Kingston and Vicinity

Has Been Accepted.
Mrs. J. Horricks, Perth, has passed her probationary term and has been accepted as a nurse-in-training at the City Hospital, Watertown, N.Y.

Underwent Operation.
Joseph Beatty, Perth, was stricken with an internal trouble recently and underwent an operation in an Ottawa hospital. He is doing as well as can be expected.

Silent Policeman Returns.
About a year ago the silent policeman at the corner of D'Arcy and Wilson streets, Perth, was stolen. It was found imbedded in the creek beyond the House of Industry.

Granted Entrance Standing.
Miss Mildred Way, S.S. 8, Hillier, and Gordon Gilbert, S.S. 4, Sophiasburg, have been granted entrance standing, and their names added to list of successful candidates.

Has Joined a Ship's Crew.
Vernon Brown, of the Tweed Methodist parsonage, has secured a position as wheelman on the passenger S.S. Kamarina, plying between Montreal, Plymouth, England, and Le Havre, France. The voyage will occupy forty-five days.

Watertown, N.Y.

For the Fall Assizes.
Police Constable John Naylor is distributing summonses in the city to citizens who have been summoned to serve as judges at the fall assizes, which opened in September. Already a number of cases have been entered for this sitting of the court.

Remarkably Cool Weather.
The Weather Man is serving up remarkably cool weather for this time of the year. Some of the citizens had fires going in their homes on Sunday, in order to make themselves comfortable.

Is Improving Nicely.
The many friends of Mrs. Robert Colville, Ernestown Station, endeavor to hear of her illness, she having been removed to Kingston General hospital, where a few hours after her arrival, was operated on for appendicitis, and is progressing very favorably.

Old Tombstone Unearthed.
Last week while excavators were at work at the former Riddell property a tombstone was unearthed bearing the following inscription:

Lake Leman and Warsaw.
Mr. Ignace Paledewski, when he was living on the shores of Lake Leman and cultivating the beautiful grapes that bear his name and are shaped like a football, may have dreamed what the years were to bring forth for him; but it is to be doubted. He has shown himself a good citizen and has given his time, strength and labor to that Poland which now becomes a concrete fact after so long a period of waiting. When in Rome a short time ago he expressed his gratification that Poland had obtained a loan of \$250,000,000, and spoke very cheerfully of the future. He does not fear Bolshevism and makes the significant statement that the peasants will have none of it—a statement that reminds one of the essentially sane position on this subject taken by the peasants of France. Mr. Paledewski says that the timber available in Poland ought to bring in \$3,000,000, and that Poland will soon begin to export it. One thing that he says is equally significant, namely, that other nations must remember that we are still at war, and this impedes our exports. He points out that Poland was devastated by the advancing Germans and once more by the retreating Russians, but that 80 per cent. of the land is again under cultivation. If Mr. Paledewski's figures be correct, this most certainly is a creditable showing, for it shows that the agriculturist, the backbone of all nations, is swiftly taking up his work and going in.

Coal Mined Under Difficulties.
Coal deposits on Spitsbergen, halfway between the top of Norway and the North Pole, are now being mined by a Swedish company, using explosives in place of machinery. Humidity and high winds, with a winter temperature of 23 degrees, made it necessary to inclose the whole coal dump and the passage to it. The wire-rope conveyor, which takes coal from the dump at 50 tons an hour, also has its upper terminus inclosed. Navigation is open only three months a year, and the coal is stored in a 50 foot pile near the harbor. Piling for the dock had to be driven very deep to withstand the constant heaving of the ice, and the boilers of the electric-light plant, necessitated by the long Arctic night were heat-insulated to keep them from thawing the ground and sinking into it.—Popular Mechanics.

Phonograph Wax.
The wax made use of in the manufacture of phonograph cylinders is from the carnauba, a wax palm. The best quality comes from the young and tender leaves. They are cut at three different periods during the wax season, which extends from September to March. Two thousand leaves are required to make from twenty-five to thirty pounds of wax. The leaves are dried in the sun and then thoroughly beaten with hails to remove the wax. The raw material is melted in boiling water and strained to remove foreign matter. The strained mass hardens quickly and turns a light yellow.

All-electric Steel Mill.
A company has been incorporated to operate the first all-electric steel mill in the United States. The plant is to be located at Youngstown, Ohio, which is to be the base of a larger plant later, and will be equipped with two electric smelters and will also have ten and sixteen-inch rolling mills.

Sacred to the memory of Edward Taylor, who died June 30th, 1845, aged 76 years.

