Collier's Toggery The Only Store Where You can buy DR. HAWKINS INVISIBLE BELTS

YEAR 87: NO. 219.

KINGSTON, ONTARIO, FRIDAY, SEPTEMBER 3, 1920.

LAST EDITION

DRURY ASKS FOR FAIRNESS

Presents His Hydro Radial Views to Ontario Municipal Association.

Toronto, Sept. 3.—Before the Ontario Municipal Association this morning, Premier E. C. Drury again seized the opportunity to present his views on the hydro radial commission and to answer criticism of municipal representatives. The premier pleaded for fairness and unselfishness, stating that he was "merely a man, who wanted to know in order to do my duty." The government believed itself responsible, he reaffirmed.

THE WORLD'S TIDINGS IN CONDENSED FORM

Italian metal workers have decided to cease all factories in Lombardy. Scranton, Pa., hard coal men have signed a contract for two years. Toronto schools have enrolled hundreds of pupils who cannot speak English. Bread prices will be reduced in Montreal this month or beginning of next. An airplane service is to be established between Seattle and Victoria, B.C. In the collapse of a hangar at North Sydney, N.S., one man was killed and two were badly hurt. The French president is to resign office at the expiration of his term. Premier Millerand is to succeed. C. H. Sproule, assistant provincial treasurer, has retired under superannuation and his place will be taken by C. A. Mathews, private secretary to the minister. While no date has yet been fixed for Thanksgiving, it is said in government circles that it will likely be the 18th of October, or possibly the 11th.

Give Polish Troops Enthusiastic Reception

Warsaw, Sept. 3.—Polish troops have entered Swalki, nineteen miles north of Augustow, and were given an enthusiastic reception, according to an official statement issued here. Gen. Budenny, Russian commander, attempting to break through the Polish lines in Galicia, and who has apparently suffered a decisive defeat, is rapidly retreating, it is said.

DURNAN WILL ROW ANYBODY OVER 45 YEARS OF AGE

"I'll row anyone in the world over forty-five years of age," said Eddie Durnan, American professional champion, when asked about the defeat of Felix at the hands of Barry in Australia on Saturday. Durnan is over fifty years of age, but his ability as a sculler is unquestioned in the professional ranks. His last attempt with Barry he was beaten by two lengths, while Felton lost by nearly a dozen lengths. Durnan is willing to row for any amount and in any place to be agreed upon.

Morrow Trains His Son

Rev. John D. Morrow, the well-known sporting parson is training his oldest boy, Hugh John Morrow, aged 13, for the boy's race at the Toronto exhibition meet. If the youngster can only move along like his famous dad did in his younger days he will make the same of Morrow ring all over Canada. Though Rev. Mr. Morrow is only able to get about on crutches, the result of some mysterious ailment, he is giving the lad thorough instruction into the mysteries of sprinting. The boy's first venture into open competition will be awaited with interest. He is only 13 years old and will be giving away two years to his opponents, but at that Elwood Hughes thinks he will be "in the money."

Big Industrial Crisis

London, Sept. 3.—The Evening News asserts the triple alliance of labor, the railway men, transport workers and miners, will not adopt mediation between the miners and the government, but on the contrary the railway men and transport workers have pledged full support to the miners should a strike be decided upon at tomorrow's conference of delegates of the three unions.

Agree to Transfer

Copenhagen, Sept. 3.—The Lettish government has agreed in principle to the transfer of the Russo-Polish peace negotiations to Riga. This announcement is made in a despatch to the Lettish press bureau here from Riga.

WILL NOT ALLOW IRISH SECESSION

London, Sept. 3.—Sir Hamar Greenwood, chief secretary for Ireland, declared at Lucerne that if the Sinn Fein had been willing to accept anything less than complete Irish independence, Premier Lloyd George's proposal to meet Irish leaders would not have remained unanswered. He reiterated the government was willing to grant Ireland any form of government acceptable to the majority of the people, so long as the rights of the Empire should be employed to prevent secession in Ireland.

