Hon. Manning Doherty, minister of Agriculture in the Ontario Legislature, will open the Napanee fair on Sept. 14th.

JADE GREEN CHIFFON GOWN

This evening creation of jade green chiffon will be "just the thing" for tanning evening wear. Violets, orchids and crystal beads make this lovely gown one that appeals.

Greece, by royal decree, has adopted 24-hour time for general use.

ABOUT THE LATE NECKWEAR

Separate Collars, Scarfs, Net Frills, Jabot Ruffles, Ribbons and Beads in Favor.

This is a season of neckwear. The shops are full of lovely "separate" collars, and that, of course, is an indication of the style for separate bits of white and colored neckwear.

There is, perhaps, nothing new that might be used for neckwear. Within the last few years we have used batiste and handkerchief linen, organdie and net, lace and crepe de chine, tulle and embroidery. These things are still used, all of them, for neckwear. It is just the way they are used that makes them reasonable.

For one thing, there are batik scarfs of silk this season. They are lovely in color and design.

Then there are lovely waistcoats of brocaded and embossed ribbons. Net frills are fastened on the edge of organdie collars and jabots.

Fine handkerchief linen is heavily embroidered in satin stitch. Sheer, cobwebby lace is used to form jabot ruffles, attached to high collars, that suggest the beruffled shirts of the dandies of bygone days.

Not exactly neckwear, but in these days sensibly classed with it, because it all goes to produce the right effect at the neck finish of the bodice, is the head chain. Some new ones are made of ribbon and beads. The ribbon forms the center part of the chain, and at each end of the ribbon, a strip perhaps three-quarters of a yard long, there is attached a chain of beads.

CHARMING GARDEN FROCK

Here is shown one of the season's garden frocks. It is composed of a white silk skirt with an unusual old gold blouse, set off by a broad-brimmed white hat.

BLOUSES FOR SPRING WEAR

Over Garments to Accompany New Tailleurs May Be Constructed From Tricolette.

To accompany the charming new spring tailleurs there are the most delightful blouses of tricolette. All the lovely pastel shades, too, are being worn, with perhaps a preference for the new parrot green. And, by the way, not in many seasons has any color been taken up so quickly as the spring shades of green. But then there are those soft shades of rose, French blue, violet gray, raspberry, orange, cream, sand and apricot.

These unusual blouses assume the lines of the Balkan model and are of hip-length, with short sleeves and round neck. The blouse is sometimes made into a broad band at the hips and puffed over gracefully. One tricolette blouse in this style, chosen green for its color and trim of the neck and sleeves with bands of cut steel beads.

"The overblouse to be smart must be simple and have good lines," says one authority, and that's why these new tricolette blouses are among the leading models of the season. A stunning blouse to accompany a suit of gray duvetyn was developed in raspberry colored tricolette. It was a basque effect with round neck and brief kimono sleeves. Odd motifs of wool in various colors graced the front and lent not a little charm to the silky fabric.

Round Hat is Passé. As far as Paris is concerned the round hat is passé, at least so runs the report. Shapes are irregular being broken on the sides and in front, the Breton style being popular. Silk plush crowns with a straw facing are shown, while a partiality is evidenced toward hats of taffeta and satin with medium height crowns.

Hats of Black Lace. Hats of black lace, with and without straw, mallines or tulle, are much in evidence. Many—in fact most—of these hats are on the large picture-glass order.

R. J. Crawford left for Calgary after a month's visit with his father, James Crawford, Bethel.

To Represent Hospital. Ottawa, Sept. 7.—The international financial conference, called under the authority of the league of nations, at which Hon. Hugh Guthrie, minister of militia, will represent the government of Canada, will meet at Brussels on Sept. 23. G. C. Cassels of the Bank of Montreal, London, and J. H. Gundy, of Toronto, are other delegates representing Canada.

The \$30,000 shipment of liquor, seized nearly a month ago at Cardinal while bound for Sarnia on the steamer Samuel Marshall, is still under guard at Prescott, heavily insured, and will remain there until September 16th, when the case will be heard.

