Children Cry for Fletcher's

## CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

### What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Ottawa, Sept. 28.—The live hog in dustry of Canada, sustained a loss of approximately \$11,000,000 during the seven months ending July 31st. The sum represents the difference in value between the visible hog marketings during that period and the same period of 1919. The loss in revenue is attributed to the liquidation of breeding stock during 1919.

Sentencing a man to 14 days labor for begging in Endell street, the Bow street magistrate ordered that the cost of his maintenance in prison be paid out of money found on him—over £5. Industry Sustains Bib Loss.

People Would Like to Come to America-Are Discouraged.

Vienna, Sept. 28 .- Vienna, is a city which wants to emigrate. If it were physically possible for the inhabitants of this unhappy place to do so, they would pack and quit tomorrow, leaving behind them empty houses and deserted streets, inhabited by only the rats, the cats and the dogs. By choice they would go to the United States or Canada.

Conditions have become intolerable in this once brilliant capital. It is a city of cynics. Nobody in it believes in the future. Vienna is staryed by the peasants who should be feeding it. It is accorded the same treatment by surrounding provinces for reasons politically and economic. It has lost none of its former bea-

uty; it is as fair to the eye as ever; the casual stranger sees little that is abnormal. But the pride of the people, together with their optimism, is altogether gone.

Especially eager in their desire to go to America, their vision of a promised land, are the women-servant girls, governesses, typists, teachers

Because the upkeep of all establishments has become very expensive and salaries have risen beyond all expectations, there is great danger of hospitals, sanatoria, etc., having to close down. Vienna, famous for its excellent medical men, may soon lose the best of them; they cannot make a decent living here, and prefer to practice in Germany, where the conditions are so much better.

The old Austrian monarchy was ridden by officialdom; and the new Austrian republic keeps quite an army of officials, every tenth person teing in the employ of the state, so that this little country has to feed

about 600,000 government families. They cannot live on their earnings, and are continually agitating for increased pay. The weak authorities have to give in each time, which means a terrible burden to the whole population, already taxed to its utmost capacity. The Damocies' sword of increased taxation always hanging above it, and a hopeless deficit of more than 17,000,000 kronen (nominally about \$3,500,000) does not tend to ease the financial situation.

Strikes Destroy Plans.

Nitwithstanding much unemployment, strikes are constantly bringing to nought all plans and calculations, and shaking the little economic life there is left to its foundations. Every morning the unfortunate Viennese wake up faced with some new labor The worst were those of the street car and railway men, the cars being the only vehicles in the capital for the vast majority of people, speculators and profiteers excepted.

An awkward condition was created the other day, when all the employes of the telephone and telegraph offices, after six months' fruitless endeavors to get a raise, came out on strike, and unfortunately only one member of the cabinet was present in the capital to negotiate with them.

For more than 48 hours Vienna was cut off from the outer world, Dr. Mayr, the official head of the present "business" government (which, it is to be feared, means very little business) had gone to the country for a few days, and remained untraceable.

Those cabinet ministers who could be discovered were brought to Vienna in automobiles, and after much exertion six of them formed a council, and for the time being satisfied the urgent demands of the strikers. Thus the republic at a critical moment was left without its political

Only a short time ago Austria had no food minister; nobody wanted that risky and than less job of inducing reluctant farmers to deliver the quan tities of flour due to the state. Altogether, it is something of a miracle that in this country the state of passive anarchy is not much worse.

The monkey's actions proved so convincing that in spite of their protests Mr. and Mrs. Starr were found guilty of manslaughter.

### Germany Will Regain Big Wireless Station

Berlin, Sept. 28 .- A compromise has been reached between German patent owners and the French wireless telegraph company, which had contract claims on the large wire-less station near Hanover, The Germans, by the terms of the compromise, will pay to the French company a large sum of money to cover damages and release to the French certain German patent rights in France, meanwhile keeping the German wireless station.

This station will be transferred to stock company and will be used by the Telefunken company for trans-Atlantic service.

## This new way to beautiful teeth

All statements approved by authorities

Your druggist today has a new way of teeth cleaning. And a ten-day tube is free.

Millions of people now employ it. Leading dentists everywhere advise it. You would never go without it if you

Go ask for that free tube. There are few things more important than wellprotected teeth.

### Remove the film-coat

You brush teeth now, but you leave much of the film. A viscous film clings to the teeth, enters crevices and stays. The ordinary tooth paste does not end it. So teeth too often discolor and de-

Dentists now know that the reason lies in film. That causes most tooth troubles. And, until one ends it, brushing fails to save the teeth.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. And pyorrhea wrecks countless lives today.

### An alarming situation

Tooth troubles have been constantly increasing. Very few people escape them. So dental science has in late years studied to combat that film.

Now we know how. The methods have been proved by careful clinical tests, made under able authorities. Now millions of people employ them, largely by dental advice. A new era in teeth cleaning is fast spreading the world over.

These new methods are combined in a dentifrice called Pepsodent. A 10-Day Tube is given to everyone who asks. Now all who will may quickly know that film can be combated,

### What you will see

A test of Pepsodent brings quick and unique effects. One sees and feels them clearly. And a book which comes

teeth. But the great results are such protection as teeth never had before. You owe yourself a knowledge of

these facts. Old ways of brushing have proved sadly inadequate. Nearly everybody at some time suffers troubles caused by film.

Now science knows how to combat film, and in ten days you can know. Never again will you trust the old ways when you know the new.

### Teeth will glisten when the film-coat goes

Get this free tube and watch it. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the film-coat disappears.

You will instantly know that Pepsodent ocs what nothing else has done. In a few days you will realize what clean teeth mean