BOY IS MENTALLY DEFECTIVE

Arnel Love Must Not Return to His Former Home. Toronto, Sept. 3.—The confession of Arnel Love that he murdered his mother, for which crime his father was hanged at Owen Sound, has been shattered by statements made by him since he has been under the observation of alienists at the Queen Street Asylum. The story he told at the trial has been compared with his confession and with statements made by him since his confinement, and the doctors are now convinced that he had nothing to do with the actual killing of his mother. From the confession made by the boy, and certain peculiarities noticed since his confinement, the authorities are of the opinion that Arnel Love is a mental defective and must for some months yet remain under observation and treatment. Whether or not he will recover sufficiently to secure his release cannot be decided now, but if it is given him freedom it will be conditional upon his not returning to Grey county, where the murder was committed.

LINDSAY MAN SAID TO BE A BIGAMIST

Alleged to Have Brought Bride Across Atlantic, While Having Wife in Canada. Lindsay, Sept. 3.—Chief Short has received word from Toronto police regarding a young Lindsay citizen who is said to be charged with bigamy. It appears that the man in question brought a young bride across the Atlantic at the expiration of the war, left her in Toronto, while at the same time he had a wife living in Lindsay with whom he resides. Investigation is being made at the request of the Toronto police.

Deny That Deschanel Has Written Resignation

Paris, Sept. 3.—Official denial has been issued by the Elysee Palace of the reports published by provincial newspapers and widely circulated in Paris that President Deschanel, at the request of Premier Millerand, had tendered a letter of resignation from the presidency. Well-informed circles however insist that M. Deschanel will not return to Elysee Palace. His probable successor is being openly discussed by politicians.

ELECTION FIGHT GETS HOTTER

In Colchester County, Where Farmers Are Opposing Hon. F. B. McCurdy.

Ottawa, Sept. 3.—Hon. R. W. Wilmore, minister of Customs, leaves today for St. John for nomination on Monday. The minister is expected to be elected by acclamation. From Colchester county, where Hon. F. B. McCurdy is sure to be opposed by Capt. Dixon, the news is quite different, and it is frankly acknowledged in government circles that the new minister of public works is having quite a fight on his hands. Farmers have brought many outside speakers into the constituency and the fight is getting hotter every day.

Record Flight to Camp Borden.

Ottawa, Sept. 3.—Flying from Ottawa to Camp Borden about three hundred miles, with two passengers, Capt. G. O. Johnson of the Canadian Air Force, set what is probably a record in Canada. The journey from Camp Borden to Ottawa took half an hour longer. Capt. Johnson was accompanied by Col. Scott, director of civilian flying.

AN EMPTY LAUNCH POINTS TO TRAGEDY

Found Pounding Against the Rocks—An Owen Sound Man Missing.

Depot Harbor, Ont., Sept. 3.—A small gasoline launch was found pounding against the rocks at the harbor entrance during a squall on Tuesday night. The engine was running and the boat contained a camping outfit and a man's coat and hat. This morning a search party arrived from Parry Sound and identified the boat as belonging to Henry Kerr, missing from his home in that town. An all day search has revealed nothing more.

A. J. Balfour Replies To Soviet Minister

London, Sept. 3.—Arthur J. Balfour, lord president of council, yesterday replied to a despatch of M. Tchitcherine, Russian Bolshevik minister, sent on August 24th. Mr. Balfour expresses gratification that the Soviet government renounced its demands for a workers' militia, but declares that Tchitcherine is mistaken in supposing that the British government recognized that the reduction of the Polish army to fifty thousand men would be just peace terms. What the British government said was that Great Britain would not consider it sufficient ground for active intervention.

Resigns Because Parleys Transferred to Riga

Warsaw, Sept. 3.—M. Danishevski has resigned as head of the Russian delegation negotiating an armistice with the Poles, and has been replaced by Adolph Joffe, former Soviet ambassador to Germany, according to Moscow advices. M. Danishevski resigned because the Soviet government agreed to carry on further negotiations with Poland at Riga. The personnel of the new Soviet delegation is not at present known, but will be communicated to the Polish officials later.

