

# SOMETHING

The whole family enjoys a Massey, Red Bird or Indian Bicycle. Go on small hikes, picnics, fishing trips and enjoy it.

Business men are using Bicycles more and more. Why? A Bicycle gives them more for the small amount invested than the highest priced car.

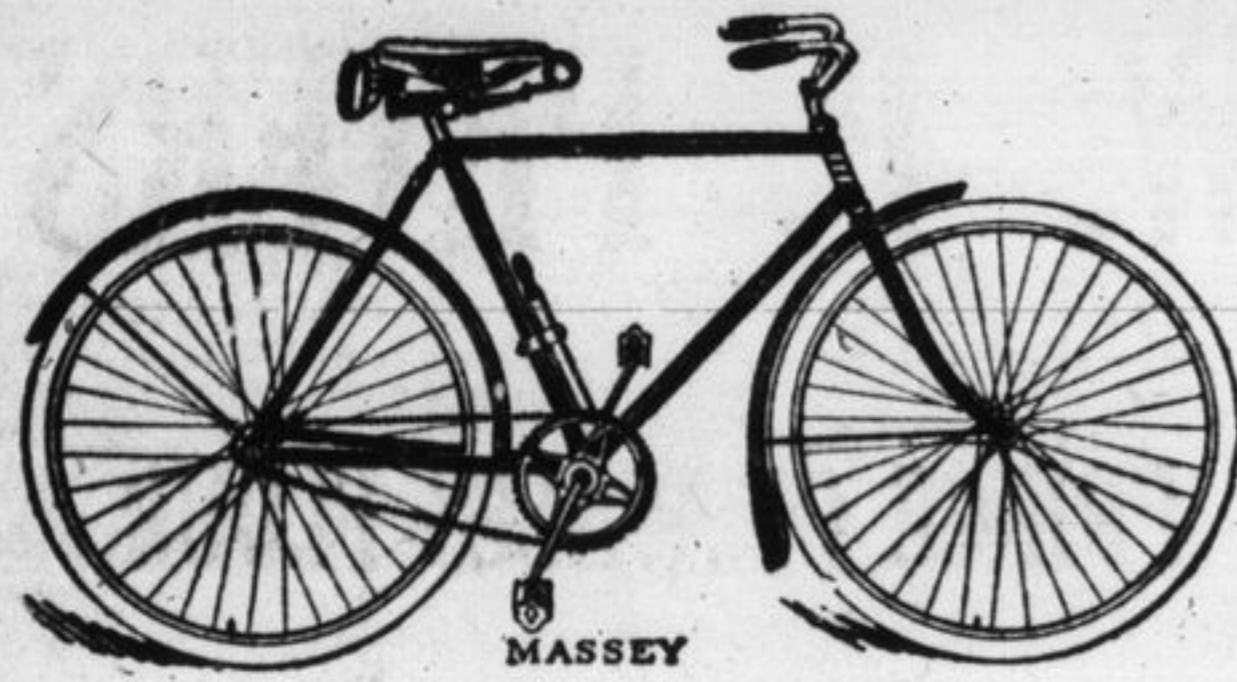

No gasoline upkeep; little wear on tires, and always ready to go.

Look for our name on a Bicycle. It's put there as a guarantee of quality.

Get more fun out of life.

No use being dead while you should be alive.

### CANADIAN OLYMPIC FOUR GO TO ANTWERP REGATTA

Will Leave Canada Shortly to Participate in Races.

As a result of the thirty-eighth annual Royal Canadian Henley Regatta, which was finished at St. Catharines on Saturday afternoon, Canada will be represented at the Olympic Regatta at Antwerp by Robert Dibble of the Don Rowing Club of Toronto; in the singles, and an Argonaut four, composed of R. Hay, bow; H. Harcourt, H. Landriau and S. Hay, stroke, in the fours. Arrangements are being made for the sailing of the Canadian party at an early date. In addition to the aforementioned oarsmen, Coach Allison will accompany the men and "Nat" Scholes will go as boatman. Scholes is a veteran with overseas rowing experience, a member of the Don, and has always handled Dibble and rigged his boats. It is provided by the International Olympic Committee that four in the Olympic Regatta shall be rowed with a coxswain. Work will be commenced immediately in the four-oared boat recently imported from England for the Canadian Olympic candidates. It contains a seat for the "cox," something not seen in fours on this side of the Atlantic. A. Everett, who has directed the course of Argonaut crews, will be the "passenger."

It used to be a popular fallacy that sense came with age and wisdom with experience.

Pugilism is getting to be very much like yachting merely a matter of wind.