Mrs. James Ansley left on Thursday for her home in Killam, Alberta, after visiting friends in Napanee and vicinity. Miss Ada Asseltine accompanied her to the west, where she will visit her brother and sister. Dr. S. F. Leavine, Elgin, assistant physician on the staff of the Ontario Hospital, Brockville, for the last few months, has resigned and will enter into general practice at Merrickville.

The Beauty of The Lily can be yours. Its wonderfully pure, soft, pearly white appearance, free from all blemishes, will be comparable to the perfect beauty of your skin and complexion if you will use

Craftsman Fabrikoid

—the practical upholstery for doctors', lawyers', dentists', and other professional men's offices.

—an upholstery that is sanitary, vermin-proof and dirt-proof, and at the same time possesses that rich attractiveness attributed in the past only to leather.

Have your shabby furniture re-upholstered today. Tell your furniture dealer you want it done in Fabrikoid. There are several shades and several qualities to select from—a range that guarantees something to meet with your satisfaction.

And whatever your selection, you will find Fabrikoid superior in every way to any furniture covering you have ever had. It is economical—costs less than other first-class upholsteries, and wears ten times as long—it is absolutely impervious to water, grease, the stains of medicines or drugs. It will not absorb the moisture from the human body as leather or cloth do.

Fabrikoid is the practical upholstery for public offices because it can be cleaned quickly with a damp cloth. This alone commends its use in those places where visitors are of a mixed type.

Have your furniture done over today—in Fabrikoid. Your dealer can do it.

Canadian Fabrikoid Limited
Head Office, Montreal

Halifax Toronto Sudbury
Winnipeg Vancouver

Most of the motor cars in Canada today are upholstered or topped with Fabrikoid.

You will like Lantic fine!

For BAKING. For pound, tea and sponge cakes, coffee cakes, angel cake, layer cakes, fruit cakes; coconut cakes, pork cakes, nut cakes, short cakes, macaroons and biscuits, crullers, rolls, buns—ALL cakes—Lantic creams quicker with the butter—because it's FINE.

For BEVERAGES. For tea, coffee, cocoa, lemonade, root beer, orangeade, lemon pop and fruit punch—in fact for all home-made beverages—use LANTIC. There will then be no wasted spoonful left at the bottom of the cup or glass—because it's FINE.

FINE in granulation—finer than all other sweeteners in actual use—finest in results obtained. "Fine" has many meanings to the Lantic user! In snowy glistening crystals of pure cane sugar—all sugar and nothing else—Lantic brings you concentrated sweetening. And because each crystal is fine and even, Lantic dissolves at once—it instantly delivers its great sweetening power without hesitation. Of course it goes farther. Of course it costs less. Of course you will like it fine.

In **PRESERVING** late fruits such as pears, plums and peaches, it eliminates the danger of over-cooking, which robs fruit of its natural color and shape, and some of its flavor.

In **BAKING**, Lantic creams quickly with the butter—which makes the cake light and dainty. Creaming need not be tedious.

In **CANDY-MAKING** fine granulation gives candy a soft velvety quality. Most of the highest grade chocolates and finer candies are made with Lantic. The exquisite "velours" of the best chocolate creams comes from Lantic fineness.

In **TEA or COFFEE**, in fact in all beverages (hot or cold), every Lantic crystal dissolves at once, yielding readily the full sweetening of the purest cane.

ATLANTIC SUGAR REFINERIES, LIMITED
MONTREAL

10 lbs 20 lbs 40 lbs 100 lbs 5 lbs 2 lbs 20 lbs

For PRESERVING. For peaches, pears, plums and grapes—if you use Lantic you can smile at the old-fashioned "Let it simmer until all the sugar is dissolved." While yet the fruit retains its beautiful color and attractive form, the preserving is done!—because it's FINE.

For CANDY-MAKING. For fudge, candy, butterscotch, caramels and fondants, wafers and maple creams; marshmallows, peppermints, peanut brittle, candied fruits, and of course all things; Lantic has the call for the best candy makers because it's FINE.