Canadian Doctor Is Safe In Montenegro

Winnipeg, Man., Sept. 3.—News was received in Winnipeg today from Dr. F. W. Burnham, representing the Canadian War Hospital fund at Duljina, Montenegro. The letter, which was dated August 2nd, said the doctor was in no danger. A recent despatch from London reported that Dr. Burnham, along with other workers, had been ordered to leave Montenegro, but so far no confirmation of this has been received.

To Unveil Cartier Statue

Quebec, Sept. 3.—Hon. Arthur Meighen, prime minister of Canada, will be in Quebec on Monday, to be present at the unveiling of the monument to Sir George Etienne Cartier in Montmorency Park.

McSwiney Grows Weaker

London, Sept. 3.—Report made on Mayor McSwiney's condition this afternoon said he was rapidly approaching unconsciousness. He was too weak during the morning to carry

Rescue Submarine Crew From Bottom of Ocean

Philadelphia, Sept. 3.—Radio messages, flashed from the transport General Goethals to the Navy Yard here, told of the rescue early to-day of the officers and crew of the submarine S-5, after they had spent nearly two days locked in the disabled vessel beneath the Atlantic ocean, fifty-five miles south of Cape Henlopen. It was after three o'clock this morning that Lieut. Commander Cooke, the last man to leave, was taken aboard the steamship Alanthus. Nine hours had elapsed since the plight of the undersea boat had been made public through a wireless call picked up by an amateur operator at Farmington, Conn.

THIS "AMBASSADOR" MUST LEAVE FRANCE

London, Sept. 3.—George Gavan Duffy, so-called ambassador of the Irish, recalled to France, has been given twenty-four hours in which to leave France, it was officially stated here today.

GOOD QUALITY CROP WITH A FAIR YIELD

Threshing is in Progress in All Sections of Western Canada.

Winnipeg, Sept. 3.—The grain fields throughout western Canada present a continuous scene of harvesting activities, according to a crop report issued today by the Canadian Southern Manitoba wheat cutting has practically been completed and threshing is in progress in all sections, and many farmers have finished and are now engaged with their fall plowing. In central and north-western Manitoba from 60 to 70 per cent of the wheat cutting has been done and threshing will be fairly general this week.

In central Saskatchewan and Alberta cutting is also well advanced and threshers are appearing in the reports in greater numbers every day. Rapid progress has also been made in southern Saskatchewan and Alberta with the threshing of the crops and plowing operations are following close upon the threshers.

Up to the present the weather has been favorable for the harvest. A few days delay has been caused by rain, but indications are that the grain will be cleaned up in good shape and in good season.

From all parts of the country the reports are that the grain is of good quality and the yield from 15 to 40 bushels, to the acre. The western yields seem to be in Alberta, but the other provinces also report some crops that yield from 25 bushels an acre upwards.

CHINA MAKES STRIDE IN BUSINESS WAY

Fertile Field for American Enterprise, Declares Trade Investigator.

New York, Sept. 3.—China, for centuries the unprogressive nation whose glory was in the past, is forging ahead in business ways that rival the most aggressive American progress, William P. Baker, general purchasing agent of the Western Electric company, declared here today in a resume of trade investigations he had made during a six months tour of the world. "China presents a most fertile field for American enterprise," he said. "Despite an occasional military effort by some small minority, that nation is a hive of industry. Labor seems plentiful and, what is more important, cheap. In fact, the latter feature is so true that capital has a clear way for productive plans and new fields of effort.

"The Chinese business men, especially those who have been educated abroad, are adopting American and British methods and are forging ahead. Exchange working to the advantage of China, in its position in other countries."