### WOMEN AS BRAVE AS THE MEN

THEIR STRUGGLE SHOWS A REMARKABLE SPIRIT.

Talk of the bravery of men, but where can you find a finer spirit than among the half-sick women who are fighting and struggling to do their duty against the terrible odds of ill-health, and who will not give up.

One woman in every three is struggling against weakness. Most of them are not exactly sick, but, oh, how miserable!

The burden and misery of it all has its foundation in the bile which is thin and watery. The red cells are too few. The very stream of life is reduced in vitality. Weakness and inevitable ill-health are the certain result.

Every ailing or weak woman can quickly regain her health in this very simple way. By filling the system with the nutrition that comes from rich red blood, a quick change for the better will result. To accomplish this, take two chocolate-coated Ferronzo Tablets after each meal. You'll feel better immediately for the simple reason that Ferronzo renews the blood. It gives you vim, vigor, endurance, restores a tired, worn-out system very quickly.

You'll feel like new all over once you get Ferronzo working through your blood. It puts color into faded cheeks, brightens the eyes, quickens the step, brings back that wonderful feeling of youth.

One of the finest things Ferronzo does is to make you eat lots and digest it as well. With keen appetite, sound sleep, strong nerves and lots of nourishing blood, you're bound to regain robust health. Any sickly girl or ailing woman that Ferronzo won't make well must be incurable. There is a secret power in Ferronzo and it is worth a trial at all events. Fifty cents per box, six for \$2.50. At all dealers in medicine.

### PLUMBERS AGAIN ON TOP

"Lefty" Appleton's Boys Grab Another Game.

After some avoidable delay the Plumbers and Queen's stadium Workers got away in a game in the Mercantile League on Monday evening. Both had a husky looking collection out and at first it was a toss-up as to which would pull into the lead. Plumbers had first swats but failed to do anything sensational. Queen's made a little better stab in the first inning and pulled in a run. Plumbers came back again in the first of the second and secured a run on an error or two.

Then the pick-and-shovel ball tusslers started in real style and beginning with Abernethy, the old-timer from the west end, banged out a bunch of hits which netted them three runs. Then you should have seen "Lefty" Auctioneers and travelling salesmen had nothing on him. He got right down to business and made his boys do the same trick, and they did it in the very next inning, tying up the score once more.

Queen's started to loosen up a little and failed to register during their third swats. The Plumbers added one in the fourth and three more in the sixth, after which Queen's started to tighten up a little. The Stadium boys went to the platter and collected another tally on a nice hit by Stewart. The score at the end of the sixth stood 8 to 5 for Plumbers.

"Lefty's" boys had not finished yet and added another in the last round when Murray's two-bagger brought in Fenning. Queen's came in for their last knocks with lots of ginger. They battled hard and almost evened the score. Three runs had been secured and the tying-out tally came in but the runner was called out.

The line-ups: Queen's—McLeod ss; Stewart c; Ferguson 3b; Malcolm 1b; McCarty n c; Abernethy 2b Shea p; Hodgins rf; Loughheed lf.

Plumbers—Ferguson c; Ramsay p; and 3b; Gallagher 1b; Saunders 2b; Fenning 3b and p; Murray ss; Bennett lf; Lane cf; Grimshaw rf.

The score by innings: Queen's ..... 1300013—8 Plumbers ..... 0131031—9

### DON'T BE TIGHT.

Loosen Up That Strangle Hold on Odd Quarter.

A song of woe reaches us from the officials in charge of the baseball games at the cricket field between Pines, Triple Links and outside batters. The people come to the ball field, make flying dives for the best places to watch the game, bawl out the umpire, criticize the players, and then walk downtown and howl about everything that has happened. About one half of these kickers and general nuisances have never contributed so much as a solitary nickel to the support of baseball in Kingston.

Understand, this is not for those who come regularly and pay their quarters, or if they feel that they cannot afford a quarter, drop some brass in the almsbox when it comes around. This is for those fellows who are fond of flashing a roll that would choke a hippopotamus and yet will not be separated from the fractional part of a dollar for value received.

To bring these outside teams to Kingston, it also costs money to maintain the home teams. Therefore the money must be forth coming or the baseball stops. For the love of mike, loosen up!

### BASEBALL ON WEDNESDAY

Canton, N.Y., Meets Pines at Cricket Field.

Once more a strange team appears on a Kingston diamond to try out the speed of the local pill performers. This time it is "Joe" Daley's prancing Pines who will step lively. Of course that means that Canton, the newcomers, will have to step rather lively also, and from all accounts, they are perfectly able to do that little thing.

The rain robbed Pines of their chance to show how they would come out with the Ottawa Senators but everything was in their favor so far as it went.

