

STOPPED HER HEADACHES

Years Of Suffering Ended By "Fruit-a-lives"

112 HAZEN ST., ST. JOHN, N. B.
 "It is with pleasure that I write to tell you of the great benefit I received from the use of your medicine 'Fruit-a-lives', made from fruit juices. I was a great sufferer for many years from Nervous Headaches and Constipation. I tried everything, consulted doctors; but nothing seemed to help me until I tried 'Fruit-a-lives'."
 After taking several boxes, I was completely relieved of these troubles and have been unusually well ever since". Miss ANNIE WARD.

POSTMASTER FIFTY YEARS

Long Service of Robert Tennant—Mallorytown's New Consolidated School.

ROBERT TENNANT
 Recently when a representative of the Whig paid a visit to the village of Mallorytown, he had the pleasure of meeting one of its oldest residents in the person of Robert Tennant, who has been postmaster of that village for nearly half a century. Mr. Tennant, who on April 17th next will be eighty-five years of age, was born in Caintown, the same township in which he resides at the present time. His father, who was a Scotchman, was a tailor by trade.

On February 6th next, Mr. Tennant will complete fifty years of service as village postmaster. Three years of this time he acted for the late Frederick Lee. He was appointed to office by the late Sir John A. Macdonald. Seventeen years ago the post office was broken into, the safe blown to pieces, and a quantity of money was taken. Fifty dollars belonged to the Chosen Friends, fifty dollars of his own money and fifty dollars in a registered letter, were stolen on this occasion.

For years Mr. Tennant has been a member of the Masonic Lodge, No. 242 Mallorytown, and also one of the "old timers" in the Chosen Friends. He is one of a family of nine boys. His oldest brother David, who died at the age of eighty-eight, never missed a meal, and never had cause to have a doctor to treat him during his entire life. Three brothers, Christopher, Derrick and James, who reside at Caintown, are still hale and hearty. Mrs. J. M. Ferguson, Mallorytown, is a sister. His children are Mack Tennant at home, Mrs. Dixon, Winnipeg, and Mrs. Kelly at home. He has four grand children and one great-grandchild. His nieces, Viva J. Dixon, Winnipeg, Mrs. Clifford Tait, Winnipeg, Mrs. C. Jack, Lansdowne, and Mrs. W. S. Huat, Mallorytown No. 2.

Although in advanced years, with the exception of being somewhat lame as the result of a fall which he received some twenty years ago, Mr. Tennant is in good health. A sign that Mallorytown is progressing is shown in the fact that a new consolidated school is now in the course of construction at a cost of about forty thousand dollars. For years there has been a feeling that such a school was needed, but it was only this spring that the building was started. The building, which is made of concrete and brick, will have four class rooms as well as rooms on the first floor or basement, which can be used for many purposes. One reason for a consolidated school in this section is that the children who for years have been compelled to go to outside points after going as far as the entrance class, will now be allowed to continue high school work in this new building. The board has been fortunate in securing an excellent principal in the person of Mr. Beach. It is stated that the building of this school will mean that three of the smaller schools will close.

Many of the farmers living in and about Mallorytown have been busy for some time in working on the new provincial highway which passes close to the village. Recently when the Whig man passed along where these men were working, it was amusing to hear them tell about the moving back of the farmers' fence to make way for the great highway. One farmer, who thought that the government was not justified in making him move back his fence, went to Brockville to consult a lawyer, but it is not known what advice he received. His nearby neighbor was surprised when the fence was moved back, to find that the pump which supplied water for the home was on the outside of the fence.

M. C. Trickey, who has recently retired after an active life on the farm, was successful this year in raising some excellent tomatoes. One tomato which he showed the Whig man weighed two pounds, while a second one went two ounces short of the first one.

Mrs. Julian Warren, wife of the late Joseph Warren, who is eighty-four years of age, is another of the old residents. Cherry White, who for years carried on a blacksmith business, is one of the old timers.

Mallorytown is fortunate in being located on the main line of the Grand Trunk railroad, which means that its people are able to get service going east and west at all hours of the day and night.

WOLFE ISLAND FAIR.

Promised to be a Fine Event Next Week.

Wolfe Island, Sept. 16.—The island's annual fair takes place next week. The management is sparing no time to make it a success. George Rattan, its genial secretary, has at this early date booked many entries. Everything points to the exhibition this year outrivalling former events.

Bushell, the "booster" of the Kingston Industrial exhibition, is desirous of the support of islanders for by his untiring zeal he has built up the Kingston exhibition to where it stands to-day.

Cape Vincent's annual fair always takes a large quota from here. This year was no exception to the rule.

McDonald Bros., who purchased Long Point recently, have secured one hundred sheep from Samuel McGlynn at ten dollars each.

Mr. and Mrs. Samuel Payne, Wol-

town, N.Y., are renewing acquaintances here. Charles Baker left on Thursday for the Grand Summary. Montreal. Mrs. James O'Reilly spent a few days last week at her home in Enterprise. Mrs. Buck, Sydenham, is visiting her niece, Mrs. Richard McReady.

Christie's Lake News.
 Christie's Lake, Sept. 16.—Mr. and Mrs. George Took are occupying Mr. and Mrs. H. C. Suckling's bungalow for a fortnight. Mr. and Mrs. Hope, Perth, manager of the bank, are occupying Mrs. Felix Shaw's bungalow for a fortnight. Mr. and Mrs. Edwards, London, are at the Club House. Mr. and Mrs. H. C. Taylor, are at Maybell Point. Charles K. Morse is still at Lake View. May Bell Marks, Red Cedar Villa, will be very busy this winter conducting dramatic school and putting on amateur performances for charitable purposes. The Arlie Marks Company will play the Kingston fair and May-Bell Marks will attend this fair. A number of rented cottages are occupied by fishing parties principally C.P.R. officials. September has proved to be the best fishing month of the season, and R. W. Marks has rented several cottages to fishing parties for September, 1921.

Police detectives of Canada and United States have been circled to be on the look-out for one, Fred L. Davis, who Friday night was indicted by a coroner's jury at Toronto of a most fiendishly strange murder.

Following many preliminary meetings and a mass meeting of welcome in Massey Hall, Toronto, Friday, the ninth congress of the Chambers of Commerce of the Empire opened its business sessions Saturday morning in convocation hall of Toronto University. Lord Desborough presided.
