Kingston Hen Is Leading

"At the egg-laying contest in Ottawa, Sergt. Major Coldham's Hen is still leading. This bird has again completed a full week and her present unbroken run consists of thirty eggs in as many days. Her grand total has now reached 244, which gives her a decided lead of eight eggs from the second bird. It will be distinctly interesting to watch the work of this bird during the coming week, and it is hoped that the moult which she is rapidly developing will in no way deter her efforts."

This Hen is being fed entirely on PURINA SCRATCH Feed and PURINA Chowder. You can make your Hens do the same if you feed them PURINA Scratch Feed and Chowder. Sold by all leading dealers everywhere. Checkerboard-bags only.

DR. BUREAU IS GAS VICTIM

Passed Away at Hospital on Wednesday Night--Inquest To Be Held.

Dr. Alexander G. Bureau, who with his wife was overcome by gas in their home at 221 Stuart street late Tuesday night, died in the General hospital on Wednesday night at 6.55 o'clock.

Mrs. Bureau is doing nicely, and every hope is being entertained for her recovery. Dr. Bureau had been in delicate health for some years, and his constitution was not in a condition to stand the terrible shock he suffered. From the time he entered the hospital his condition was not at all favorable, and in spite of the best care and attention given him, it was found that he could not pull through.

Deceased was born and raised in Kingston, and had a wide circle of friends, all of whom have expressed sincere regret over his death, and the most regrettable circumstances surrounding it.

The late Dr. Bureau was a son of Peter Bureau. He received his early education in Kingston, and then entered medicine at Queen's University, but took the last two years of his course at the John Hopkins University, Baltimore, where he graduated. For some time he practiced at Youngstown, Ohio, but his health gave way and he was compelled to give up his practice, and what gave every indication of being a brilliant career, for Dr. Bureau won distinction in his profession. Deceased was fifty-three years of age, and is survived by his wife, father, one brother, of Butte, Montana; two sisters, Mrs. W. Perry and Miss I. Bureau, both of this city. Deceased was an Anglican.

Arrangements have been made for the funeral on Friday morning, Rev. T. W. Savary will officiate at the services. Coroner Dr. D. E. Mundell will hold an inquest to-night to enquire into the circumstances of the case. Dr. Mundell and Police Sergeant Marshall Armstrong made an inspection of the Bureau home on Wednesday night.

NAVY LEAGUE CAMPAIGN

The Sum of \$8,000 is Asked From the People of Kingston.

Widows and orphans of merchant sailors who were killed on active service during the war, are to be pensioned by the Navy League of Canada. This announcement is made by the league in their preparation for the fourth annual "Fraternal" week, Oct. 18th to 23rd, when it is proposed to raise \$760,000 in a national campaign for the relief of widows, orphans, training of Canadian boys, for sailors' institutes, development of the movement and administration.

The grants of the Navy League for relief in Canada up to date amount to \$30,250. After this year the league expects to cease asking for funds for the relief of Canadian dependents of merchant sailors who were killed on active service. With the trust funds now in hand and \$144,000 which is included in the campaign total, it should be possible to establish an endowment, the income from which will be sufficient to provide those dependents with a pension equal to that granted to the dependents of naval men who were also killed on active service. As many of these dependents are young children, the endowment must continue for a number of years, until the children become self-supporting.

Ontario proposes to raise \$450,000; Quebec \$110,000; New Brunswick \$20,000; Prince Edward Island \$15,000; Alberta \$30,000; Nova Scotia \$80,000; Manitoba \$30,000; Saskatchewan \$30,000; and British Columbia \$25,000.

\$125,000 will be used for the promotion of a national sea conscious spirit; \$271,000 for the training of Canadian boys; \$144,000 for the relief of widows and orphans as well as pensions, \$179,000 for institutes, and \$40,000 for national administration.

Eastern Ontario cities and towns now lead the Province of Ontario in connection with the campaign of the Navy League of Canada to raise \$760,000 to pension the widows and orphans of the merchant sailors who lost their lives on active service during the war, to train continuously 2,000 boys, to help sailors' institutes, etc. Northern Ontario towns, which were leading, have been passed by the eastern centres.

Twenty-six cities and towns have elected committees for local campaign purposes and with eleven centres yet to hear from have exceeded all expectations. Reports from the various committees show that no less than ten cities and towns spurned the amount sent by the Navy League headquarters for this very worthy cause, and sent back voluntary objectives.

Napanee leads the list reporting back to headquarters that they would not only double the amount to be raised, but would increase it four times. They are out to raise \$2,000.

Marmora's committee was asked for \$200, but a voluntary objective of \$600 has been sent. Napanee and Renfrew also jumped their objective up three times the original amount. Belleville two and a half times and Deseronto twice the amount suggested, and Kingston one and a half.

Kingston, however, has the largest amount to raise. The local committee voluntarily boosting the objective from \$8,000 to \$12,000. Belleville will raise \$5,000. Napanee and Trenton each \$2,000.

These twenty-six eastern Ontario centres are apparently out to break

all other Ontario records. The reports from the various campaign committees read:

Place	Objective	Pledged
Almonte	\$ 500	
Arnprior	800	
Beachburg	100

The Waterways Commission To Be Well Entertained.

At a meeting of the council of the board of trade, held on Wednesday afternoon, the interests of Kingston in the proposed deepening of the St. Lawrence and the course to be taken at the hearing of the International Joint Waterways Commission, on Tuesday next, were fully discussed. It was announced that the board had been successful in securing representatives to attend the hearing from Brockville, Renfrew, Napanee, the Eastern Ontario Hydro Electric Union; Clayton, N.Y., Ogdensburg, N.Y., Watertown, N.Y., Cornwall and other places. Sir Adam Beck and his wife will develop his scheme for the electrification of the St. Lawrence.

In addition plans for the entertainment of the visitors were drawn up, and they will include a trip about the harbor and a banquet on Monday evening. The enquiry will take place in the City Hall and the public are invited to listen to the evidence. Much credit is due to the board of trade for the energy shown in this important matter.