India, ancient land of mystery, also, is making big strides commercially, with Americans there as in other eastern territory laying foundations for future trade, Mr. Baker said. The Hindoo is beginning to make himself an important factor in business and political circles.

BAIRNSFATHER FINED

London, Sept. 3.—At Bow street police court before Chester Jones, Captain Bruce Bairnsfather, of Bishopston, Stratford-on-Avon, was summoned for exceeding the motor-car speed limit while driving in Constitution hill, Green Park, on June 29, 1919, for disregarding a constable's signal to stop. A police sergeant stated that the car covered 27 miles per hour. When a constable signalled to the defendant to stop he slowed down, and then accelerated and drove off at a great speed. W. H. Champness, prosecutor, said that Captain Bairnsfather was fined 10s for exceeding the speed limit, and 25 for failing to stop.

Old Livery Stable Becomes New Garage

Alexandria Bay, N.Y., Sept. 3.—The season at the Bay is still in full swing and everything seems to indicate that the rush will last well into September. In order to provide accommodations for the large number of automobile tourists another large garage has just been opened to the public.

Incidentally this marks the passing of an old landmark, and reminder of the horse drawn era. The place known to the older summer residents for 30 years, as Ackerman's livery is now a relic of the past. In its place is Ackerman's garage, a new building of modern construction.

SWEPT FROM LIFE

Autos Kill 160 Persons in Month of August. New York, Sept. 3.—One hundred and sixty persons were killed by automobiles in New York state during August, 61 of them here, according to the monthly report of the National Highway Protective society. Trolleys killed two here during the month and one upstate. Wagons caused three fatalities here and one outside the city.

Sixteen automobile occupants were killed at highway railroad grade crossings in the state outside New York city.

MILITARY RAID DUBLIN PLACES

Prisoners Taken And Sinn Fein And Gaelic League Documents Seized.

Dublin, Sept. 3.—Wholesale raids on headquarters of the Sinn Fein and Gaelic League throughout southern Ireland were made by Government forces yesterday and to-day. Many persons were rounded up and great quantities of documents were seized. Some of the prisoners were taken to Cork while the destination of others was not known.

Among the places raided was the plant of "Young Ireland," the organ of Arthur Griffiths, acting-head of the Sinn Fein.

Danger of Famine in Belfast. Belfast, Sept. 3.—The danger of famine has been added to that of civil warfare as the result of transportation being paralyzed following continuous riots here between Orangemen and Catholics. Many laborers' homes were reported to be without food.

Despite the arrival of strong military reinforcements yesterday the fighting grew in scope and violence. The casualty list was increased by four dead and fifty wounded, making the total since last week twenty-three dead and 259 wounded.

Rain was greeted with relief by the military in the hope that it would discourage rioting. The soldiers instead of being grouped at street corners, were posted in doorways and other vantage points to deal with snipers.

Soldiers shot one of their own men while chasing a sniper, the pursuer being mistaken for the man he was chasing. A civilian wounded in Tuesday's rioting died.

McSwiney Much Weaker

London, Sept. 3.—Terence McSwiney, lord mayor of Cork, is reported to be sinking rapidly and to be very much weaker. His statement of his condition was made by Sean McSwiney, his brother, after he left prison this afternoon. Father Dominic, private chaplain to the lord mayor, celebrated special mass in the prison this morning.

TWO MEN KILLED IN STONE QUARRY

One Crushed Under a Stone and the Other Struck by Derrick.

Brampton, Ont., Sept. 3.—A terrible tragedy occurred at Rogers' quarries in the Caledon Mountains, about sixteen miles from here, when two men lost their lives. The men were Alec Henry, forty-five years of age, and Albert Maynard, twenty-three years of age. They had been taking stone out in the quarry when the derrick collapsed. Maynard fell under the stone that was in process of being hoisted and Henry was struck by the beam of the derrick. Maynard was killed instantly, but Henry lived for a few minutes. His leg was broken and he sustained internal injuries. Henry leaves a wife and one child, and Maynard also leaves a wife and one baby daughter. Deep sympathy is felt for Maynard's parents, as he is the sixth of the family to meet death from other than natural causes. Three brothers were killed in action and one was drowned.

