### Found Four Miles Away.

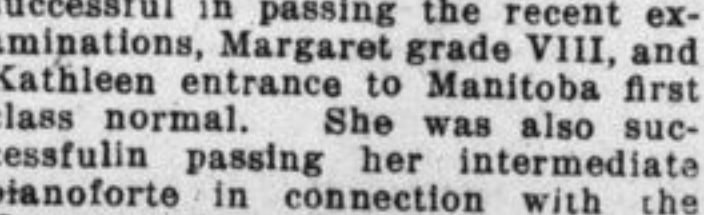

The four-year-old daughter of Mrs. David Prunie, Carleton Place, wandered away. At night the town was aroused and searchers went in all directions. He carried a lantern and his light almost stood on end when his light revealed a little child lying on the grass alongside the animal. The child in her bare feet had travelled that long distance, going ahead without any purpose and without crying—just on, and on until she wandered into the pasture where the cow offered her the closest approach to a symbol of human kindness.

Guns for Renfrew.  
Two German trophies allotted to Renfrew have arrived and placed in Low square. They are both formidable engines of destruction and have evidently been through some hard service. One is an 18-pound field gun, the other a 4.5 seige howitzer. The guns were captured in the war by the 3rd Battalion of Toronto. There were a number of Renfrew men in that unit, including J. M. Airth, a cousin of the chief of police.

Baby Had Narrow Escape.  
What might be called a miracle occurred at the home of Mr. and Mrs. Ed. Rivers, Otter Creek, near Tweed, on Sunday. The four-year-old son went to his father, complaining of a sore wrist, which proved to be burnt. When asked how he did it he led them upstairs which was filled with smoke. On investigating they found the mattress was burning on the bed where their 8 months old baby was sleeping, and was found unburnt which is remarkable under the circumstances. The lucky discovery of a fire extinguisher revented what would have been a disastrous fire.
