THE GRAND OPERA HOUSE NEW ORCHESTRA

GERALD A. RADCLIFFE
The talented director of the newly-organized Grand Opera House orchestra.

An outstanding improvement made at the Grand Opera House for this season has been the selection of a well-balanced orchestra under the leadership of G. A. Radcliffe. Mr. Radcliffe has had ten years' experience in theatre orchestras, having been a pupil of Prof. Steindorff in England, and is eminently qualified to bring the Grand Opera House orchestra to a high state of efficiency. Although the house has only been opened a comparatively few days, many favorable comments have been made about the music that is being rendered.

Associated with Mr. Radcliffe are Albert Milner, the well-known piano and organ player; A. J. Watson, cornet; C. Williams, trombone; W. Aldridge, flute; H. Secker, bassoon, and J. McGill, traps. Rehearsals are being held frequently and it is the intention of Mr. Radcliffe to render only the very latest music. He has been in touch with a number of houses in New York and is assured that popular and musical comedy hits will be sent to the Grand Opera

Tuesday is considered unlucky for weddings in Spain. There are over 600 private schools in London. Contentment may be better than money, but it is equally scarce.

The average girl never hears of a transaction involving an engagement ring without wishing she had a finger in it. The bashful lover is always in hot water while trying to break the ice.