SELLING HIS FARM TO RESTORE CHURCH

Elder of Men Who Burned the Building Has Made Restitution.

Sudbury, Sept. 3.—Felix Courchesne and Ferdinand Rochon, the two Bigwood farmers who pleaded guilty some weeks ago to having burned down the Roman Catholic church at Bigwood on June 24th, at the installation of a large number of parishioners of a large number of parishioners, were allowed off on suspended sentence by Judge Kehos here this morning. Courchesne, the older man of the two, has sold his farm and the proceeds will go to make due restitution. The burning of the church was the culmination of a three-year controversy regarding the situation of the edifice which was first erected by order of Bishop Scollard. The two men were apprehended immediately after the crime, and acknowledged their guilt when arrested.

Free for Two Years; Captured in Woods

Truro, N.S., Sept. 3.—Lawson Spence, a fugitive for two years, who is alleged to have terrorized the countryside round about Londonderry, was captured yesterday by a posse of police from Londonderry, following an exciting chase through the Port au Pigeon hills.

The Ulster Council Appeals to Loyalists

Belfast, Sept. 3.—Most urgent and important business, says an official report, was transacted at a meeting of the Ulster Unionist Council to-day, in connection with the grave situation facing the loyalists of the province. Certain proposals were adopted unanimously with a view to meeting the demands for full and immediate protection of those whose lives are imperilled by the present disturbances, the report adds. Meanwhile the council earnestly appeals to all loyal subjects of the king to assist the authorities in maintaining order.

TELEPHONE HEARING OPENS ON 21ST

Ottawa, Sept. 3.—The hearing in the Bell Telephone company's applications for increased rates will open at Ottawa, September 21st, according to information received at the railway commission's office this morning. It will be a preliminary hearing, when the company will be given an opportunity to present its case.

MIXED FARMING URGED BY CANADIAN MINISTER

Make Live Stock the Basis, Hon. Mr. Toimie Tells Quebec People.

Sherbrooke, Que., Sept. 3.—Mixed farming with live stock as a basis was the advice given to Canadian farmers by Hon. S. F. Toimie, Federal Minister of Agriculture, in addressing a luncheon tendered by the Directors of the Great Eastern Exhibition here, at which he was the guest of honor. A note of warning was sounded by the Minister, who expressed the fear that Canada might be repeating the history of other sections of North America in impoverishing the land by the ruinous one-crop system. He based this fear upon the figures, which show 11,000,000 acres sown to wheat in 1911 with an average yield per acre of 20 bushels against the 19,000,000 acres sown to wheat in 1912 with an average yield per acre of 10 bushels.

Dr. Toimie urged greater production, and to that end begged the farmers to take advantage of the opportunity offered by the colleges of agriculture under the Department of Agriculture for obtaining information and assistance with regard to modern scientific methods of farming.

"APPLE AND PEACH TREE FRUITED DEEP"

"Fair as a Garden of the Lord" is the Country Around Ruthven.

Ruthven, Ont., Sept. 3.—The apple orchards in this district are doing sights, with their enormous crop of apples, and many trees are breaking down under the load of fruit. The peach trees are also loaded, and hundreds of bushels of the fruit have already been shipped.

The fact that the "katydids" have not yet begun their late summer song is taken by the weatherwise to indicate that there will be no frost in this section for at least two months. The blackbirds, which have been quite numerous here this season, are, however, already preparing for their trip to southern climes.

TRUE BLUE ORPHANAGE BUILDING NEXT SPRING

Already \$95,000 Has Been Raised of the \$300,000 Objective.

Oshawa, Sept. 3.—Work is to start next spring on the new \$300,000 orphanage for the Grand Lodge of the Royal True Blues at the corner of the north of Richmond Hill. The forty-sixth annual session of this organization is now being held in Oshawa, and Supreme Grand Master W. G. Farley, in his report to the meeting, stated that already \$95,000 has been raised of the \$300,000 objective, and that building would be proceeded with next spring. This will replace the one now in Picton.

