

# LONDON WOMAN PICKED RIGHT UP FROM START

### Mrs. Elizabeth Gray Was Amazed at the Way Tanlac Overcame Her Trouble—Sleeps Like a Child All Night Now.

According to the testimony of the multiplied thousands who have used it, there is nothing more invigorating than Tanlac to persons suffering from the after-effects of influenza, la grippe, typhoid, pneumonia, or a serious operation, or who are in a run-down condition. Another striking instance of this is the case of Mrs. Elizabeth Gray, of 12 Elmwood avenue, London, Ont., Canada, who made the following statement:

"I had read so much in the London papers of the great good that people were deriving from Tanlac that I decided to try it too, and I must confess that I was amazed at the good results which I got from even the first bottle. I began to pick up right from the start and soon had an appetite such as I had not known for years. I was able to take good nourishing food and I put on flesh rapidly. I am never troubled with headaches or dizziness now. The rheumatism seems to have left me entirely, so that I haven't an ache or a pain left in my body. I sleep like a child all night, and get up in the mornings feeling fully rested and strong enough for any task. Tanlac is a most wonderful medicine and I am delighted to have the chance to recommend it."

Tanlac is sold in Kingston by A. P. Chown and by the leading druggists in every town. —Advt.

# IN JEWELRY FADS

### Decorations Sensational Rather Than Extravagant.

#### Throat Latch and Pendant With Matching Earrings Brings Forth the Most Comment.

The present mode of wearing all sorts of striking jewelry has passed the stage where it may merely be referred to as extravagant; now it has become positively sensational, according to a Paris fashion writer. Quantities of remarkable jewelry were seen everywhere during the season in the south of France.

The jewel which created the most comment was a throat latch and pendant with matching earrings. These were very large and were made of platinum and diamonds. The earrings and the pendant were the same size and of the same design, the delicate chain which held the three together being of platinum and brilliants to match the three pendants.

A famous Parisian beauty wore this extraordinary ornament with the simplest possible coiffure, the hair being brushed straight back and twisted into a low knot at the nape of the neck. Her dress was an extreme decollete in black and she kept a sable coat on most of the time, as her back was absolutely nude to the waistline. No other jewels were worn, not even a finger ring, but the marvelous brilliancy of her throat latch and earrings was the more pronounced because of the severity of the remainder of the toilette.

Another striking novelty in jewelry is a double bracelet of onyx set with rows of pearls with little chains of pearls holding the two together. This, like many of the new bracelets, is worn above the elbow.

Very large earrings are much in vogue. They, like other present-day jewelry, are usually in combinations of black and white or white and one colored stone, green and white being the combinations most often chosen. The preference for green and white jewelry has brought the emerald into even greater prominence and, despite the fact that the prices of these stones have become almost fabulous, quantities of them are worn.

Watches are quite as elaborate in their design as earrings and bracelets.

### FEMINE FANCIES

Scotch heather sweaters are prominent.

The new Balkan blouse has a high collar.

Real laces are used on tailored lingerie.

Figured net is the latest lingerie material.

Figured voile is used for children's play frocks.

The entire hat today is expressed in the crown.

Shot taffetas are printed in pompadour patterns.

Eccentric trimmings are features of the overblouse.

Colored cotton embroideries are very charming.

The new up-and-down trimming is much in vogue.

Some tailored and Irish-trimmed negligees are of heavy, lustrous silk.

Black satin, draped with black tulle, is a wise choice for an evening gown.

A smart accessory is a dressy scarf of silk tissue, bordered in printed silk.

An all-white evening dress for second mourning is made of ring dot silk net.

Angora cloths in Scotch plaids, or with blazer stripes, are used for sport coats.

Retire capes of gray squirrel fur are among the most luxurious garments.

Bulgarian embroidery, in bright colors, is seen on some of the spring blouses.

