THE DIOCESAN EXECUTIVE

Met on Tuesday—Legacy of \$6,500 From Late B. S. O'Loughlin.

The quarterly meeting of the executive committee of the Diocese of Ontario was held in St. George's hall on Tuesday. Bishop Bidwell presided and the secretary, Canon J. W. Jones, presented his report. There were present, the chancellor, Judge McDonald, Archdeacons, G. Dobbs and Beamish; Canon J. W. Jones, Rev. J. W. Coleman, Canon W. P. Fitzgerald, Rev. J. Lyons, Dean Starr, Canon Woodcock, Rev. A. F. Whalley, Canon Armstrong, Rev. T. W. Savary, Rev. R. W. Spencer, Rural Deans, Swayne, Smith, Rev. A. L. McTear, R. J. Carson, (treasurer), Francis King, (lay secretary), J. B. Walkem, W. B. Dalton, J. H. Dawson, Judge Reynolds, F. F. Miller, A. W. Gray, M. P. P., A. N. Lyster, Dr. Jackson.

After prayer, the correspondence was dealt with. There were letters of appreciation from widows, expressing thanks for their increased annuities. Applications were received for permission to borrow on church property recently erected, from St. Peter's, Brockville, for a sum not to exceed \$8,000, and St. James, Kingston, not to exceed \$15,000. These applications were granted under the usual conditions. Permission was granted to sell the rectory at Gananoque, and a piece of the unused cemetery at Westport.

Archdeacon Beamish, in very felicitous terms, welcomed Bishop Bidwell back from the Lambeth conference. A resolution was presented expressing appreciation of the bishop's work, and his safe return, and was carried with much enthusiasm.

The secretary reported that he had received notices of the following legacies: \$25 for the Women's and Orphans' Fund from the estate of the late Mrs. V. H. Murney, Belleville, \$400 to be paid on behalf of the Herald Angels church from the estate of the late James G. Birmingham, a former member of the congregation; also \$6,500 from the estate of the late B. S. O'Loughlin, Yarker, for many years a member of the executive. A formal vote of thanks was passed.

Temporary superannuation grants of \$500 were made to Rev. C. B. S. Ryan, Coe Hill, and Rev. George Code, Athens, on account of serious illness.

Certain correspondence was dealt with regarding Belleville rectory, and the solicitor presented his report setting forth the judge's decision in recent litigation. The technical differences will soon be amicably adjusted. A committee was appointed to assist the bishop in securing candidates for holy orders in the diocese.

Rev. T. Savary presented a report on Sunday schools, and some suggestions offered were adopted. A resolution of sympathy with Rev. C. Watson in his recent bereavement, by the death of his wife, was passed.

The report of the Anglican Forward Movement in the diocese showed that 6,732 subscribers subscribed \$147,957, of which \$63,000 had been paid through the diocese to headquarters Toronto. The sum of \$15,000 had been allocated by the Dominion Forward Movement to the beneficiary funds of the Ontario diocese.

A strong committee was appointed by the bishop to recommend to the executive a list of various benefit funds of all money received from the headquarters of the Forward Movement. The stipends of missionary clergy was dealt with, and several grants were made to needy missions. It is expected the salaries this year will be better than in former years.

A resolution of regret was unanimously passed upon the resignation of Rural Dean Crisp, of St. John's, Portsmouth, and also wishing him bon voyage on his twelve months leave of absence to England.

The financial condition of the diocese shows great improvement, and there was a spirit of great optimism throughout all the proceedings of the meeting.

NO CHEAP APPLES.

Scarcity of Barrels Will Help Keep Up Price.

Despite the fact that there is a heavy apple crop this year there is not much likelihood of cheaper prices. The great scarcity of barrels and boxes and the high cost of picking the fruit are the reasons given for the high prices. Apples are expected to sell at about \$3 a barrel. Snows and McIntosh Reds will fetch about \$7 a barrel. It is stated that owners of automobiles can, however, drive into the country and fill the back of their cars with apples of good quality for a couple of dollars.

The more some men owe, the more they want to owe.

The Medical Health Officer Advises the People to Boil Milk.

Dr. A. R. B. Williamson, medical health officer, who asked about the epidemic of dysentery which has made its appearance throughout the district, stated that there had been some very severe cases, and two patients brought from a town west of here had died in hospital. The cause of the dysentery was supposed to be from the milk supply. The city water had been found all right. The health officer advises people to boil their milk, unless it is pasteurized, and also to cook all food they eat. In this way, the epidemic will soon disappear.