On Saturday next Perth and Triple Links will have a pill-swatting and chasing competition.

### PEACE ONCE MORE.

Disturbed Lacrosse Circles of Montreal Again Placid.

President Louson of the Eastern Canada Lacrosse Association (amateur), Montreal, states that peace reigns once more amongst the amateur lacrosse clubs of this district. Shamrocks, who sought admission this week into the E.C.L.A., he says, have realized that it is a little too late in the season to entirely remodel the series, and have now proposed home-and-home exhibition matches. The M.A.A.A. has agreed to this, and a plan will be drawn up shortly for such a series.

Gaston Chevrolet set a new world's record for 100 miles over a dirt track in Columbus O., on Saturday, when he covered the century with-out a stop in 89 minutes and 23 seconds. Chevrolet drove the same Ford tenac car with which he won the \$50,000 Indianapolis Decoration Day race. The former record, 91 minutes and 30 seconds, was held by Tom Alley at Minneapolis in 1914.

Tommy Milton, record holder for the straightaway course, finished second today. He trailed four laps behind Chevrolet, who at no time was in danger of being headed. Ralph Mulford also started, but was forced to the pit in the first lap; owing to a broken valve.

### Going to Big Leagues.

Manager "Buz" Wetzel of the London M.-O. League Club wired the club headquarters tonight from Detroit announcing that Outfielder Neitzke and Infielder Pittenger had been sold to the Boston Red Sox, to report at the close of the season. Almost a dozen of the Maines circuit players have been sold to the big leagues this season.

### RECORD LOWERED ON GRAND CIRCUIT

Rife Grenade Lowers Previous Mark at Columbus on Thursday Afternoon.

The world's record was reduced at Columbus, when Rife Grenade, the champion three-year-old pacing gelding, while winning the American Association Trotting Horse Breeders' purse of \$2,500, for 3-year-olds, paced the second in 2.04 3-4; lowering his own world's record a second and a half. He was a prohibitive and barred in the betting.

### GOOD BLOOD TELLS.

The Old Plug Turned Out To Be a Whirlwind.

Down in the maritime provinces there is a little bay pacing mare named Jennie Hal causing a sensation with her remarkable track achievements. This mare was raised by Burgess by Stephen White, who sold her as a foal seven years ago to John A. Kerr, Perth, and she was then known as Mary Caroline. It will be remembered she figured in a runaway accident some years ago owing to fright she got and the driver and owner were severely injured. After that incident she was sold to Frank McLennan, who in turn disposed of her to T. J. Devlin and she was afterwards sold as a common plug to Mr. Sullivan, Fredericton, N. B., and shipped to that province in a car load of other horses. Her racing qualities were soon discovered and in her first race she won with a mark of 2.24 1/2. At Woodstock, N.B., the other day she won second money in the 2.28 trot and pace and in the heats she won, the best time was 2.23 1/2. Worst has been received in Perth that her winnings have been protested as it is alleged she is a "ringer" and her identification is awaited. Her present owner will not have the least difficulty in proving her identity. Jennie Hal has before her a promising future.

### Babe's Homers Help Business.

The Old Storeman at Broadway and 112th street, New York, smiled and let his cigar.

"Well, I see by the papers," he said, "that business is going to be good to-night and to-morrow."

"How can you tell that by reading the papers?" said the Old Storeman, grinning enigmatically. "The first thing I turn to when I get the evening paper is the sport page. Then I look to see how many homers Babe Ruth hit."

"But what's babe's home runs got to do with your business?"

"You see every time Babe hits a homer about fifty people throw away perfectly good straw hats. An' when he hits one in a pinch it's good for a hundred, anyway. Well, we gotta lot of ball fans in this neighborhood and they can't go around bareheaded, can they?"

### Not Likely to Eventuate.

That the Royal Nova Scotia yacht squadron is willing to co-operate with A. C. Ross, formerly M. P. of Victoria and North Cape Breton, but now of Montreal, in his efforts to construct a yacht in Nova Scotia to challenge for America's Cup but that the scheme, as at present propounded, is scarcely practicable, is the substance of remarks by one of the squadron officials discussing the project. Mr. Ross suggests racing funds throughout the dominion by public subscriptions, at the same time soliciting the co-operation of all Canadian yachting organizations.

### TIMES HAVE CHANGED

First Physician: We don't have the good old celebrations of the Fourth.

Second Physician: Right you are; formerly a man could count on something better the day after than simply a few minor operations.

### IN THAT CASE

She: It must be embarrassing to be baldheaded.

He: Well, I don't know, it would be if a girl wanted a lock of your hair.