### HAT MADE OF WOOD SHAVINGS

From wood pulp and shavings this exquisite hat is fashioned. It was recently shown in New York, among a number of other late Parisian ideas.

### Washing Laces.

Fine laces should be basted to a piece of cheesecloth before they are washed. Wash by "sousing" up and down in lukewarm neutral soap solution. Rinse in several clear waters. Lay out flat to partially dry, and then iron on the wrong side, so that the iron only comes in contact with the cheesecloth and not directly with the lace. When ironed and thoroughly dry, cut open the stitching, and the lace will be as fresh as new, if carefully done.

### Leaps to Death in Niagara.

Niagara, Falls, Ont., July 21.—The police believe that the man who jumped from the abutment at the American end of the upper bridge, was Fred Lehman, Pittsburg, who had reported to them that he had been robbed of \$600. After leaping from the bridge the man was seen struggling in the water in an attempt to regain the shore, but sank before aid could reach him.

# Baby demands UNIFORMITY

### —uniform richness—uniform purity

MOTHERS, nurses, physicians, all agree that babies show the steadiest gains in health and weight from milk that never varies—in richness and purity.

Milk distributed by the Carnation method is, therefore, very desirable for Infant Feeding.

It is gathered daily.

It is reduced by evaporation to unvarying richness and sealed in bright new containers in the very heart of the dairy counties.

It is sterilized to insure absolute safety and purity.

Every can of Carnation Milk is absolutely uniform in quality.

Not a particle of preservative—sugar or anything else is added to Carnation Milk.

It keeps its high quality and its purity because it is inspected, Sealed and Sterilized.

BOOKLET TELLS THE WHOLE STORY

No greater precautions to insure purity could be taken than are taken at Carnation condenseries.

In baby's interest you should know how Carnation is made SAFE for Infant Feeding. This you can do by reading the "Story of Carnation Milk."

The book also explains how to use Carnation for Infant Feeding (For individual cases consult your physician).

It contains, as well, 100 tested recipes for making puddings, custards, candies, etc.

Write for a copy FREE.

34-38 PRINCESS STREET

A process has been invented for extracting the moisture from sugar beets where they are grown, saving in shipping weight and drying them so they can be held for months before being converted into sugar.

To imitate daylight for color comparisons an English artist has invented a concave reflector covered with a checkerboard arrangement of blue, green and purple squares to be placed above an electric light.

### HOUSEWIVES PUT DOWN FRUIT WITHOUT SUGAR

#### Cherry Trees All Through Niagara District Loaded, But Pickers Few.

St. Catharines, July 21.—Owing to the high price of sugar, not the usual quantity of fruit is being put down this summer, either by the canning factories or the housewives. Some of the latter, however, are putting down unsweetened fruit. The raw fruit is put into the bottle and then the bottle of fruit is boiled in a boiler of water. This is said to be successful.

Cherry pickers are not increasing

### MOTHER!

#### "California Syrup of Figs" Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."

### GREAT CUNARD TERMINAL

To Be Erected By Company at West-Hawken, N. J.  
Trenton, N. J., July 21.—The Cunard Terminal Company will shortly erect for the Cunard line what it is declared will be one of the great

est steamship terminals in the world along the Hudson river, near the West Shore Railroad ferry, at West-Hawken, following the approval today by the New Jersey Board of Commerce and Navigation of a grant of eleven hundred feet of riparian land to the stream at \$50 per foot, or \$55,000.

### HAS NEW IRISH BILL.

Government Preparing to Strengthen Court Martial.  
London, July 21.—The Daily Chronicle's political correspondent

says a new Irish bill which the government have in preparation is expected to strengthen the court-martial and give further protection against criminal outrage in Ireland. The cabinet have had under consideration the establishment of a trial by three judges instead of by jury in Ireland. Of late there have been several cases of failure to get a grand jury and even a corner cannot sometimes get a jury. The jurors, if impelled, are intimidated. It's the early worm that catches the fish—hook and all.
