THE KANT KICK RELEASE IS A BOON TO MANKIND

If to-day you broke your arm—
How many of your plans would be upset?
How well could you afford it financially?
How many days could you spare from business?
How much would you pay rather than have it happen?
You can't lose and regrets will not mend a broken arm.
Just pick up your daily paper and read of such accidents.

10 MEN OF GOOD WILL

Archbishop of Canterbury Addresses Message From Lambeth.

The Archbishop of Canterbury has issued on behalf of the Lambeth Conference, the following letter:—
To all men and women of good will.

For five strenuous weeks the Bishops of the Anglican Communion throughout the world have been meeting in the sixth of what are known as our "Lambeth Conferences."

We are about to publish the results of our discussions in the form of a letter, to which are appended a series of resolutions and reports.

We have naturally addressed our words to those who share our Christian belief and acknowledge the authority of our office. Further, assembled at a time when the whole world is still shattered by sundering forces, we have been moved to address an appeal to all Christian people. We ask them to join in a new endeavor to realize the fellowship which the world needs, first and foremost within the Church of Christ.

Nor can we forget that we have sympathizers and allies beyond the frontiers of the Christian Society. To all men and women of good will who, along with us, have been watching, in deep concern, the waning of the moral resources of the world during these recent years, we desire to commend our work, in full confidence that they will find in it much that gives expression to their own thoughts and fears and hopes. We bespeak their considerate attention.

To them the future of the Christian Church can never be unimportant, for they, too, see in religion, and pre-eminently in the religion of Christ, a great potential force, strengthening individual character and cementing society; and these things, the strengthening of the individual and the cementing of society, are the very things which the world, on the morrow of the war, supreme catastrophe of the war, clearly needs for the reordering of its life.

They will not ignore the remarkable, perhaps unique, variety of experience, endeavor, and opportunity expressed in a gathering of 255 bishops, all in some marked sense prominent representatives of communities, great and small, existing in every part of the world and planted in all conceivable surroundings.

The efforts of the Christian Church to give effect to the principles it acknowledges and to pursue the ideal which it proclaims must needs be assisted in no slight measure by the considering sympathy of those who, under whatever description, are seeking the things of the spirit, and who believe that, as Jesus Christ said, "Man doth not live by bread alone."

It is for this reason that we desire even passionately, that our purpose should be fully understood, and that the efforts we are making for the bettering of human life on every plane may be fairly judged, and even eagerly helped.

For the hearts of men everywhere are being stirred by hopes of a better ordering of our common life. Yet the foundation on which it rests are being shaken. If these hopes are to be fulfilled, and these foundations rebuilt, there must be a rally of all spiritual forces. Men and women who believe in the power of the spirit within and without the Church of Christ must no longer keep apart. They must be drawn together by mutual respect and understanding. We who find our hope and strength in the Divine Redeemer Jesus Christ need, for the winning of His Kingdom here on earth, the help of all who are striving for justice, brotherhood and purity in the life of the state, of industry, and of the family. They, on the other hand, may gain fresh inspiration and steadfastness from the faith which we hold, and a new joy from the worship which we offer, wherein the spirit of man finds its rest in God.

We therefore take leave to think that the letter, the resolution, and the reports which we are about to issue merit the reading of all who justly claim to be good citizens. Patriotism, so fatal in its perversion, can become the very principle of an intelligent service of mankind when it is fired and sustained by spiritual forces and ideals.

Soldiers Get Allowance Instead of Free Clothing

Regulations recently brought into effect by the Department of Soldiers' Civil Re-establishment to do away with further free issue of clothing to D. S. C. R. patients. These regulations were based on a recommendation from the parliamentary committee on pensions and re-establishment. Instead of being issued with free clothing the men under D.S.C.R. will in future receive a clothing allowance of \$7 per month.

DROPPED DEAD ON STREET

John Leslie Watts, Patient at Sydenham Hospital, Expired Suddenly, Tuesday.

John Leslie Watts, late of the C. A. M. C., and a patient in the Sydenham hospital for some time, was suddenly overcome by heart failure while walking on Brock street between Bagot and Wellington street, about 3.30 p.m. Tuesday. He dropped to the walk and expired instantly. The officials of the Department of Soldiers' Civil Re-establishment located in the Golden Lion block, were notified and Dr. Clarke pronounced his death being due to heart disease. S. S. Corbett's ambulance was called and the remains were removed from an office into which it had been carried, to John Cornelius' undertaking parlors.

The late Pte. Watts was thirty-one years of age and resided at Harrowsmith previous to the war. He enlisted in the C. A. M. C., but owing to illness did not get further than England. While there he was married, and his young wife came to Canada with him upon his return last September, and she resides at 108 Clergy street. The news of his sudden death was a severe blow to her, as she is not in robust health at the present time.

CATARAQUI GARDEN PARTY

Held at "Heathfield" Tuesday Evening—The Event Was Largely Patronized.

A very successful garden party was held at "Heathfield," the pretty home of Mr. and Mrs. Percy Ward on the Bath Road, on Tuesday afternoon. The grounds were nicely decorated with bunting and colored lights, and there was a large assemblage from the city and surrounding districts. Many novel devices were installed, and a very substantial sum was realized to be devoted to the work of the Ladies' Aid Society of the Cataraqui Methodist church. The ladies in charge of the tables were Mrs. James Cook, Mrs. B. Kish, Mrs. A. E. Saunders, Mrs. Peter Morley, Mrs. George Nicol and Mrs. Thomas Guesse.

In the evening, Rev. E. Richardson Kelly acted as chairman during a splendid entertainment, which was much enjoyed. Those who participated were Dr. J. W. Edwards, M.P., Miss Stewart, Sydenham, Mr. and Mrs. Rowney, William Laird, Miss Peters and Miss Phelp.

Regard Scheme on a Business Basis

A new note was added to the gratuity issue Monday night at Central G. W. V. A., Toronto, when a prominent member of Kingston G.W.V.A. emphasized his opinion that the gratuity scheme as outlined under the constitution of the G. W. V. A., a dollar a day according to length of service, was based upon the reasonable assumption that the C. E. F. soldier was paid at the rate of a dollar ten a day during war service; that the dollar in 1914 was worth a hundred cents; that it was worth only 70 cents at the end of 1916, and only 48 cents at the end of 1918, and that the returned man was entitled to the difference in valuation of the dollar during his period of service. It was pointed out that this argument was based upon purely business principles, and proved unanswerable even to hard-headed business men. This is an argument which will be taken up in the near future. In the meantime, it was pointed out, unity of the veterans was the main issue confronting the returned man.

Dental Office Thieves May be Organized

Is there an organized gang of thieves at work in eastern Ontario, paying special attention to dental offices?
It would look as if this is the case. On Sunday last, two Kingston offices were entered and robbed, and word received from Ottawa is to the effect that the office of Dr. E. F. Price, Sparks street, was also entered during the week-end and a sheet of gold with some gold scraps taken. Nothing else was found missing. Dr. Price found that the lock on his door had been picked.
The police in Ottawa are of the opinion that the theft was committed by a "specialist," owing to the fact that a similar burglary was reported in Kingston.
The first church organ in Boston was put into King's Chapel in 1713, but so great was the prejudice against it that for seven months it stood unpacked in the vestibule of the church.
