G.W.V.A. ELECTS OFFICERS

Comrade J. W. Connor, President—Address by the Provincial Secretary.

The semi-annual meeting of the Kingston Branch of the G.W.V.A. for the election of officers was held on Friday night, Oct. 8. The hall was filled by a most enthusiastic body of members, the George Richardson Chapter, K. O. D. E., the association's ladies' auxiliary, also being present, and proved by their interest in the meeting that they have the association's welfare at heart.

The meeting was opened in the usual manner, all present standing with bowed heads for the space of one minute, in memory of the comrades who had paid the supreme sacrifice.

The financial report for the past five months showed improvement, but the association is in need of funds if its good work is to be carried on.

A report presented by the president showed that the appeal being made to the citizens was meeting with a ready response, while the complete arrangements are under way for the association's tag day to be held on Saturday next. Donations are still being received for the Ford car which is to be drawn for at the Strand theatre on that date. After the report, the regular order of business was suspended to allow for the election of officers for the new term. The Comrades the Very Rev. Dean Starr and Rev. A. M. Gordon were unanimously elected scrutineers. Those elected were: President, Comrade J. W. Connor; vice-president, Comrade A. McDonough; 2nd vice-president, Comrade W. Susman; hon. treasurer, Comrade H. H. Walkem; executive committee, comrades Carter, Hicks and Miles; sergeant-at-arms, comrade Considine, re-elected by acclamation.

After the election of officers the meeting was addressed by Comrade Turley, the provincial secretary. He dwelt on several problems of great interest to the veteran, pointing out that it was not the fault of the G. W. V. A. that there was not a closer co-operation between veteran organizations in Canada, and stated that the association stands as it has always done, ever ready to fight the just cause of the returned soldier and his dependents, and was always willing to co-operate in every possible manner when the welfare of the veteran and his dependent were at stake.

Dwelling on the results achieved by the dominion convention, he stated that we had larger pensions, more careful consideration of the tubercular veteran; both in hospital and after discharge; increase in pay to vocational students, etc. He also stated that the Soldiers Insurance Act was a direct result of the pressure brought to bear on the government by our organization. Comrade Turley stated that it was only fair to point out the immense value of the evidence presented by the tubercular league in the attainment of the improvements to the tubercular veteran. In concluding, Comrade Turley pointed out that there was still thirty millions left of the forty millions voted by the government as an emergency loan to the government in winter, and stated that it was the intention of the dominion executive to press that this be divided amongst the returned soldier in proportion to the length of service and the field of such service.

Questioned about the housing problem, he pointed out that it was up to every municipality to take advantage of the legislation passed by the federal and provincial governments. It was a duty of every municipality to see that the citizens were housed in comfortable and sanitary houses. One of the great necessities of suitable houses in almost every town and city, families were being compelled to live in houses which were not fit for human habitation, and under conditions which were an insult to civilization. Too much profiteering in rents was allowed by municipalities, and this was the cause of the great amount of dissatisfaction among tenants. This could be remedied, he claimed, by the veteran using his sound common sense on election day, and voting for candidates who do not represent a certain class.

Comrade Turley expressed his great pleasure at the welcome tendered him on his first visit to Kingston, and hoped to come again at an early date. The Kingston branch was to be congratulated on the work it had accomplished, and he stated that many of the benefits derived by veterans had been brought about as a result of resolutions presented by the branch at the dominion conventions.

Comrade Turley was tendered a hearty vote of thanks for his interesting address.

FINED \$500 AND COSTS FOR SELLING LIQUOR

Case Against Randolph Fournier Disposed of Monday Morning.

Magistrate Farrell found Al-dolph Fournier "guilty" of selling liquor in police court on Monday morning, and imposed a fine of \$500 and costs or one month. The case was adjourned on two occasions, but the evidence was concluded on Monday, after which Magistrate Farrell imposed sentence.

Two men swore positively that they bought liquor from Fournier. The accused stoutly denied the charge.

Magistrate Farrell stated that he was satisfied on the evidence that Fournier was guilty, but that he had decided not to impose the extreme penalty. "Fournier has a wife and child."

J. P. LAMB SUCCUMBS TO SHORT ILLNESS

Prominent Man in Village and Former Reeve—Was Leading Mason.

On Saturday the county of Leeds lost one of the best known and most highly respected residents in the person of James P. Lamb, Athens. The deceased was in his usual good health until about four weeks ago, when he suffered a stroke of paralysis. He was seventy-nine years of age and was born at Elizabethtown. He began teaching school at fifteen, at Addison, having as one of his pupils the late Hon. John F. Wood, later M.P. for Brockville, and minister of customs. On giving up teaching he studied dentistry with the late Dr. Marbee, and for several years practiced the profession at Central, N.Y. Returning to Ontario he went to Farmersville, where he purchased the drug store of the late Dr. Giles, and had continued the business very successfully for a long period. He also practiced dentistry in Athens, disposing of his practice to Dr. C. B. Lillie.

In 1882 Mr. Lamb was married to Selina Aigue, daughter of the late Mr. and Mrs. Harmonius Aigue, of Athens. She passed away on March 31st, 1911. He was for some years a member of the public and high school boards, and was reeve of Athens. In such capacity he represented the village in the counties council. He was a splendid member of these bodies. He was a man of sound judgment and had a clear vision. In 1898 he was appointed treasurer of Athens and held it until his death with great satisfaction to all. In politics he was a staunch Liberal. He was a prominent member of the Masonic order, and was Past Master of Rising Sun Lodge, Athens. He was also a member of the A. O. U. W.

The death of Mr. Lamb is a distinct loss. There was no finer character in this county, and no man more generally respected. He had a fine, robust, strong personality, and his word was as good as a bond.

Dr. Thomas Little will carry on the Medical Health work during the absence of Dr. A. R. B. Williamson.