There are 150 delegates here from all of Eastern Canada. S. G. M. W. G. Farley of Toronto, was re-elected to the office at the election this morning.

TO PROTECT SHIPMENTS

Stronger Police Force On G.T.R. Main Line.

Brockville, Sept. 3.—In order to give more adequate protection to the interests of the company and to attend to the Grand Trunk Railway's material strengthening of its police force on the main line between Montreal and Toronto. Under the plan Brockville will be the headquarters of five extra constables, making a total of seven to be placed here. The force has sustained some heavy losses through theft, particularly of liquor shipments, and is taking this means of safeguarding its interests.

Free for Two Years; Captured in Woods

Truro, N.S., Sept. 3.—Lawson Spence, a fugitive for two years, who is alleged to have terrorized the countryside round about Londonderry, was captured yesterday by a posse of police from Londonderry, following an exciting chase through the Port au Pigeon hills.

A Drop is Anticipated in U.S. Foodstuff Prices

Washington, Sept. 3.—Crop indications for 1920 are so favorable that in spite of increased railroad rates and other factors tending to increase costs, a decided drop in the price of all staple foodstuffs should take place this autumn.

The statement was made today by crop experts at the Department of Agriculture. Wheat, the record crop raised last year, and the corn crop promises to be a record-breaker.

RANEY'S SPEECH CAUSES STIR

Bar Association Does Not Favor Abolishing Appeal to Privy Council.

Ottawa, Sept. 3.—Hon. W. E. Raney, attorney-general for Ontario, has stirred up somewhat of a hornet's nest in the Canadian Bar Association, by broaching his scheme for the abolition of appeals to the privy council and also for Canadian government recommendation as to who shall be appointed governor-general.

It is claimed that Mr. Raney abused the privileges accorded him of moving a vote of thanks to Viscount Cave in giving vent to his views. The subject was not on the agenda and it is said that it will be made clear that Mr. Raney spoke only for himself. Moreover, some advocate eliminating his remarks from the record.

Sir James Aikie would not comment on the subject except to question his opening address in which he raised the question, having two sides might be a proper one for discussion.

H. H. Dewar, K.C., observed that it was the same scheme as Mr. Raney had to withdraw at the last session of the legislature.

"He spoke for an hour and a half then, and he has abused the privilege again when called on to move a vote of thanks, Mr. Raney speaks only for himself, and not for the bar of Ontario."

A similar view was expressed by W. E. White, K.C., the veteran lawyer of Pembroke, who added that it was in bad taste to advocate abolition of appeals to the privy council when moving a vote of thanks to a member of that body.

GEDDES POINTS OUT TASK BEFORE CANADA

Her Fortunate Situation Places Moral Burden Upon Her Shoulders.

Ottawa, Sept. 3.—Canada must take her share, for which she is fortunately situated, in the building of a "golden bridge of sympathy" between the British Empire and the United States, over which will be crossed the chasms of ignorance and the abyss of misrepresentation. It is successful, that bridge will be the first foothold step toward world peace. We can then face the future to deal with the problems that must be dealt with before the world returns to peace. If the bridge failed, if trouble arose between the English-speaking nations, then it would be first foothold step toward world peace. We can then face the future to deal with the problems that must be dealt with before the world returns to peace. If the bridge failed, if trouble arose between the English-speaking nations, then it would be first foothold step toward world peace. We can then face the future to deal with the problems that must be dealt with before the world returns to peace.

WOMAN FAILS TO SWIM ENGLISH CHANNEL

Is Forced to Abandon the Attempt Near South Goodwin Sands.

London, Sept. 3.—For the second time a woman has attempted to swim the English Channel and failed. Mrs. Arthur Hamilton, daughter of the late Sir Charles and Lady Fair
