## FOR PERFECT BAIT CASTING-THESE ARE THE REELS

O CAST perfectly - without a back-lash, snarl or tangle - is over half of the real thrill and sport of game-fishing. To make every cast a perfect cast- is the added pleasure and joy which comes to anglers using the South Bend Anti-Back-Lash Reel or the new South Bend Level-Winding Anti-Back-Lash Reel.

It is impossible to make other than a perfect cast with either of these reels Both have the famous South Bend Anti-Back Lash feature, which in reality "thumbs" your reel for you. This device automatically stops the reel spool the instant your bait "lands" at the end of the cast.

The new South Bend Level-Winding Anti-Back-Lash Reel is a combination of the South Bend Anti-Back-Lash feature, with the Level Winding or spooling device of the celebrated Shakespeare. Upon reeling in, your line winds per fectly even and level. Come in and inspect both these reels,

## ONE HIT PER DAY

DEFEATED LAKEVIEW IN FAST GAME ON TUESDAY

Lakeview Pitcher Has Big Run of Strike-outs in Last of Game .-

Four Runs in First Innings. One could not ask for a better game than the one played at the Cricket Field on Tuesday evening cording to average released today, when the Wolfe Islanders put it over | widened the gap between himself the Lakeviews by six runs to five. Nothing appeared to mar the beauty of the occasion, as they say in the wedding ,write-ups, but the particular beauty in this case was doubtful. It might have been Spoor's batting or it might also be George Beswick's pitching, for both were pretty well

into the beauty class. Lakeview won the toss and went on the field with Saunders in the box. The Wolfe Island boys went after him in great style, slamming out five hits, three singles, a double and a triple. Four runs were reg istered before the game was well started. The Kingston bunch came of the field but might just as well have stayed on, unless they figured that they were tiring the pitcher.

Score 4 to 0 for Wolfe Island. The Islanders started off the second with a hit but the hitter was caught in a neat double play. The next man popped a fly to left field. Lakeview went out again in fast

Wolfe Island opened up again in the first of the third. Ryan and Spoor both got hits, Spoor's being a three-bagger. Both scored before the inning ended. Their scoring ended there and the other team's began. Saunders got a hit and was brought in by G. Beswick's hit. Beswick put out the side when he was caught stealing second. Score, Wolfe Island 6, Lakeview 1.

Islanders went out in the first of the fourth without getting anywhere but they were touching up Saunders in dangerous fashion. In the last of the fourth L. Rice and W. Beswick crossed the platter for Lakeview, making the score 6 to 3.

George Beswick went into the box for Lakeview in the first of the fifth. One hit was taken from him when he first went in and from then until the end of th game he allowed no hits and secured nine strike-outs. Starting in the first of the sixth he struck out seven consecutively until he came to Spoor in the eighth. After Spoor had gone under on a fly to third he secured two more, which certainly was some perform-

ance for even a hard worker. The Wolfe Island pitcher held steadily also. He allowed no hits until the last of the ninth, although a run was tallied for Lakeview in the sixth by G. Beswick. In the ninth, however, W. Rice worried Kyle for a hit and made it a run when Coulson secured another. Excitement was fairly high with the prospect of the score being tied but the Wolfe Islanders retired the side before any further damage was done.