The Late Mrs. Jacob Lucas.
Mrs. Jacob Lucas, whose maiden name was Sarah Wheeler, was born in Tweed, Nov. 11th, 1856, and departed this life in Tweed, July 20th, 1926. Mrs. Lucas was of robust health until recently and her demise was unexpected. She will be greatly missed in her neighborhood.

To Have Charge.
Miss Ruth Stewart, B.A., Concession, has been engaged as teacher on the staff of the new continuation school, Marmora, which is under construction on the Locks property, and which, it is expected, will be ready for the opening of the term in September.

A Lady Honored.
Mrs. Andrew Davison, one of Picton's best loved women, celebrated her eighty-first birthday last Saturday. A veritable tea was given in her honor, at which her relatives and intimate friends were present. All realized the charm radiating from an unselfish and beautiful life. Many gifts, the expressions of affectionate remembrance, were received.

Sheep Killed by Dogs in Burgess.
Dogs are playing great havoc with sheep in the township of Burgess. Last week A. Armour had thirteen sheep and lambs killed and this week dogs raided P. McParland's flock and killed and wounded nineteen. The dogs have been caught in the act. The township has been put to a considerable expense, as a result of the slaughter.

Had a Severe Fall.
D. T. McCormack, Picton, had a severe fall a few days ago while working on the old storehouse at the Electric Light dock. Through the giving way of some planking he was thrown to the ground, a distance of several feet. It was at first thought that some bones were broken, but he fortunately escaped with severe bruises and is now recovering.

Prices To Suit Everyone.
Boys' knickers, all sizes, from \$2 to \$3.50; youths' and men's khaki trousers, \$2.75 to \$3.50; boys' and youths' suits, from \$6.50 to \$15; men's working trousers, all sizes, \$3 to \$6.50. Men's suits from \$16.50 to \$38. Prevost Clothing House, Brock street.

New Colborne Teachers.
R. S. Jenkins, M.A., a specialist in classics and in English and history, has been engaged as principal of Colborne High School. Miss Trickell, B.A., of Belleville, has been engaged

as assistant high school teacher. Miss Ruth Peacock, Port Hope, has been engaged for the third form in the public school.

A Venerable Lady.
Mrs. Palmateer, who is visiting her granddaughter, Mrs. Joel Kellar, Ernestown Station, for a few weeks, has been indisposed for a few days, but is once more her bright, cheerful self. She is a remarkable woman for her age, is nearing the ninetieth milestone of life's journey, and until quite recently kept her own home. She is very vivacious and assists with the work of the house, and takes a keen interest in all that is going on. She makes her home at present with her sons, the Messrs. Byard and Samuel Parks, alternating between them as suits her fancy.

Died Following Operation.
Peter W. Fair, died on July 11th at Orion, Mich. He had had his left leg amputated on June 25th and on July 11th his right had to be removed. He passed away following the operation, aged sixty-four years. Mr. Fair was born at Stirling, Ont., on Sept. 25th, 1855, at one time he carried on an extensive carriage making and blacksmith industry at Mountain View, Prince Edward County. His wife was Miss Fannie Pyne, a sister of Richard Pyne, Picton, and J. H. Pyne, Bloomfield.

She Lived in Kingston.
Mrs. Frank M. Warren, Minneapolis, who was appointed chairman for Hennepin county of the Republican women's committee, has thoroughly organized her department, which is proving itself most efficient. In choosing presiding officers, great care is taken to select those who are experienced. Mrs. Warren is a past president of the College Women's club and vice president of the board of directors of the Women's occupational bureau—Minneapolis Tribune.

Will Take Action.
It is understood action is to be taken against the Buick Motor Co. by S. Tibbets, proprietor of the restaurant at the G.T.R. station in Cornwall, for damages suffered when the place was raided by employees of the company travelling on a special train to Flint, Mich. At that time Tibbets had his till rifled of some \$45 and had a number of pieces of crockery damaged as well as commodities stolen. He places his loss in the neighborhood of \$100. Another party of these men stormed the restaurant at Kingston Junction, smashing a number of windows.

THE LATEST PICTURE OF PREMIER MEIGHEN.
The new Canadian Premier is here seen on his visit of inspection to the Montreal harbor. On the left is W. G. Ross, president of the Montreal Harbor Commission.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN
Not Aspirin at All without the "Bayer Cross"

The name "Bayer" on Aspirin is like 14 Karat on gold. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.
Always buy an unbroken package. There is only one Aspirin—"Bayer"—You must say "Bayer"
of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pains generally.
Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.
Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Hardwall Plaster
is better than Lime Mortar. Sets in a few hours; dries in less than two days. No further sweating nor dampness. Becomes very hard and strong.
Does not crack nor shrink; is rat-and-vermin-proof.
Sold in 100 lb. Jute bags, by:—
