### RAILWAY RATES APPEAL CASE

#### Is To Be Heard on Wednesday By Nine Cabinet Ministers.

Ottawa, Sept. 28.—Cabinet ministers who will hear, on Wednesday the appeal from the judgment of the Railway Commission in the railway rates case are Premier Meighen, Sir George Foster, Sir James Loughheed and the Hon. Messrs. Doherty, Sifton, Calder, Balantyne and Wigmore. It is expected that one day will suffice for the presentation of the argument.

**Premier's Western Itinerary.**  
Ottawa, Sept. 28.—The itinerary of Prime Minister Meighen's approaching tour of western Canada will probably be definitely arranged before the close of the present week. The trip will open at Winnipeg shortly before the middle of October, and will include the four western provinces. It is understood that arrangements are being made for several meetings in Manitoba, Saskatchewan, Alberta and British Columbia, and that the prime minister will do most of his speaking en route to the coast.

Hon. W. L. MacKenzie-King, Liberal leader, is about to open his tour of the west at Victoria, B.C., and will work eastward so that the Prime Minister and Opposition leader will probably cross one another's paths somewhere in the prairie provinces. While in British Columbia, the prime minister will undoubtedly take a hand in the bye-election in Yale constituency.

### Theatrical

**"Experience" To-night.**  
"Experience," George V. Hobart's modern morality comedy drama will be presented by F. Ray Comstock and Morris Gest at the Grand Opera House to-night. This drama now in its seventh season, is one of the most successful of recent years and in every city where it has been presented it has met with tremendous success and has been endorsed by the clergy of all denominations.

"Experience" shows the adventures of Youth—the average young man of to-day—who leaves his boyhood home to go out into the great world and win success in the turbulent ways of life. He begins his journey with a pure heart, an innocent mind and a soul inspired with high and noble purpose. Soon he meets Temptation, the temptation that besets every young man when he leaves the protection and shelter of his paternal roof to take his place in the busy marts of trade and commerce. Youth succumbs to the allurements of Vice, until he finds himself on the very brink of crime and the lowest degradation, when he is recalled to a sense of better things by hearing the words of a hymn which brings back to his mind tender recollections of his dear mother and his boyhood home. Youth turns from his follies, retraces his steps and courageously begins life anew with Love, Hope and Ambition guiding his footsteps.—Advt.

**Arlie Marks Company.**  
Take other outside attractions in the theatrical profession and compare them with a real true Canadian attraction such as Arlie Marks, the popular little comedienne, who will be at the Grand Opera House three nights, beginning Sept. 29th, with her associated players. She has shown this year that it is without a doubt the biggest and most expensive repertoire company travelling in Canada. Arrangements have been made, and the company is playing the latest releases, and the vaudeville between the acts has never before, on account of expense, been attempted by any other repertoire company. Popular prices will prevail. Opening play, "Where the River Shannon Flows." Extra added attraction with this attraction is Salona, the girl with one thousand eyes. She knows all.—Advt.

**"On the Firing Line."**  
The Toronto Mail and Empire has the following to say about May Anderson in "On the Firing Line" which comes to the Grand Opera House, Saturday, October 2nd, matinee and night. Mrs. M. A. Trestrail, known to the profession as May Anderson, and who has made her home in Toronto for the last six years, is the first woman producing manager in Canada. Mrs. Trestrail has just purchased the original New York production of George Tyler's comedy, "On the Firing Line," in which May Irwin scored such a hit last season. The play is by Harvey O'Higgins and Harriet Ford. The play has never appeared in Canada. Old-time theatre-goers will remember Mrs. Trestrail as May Anderson with the old Cumming Stock Company at the former Princess Theatre, in 1909. She had also played here with several road companies, and when her two boys settled in Toronto, she decided to make her home here, and was director of dramatic art at the Canadian Academy of Music for two seasons, until one of her sons went to France, when she went back in the profession to keep her time and attention from the war. She has decided to make her tour exclusively Canadian, and will cover Canada from Halifax to Vancouver.—Advt.

**At Griffin's.**  
Tom Mix scored another triumph with Griffin patrons last night when he was seen for the first time in "Three Gold Coins," his newest production which was acclaimed one of the finest in which this versatile star has ever appeared. "Three Gold Coins" is packed to the brim with thrills, and Tom Mix enacts his difficult role in a breath-taking manner which makes the spectators gasp with astonishment. Don't miss this picture, also Tom Wise and Gail Kane, the celebrated stars, in "Romeo's Dad," which is being shown as a splendid added attraction, and

proved highly popular with the audience that witnessed it last evening. "Romeo's Dad" presents an unusual situation in which a motion picture star, a press agent, an impressionable young man and a sound headed business man are all complicated in the net of love and how the situation resolves itself logically and amusingly to the satisfaction of all. On the same programme is shown the eighth episode of "The Whirlwind," in which Charles Hutchison performs some wonderful feats. Don't miss this programme is you are looking for a real evening's entertainment.—Advt.

**POTATOES \$1 A BAG AROUND ENTERPRISE**  
The potato crop in the Enterprise district reported to be excellent. On Monday when a Whig representative was in that section he learned that potatoes could be bought for \$1 a bag. Several farmers around Enterprise have made arrangements to ship their potatoes at that figure. One farmer stated that he had about a carload to ship.

### PROMISE SEVERE PENALTY

#### To the Motor Car Drivers Who Disregard the Speeding Law.

The police commissioners are determined that reckless driving and speeding of motor vehicles must stop at once. At a special meeting of the commissioners held on Monday, the matter came up for discussion and it was decided that in the future any driver who violates the law will be given a very severe penalty. The police department has endeavored to show the drivers of cars that they must not violate the speed law, but they have not tried to assist the police officers. In future offenders will be "soaked."

Another matter which was discussed was the number of owners who leave their cars standing on the street and also drive them without tail lighting in working order. On Saturday evening, Chief of Police Robert Robinson and his men secured the numbers of twenty-five cars on which the tail lights were not lighted.

The parking laws must be lived up to or the offenders will be up against it. The cutting of corners must cease. The law is such that if a person is caught cutting a corner the constable must stop the car and advise the driver to make the correct return. The law is to be amended so that if a person is caught making a short cut on a corner he will be summoned.

### DECLARE THEY WILL NEVER GO WEST AGAIN

#### Too Many Young Men Taken From the East for Western Harvesting.

A number of men who went from this district to western Canada to assist in harvest operations, have returned to Kingston. They declare that they will never go west again. The railways asked for forty thousand harvesters from the east, whereas twenty thousand would have been sufficient. Three hundred men went from Kingston and district. The harvesters became so numerous that the city of Winnipeg authorities stepped in and insisted that hundreds of the easterners be sent back home as there was no work on the western farms for more than half the number. So great was the supply of workers that in the Moosejaw, Sask., district the wage of eight dollars dropped to \$4.50 a day.
