks the consumers to be patient and await the time when the service will be improved. The commission decided rather than cut off the supply for a day or so to give a reduced service so as not to cause too much inconvenience.

THE RESOLUTIONS PASSED To Fix The Value Of The G.T.R. Stocks

BY THE ORANGE GATHERING AT HARROWSMITH.

Want Separate Schools Abolished in Canada and the French Language Put in Its Place. (Special to the Whig.) Harrowsmith, July 13.—The celebration of the "Glorious Twelfth" was a great success here. At noon upwards of a thousand people had congregated for the celebration. One grand lodge was represented, and spring addresses were delivered by S. M. Clark, provincial grand secretary, Belleville; Rev. Mr. Stafford, Sydenham; Rev. Mr. Everson, Yorkker; Rev. Mr. Kirkpatrick, Sydenham; Rev. A. W. Stewart, Harrowsmith, carried out the duties of chairman. Owing to the rain the parade arranged to take place to the outside grounds was cancelled, and confined to the village streets. The speeches were delivered on the grounds in front of the Methodist church.

The following resolutions were passed: Resolved: That this body of Orangemen and Protestants, assembled at Harrowsmith on July 12th, 1920, do hereby express our unswerving loyalty to the person and throne of His Majesty, King George V., and we hereby declare our unalterable opposition to any movement which may tend to the disintegration of the British Empire! "That we hereby declare our continued belief in the principles of the Orange association, believing that they express true democracy, Christianity and British loyalty, and tend to uplift our humanity and extension of liberty."

"That we hereby express our extreme sympathy with our brethren in Ireland, in their struggle against the ruthless forces of the Sinn Feiners, and declare that the Orangemen of Harrowsmith are prepared to render them any assistance possible in their magnificent fight."

"That this meeting declares that all separate schools in the Dominion of Canada should be abolished, and the principle of national schools throughout the length and breadth of the land to unification of the youth of Canada leading ultimately to a consolidation of the entire Dominion."

"That this meeting is of the opinion that in as much as the French Language is only entitled to the status of an official language in the province of Quebec, the federal parliament and the supreme court of Canada, bilingualism in British North America should cease to exist except as hereinbefore stated."

A vote was called for on the above resolutions, and declaration was given in favor of them. Egypt Made Independent. Brussels, July 12.—Word has reached Spa that the British Government had signed the Egyptian independence agreement on July 6th, but demanded silence respecting it for one week until Parliament adjourned. The news has not caused surprise here, as it is said to follow Lord Milner's policy.

T. R. Ferguson's Contentions. Toronto, July 13.—T. R. Ferguson, K.C., in a strongly worded speech at the Exhibition grounds yesterday, denounced the efforts being made to advance the French language in Canada and charged that Roman Catholics were making every effort to secure control of the I.O.B.E.

THE WORLD'S TIDINGS IN CONDENSED FORM

Tidings From All Over Told in a Pointed and Pithy Way.

Over 8,500 Orangemen celebrated the Glorious Twelfth in Toronto. John Muldrew, well-known Toronto business man, passed away. Dr. A. Primrose is appointed Dean of the Faculty of Medicine, Toronto. There is urgent need of cherry pickers in the Niagara fruit belt. Jules Harris, aged seventeen, while practising shooting with other cadets at Lachine, was killed. The Welland division of the G.T.R. from Port Colborne to Port Dalhousie is to be electrified soon. Leading Zionists estimate that at least 75,000 Jews will emigrate to Palestine during the coming year. Austen Chamberlain, British chancellor of the exchequer, has refused to reduce the tax on excess profits. A huge increase in educational expenditure for London is proposed, which will make the rate for education a shilling in the pound. Hon. R. H. Grant, in an interview, forecasts higher salaries for university professors. Queen's men will hope for its early consummation. General Joaquin Amar has Francisco Villa, revolutionary leader in the state of Chihuahua, bottled up following an encounter near Parral in which 500 Mexican rebels and 300 federals participated. Governor Percival W. Clement, of Vermont, on Monday issued a proclamation refusing to call the legislature in special session to make possible ratification of the federal amendment for woman suffrage. The body of the late Empress Eugenie will be embalmed in preparation for its transportation to England where Eugenie will be buried at Farnborough. The funeral party will probably depart from Spain on Wednesday. King Alfonso, who is in London, has sent a despatch to the prime minister of Portugal, ordering a period of court mourning of twenty-one days in honor of former Empress Eugenie and also to pay the customary royal honors to the dead. At Poughkeepsie, N.Y., Frank Smith, nineteen, who pleaded guilty to attacking a Vassar graduate on June 8th last, was sentenced to twenty years in Sing Sing prison. This is the maximum term. Minor skirmishes have occurred between the military factions near Pekin, but Pekin itself remains quiet. The veteran general Chiang Kai-shek has proceeded to Paoingfu, Chichih, where he is attempting to reconcile the opposing factions.

Using Up Our Lumber. Great National Asset Should Be Conserved. How many Canadians would favor a policy of reckless consumption of our timber, without regard for the needs of the nation ten, twenty or forty years hence? We venture to say not many. Yet the Canadian Forestry Journal reproduces remarks by Sir Andrew McPhail against any consideration of the future in the shaping of timber policy. "If you are disposed to ask for advice," the professor calmly says, "the advice one would give you would be to continue in your work, get rid of all the pulpwood that exists as quickly as possible, for this reason: that if you don't, it will only perish, and we of this generation might as well get what we can out of it. Nor need we of this generation concern ourselves too much about the future. We have done our part in the world, and let those who come after us do their share; and if they will look into your records, they will find that you tortured and tormented yourselves into finding a solution."

It is calculated that forest fires, and other waste of standing timber, have cost the provincial treasuries a thousand million dollars in lost stumpage fees. But Canadian householders know, from practical experience in housing to-day, what are the economic results of the cutting down of our timber resources. Even if a small proportion of valuable forest land is burned over, should we recklessly exhaust the remainder, merely because our children or our children's children will have to meet the problem? Not many men would refuse to take thought of their family, and the protection of their family, and the immense areas of lands good for no other purpose. Some of the pulp and paper companies are systematically reforesting on their own limits, and the Dominion and Provincial Governments should now be conducting surveys for the same purpose.

There Were 7,000 Visitors—Speeches Delivered in the Town Park.

(Special to the Whig.) Napanee, July 13.—Over seven thousand people poured into Napanee yesterday by automobile, train and buggy to celebrate the "Glorious Twelfth," and right royally they did so. THREATEN BRITISH POSITION IN PERSIA

London, July 13.—The Bolsheviks, according to a despatch to the Daily Express, have landed four shiploads of troops on the south shore of the Caspian Sea, and are advancing southward, gravely endangering the British position north of Teheran. At Poughkeepsie, N.Y., Frank Smith, nineteen, who pleaded guilty to attacking a Vassar graduate on June 8th last, was sentenced to twenty years in Sing Sing prison. This is the maximum term. Minor skirmishes have occurred between the military factions near Pekin, but Pekin itself remains quiet. The veteran general Chiang Kai-shek has proceeded to Paoingfu, Chichih, where he is attempting to reconcile the opposing factions.

TO MARRY AT SIXTEEN.

Philadelphia, July 13.—A sixteen-year-old couple will be married here on July 14th at Mount Carmel church. The youthful romance of Miss Mary Le Gent, an orphan, and Matthew Brady, a chauffeur, began when they would meet after their respective schools were dismissed and stroll home together. This was five years ago. Brady proposed formally and was accepted by Miss Le Gent, so the story goes, when they were eleven years old. Since then he says he has saved enough money to take the marriage step.
