THE PRICE OF POTATOES

For Winter Use Will Likely be \$1.25 to \$1.50 a Bag.

Judging from all reports, it is quite likely that the price to be asked for winter potatoes on the Kingston market will be from \$1.25 to \$1.50 a bag, that is, a bag of supposed ninety pounds. Reports received from many parts of the country show that the potato crop is very large. During the past month, a representative of the Whig has visited many sections of the country where potatoes are grown. From what he saw and heard, he would judge that there would be a very large crop of potatoes. These potatoes, which in many cases have been dug for a week or ten days, show no signs of rot, as has been stated by people who reside in some parts of the country.

Several farmers, when in conversation with the Whig, stated that although the crop is very large in many sections, the farmers will not make nearly so much money as some city folk think, for the reason that last winter the seed had to be purchased at from \$6 to \$7 a bag. Last winter the statement was made that farmers had lots of potatoes and were storing them away in their cellars to wait for high prices. This might have been the case in a few instances, but a Whig representative, who has talked with farmers in all parts of the surrounding counties during the past five months, is convinced that the farmers were not profiteering on potatoes. Only this week, the Whig man talked to a farmer who stated that he did not have one bag of potatoes on his farm last fall.

In the Enterprise section, potatoes can be bought in large quantities at \$1 a bag, but when one takes into consideration the cost of freight, etc., they cannot be sold in stores for less than 20 cents a peck. A great deal of expense has been incurred in killing the bugs on potato plants this year. The cost of paris green has advanced greatly during the past few years.

In one or two sections visited by the Whig man, he learned that while the early potatoes were a re-

With the aid of a delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hair surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-time Recipe That Anybody Can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

Brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

TWO MONTHS OLD BABY HAD ECZEMA

On Face, Very Sore and Itched. Did Not Sleep. Cuticura Heals.

"When my little niece was two months old she had eczema very badly on her face. It was of a moist kind, and took a blister form, and was very sore. It itched, making her face feel hot, and she would scratch badly. She did not sleep well nights."

"A neighbor recommended Cuticura so we got them and one cake of Soap and two boxes of Ointment healed her." (Signed) Miss Ella G. Stoddard, R. F. D. 3, Randolph Centre, Va., March 10, 1919.

cord crop, the late crop would not yield nearly so abundantly.

During the past week, practically all the farmers are either busy digging potatoes or filling their silos. In two cases, potato digging machines were noticed working in the fields. At any rate citizens will not have to pay so dearly for their potatoes this winter, nor be compelled to serve the many "substitutes," so unpopular last winter.

TO MARK 50TH ANNIVERSARY.

Special Services Held in Christ Church, Cataract, on Sunday.

On Sunday, special services were held in Christ church, at Cataract, to mark the 50th anniversary of the founding of that church. Rev. J. de Pencier Wright, rector of St. Luke's church, Kingston, was the special preacher of the day, and delivered two strong sermons, and also made a fitting reference to the anniversary. The church was established by the late Dr. Wilson, of New York, who at that time was curate at St. George's cathedral, Kingston.

The church is to undergo extensive alterations, and the special offerings of Sunday will be devoted to this purpose. The congregation has received a letter of congratulation from Miss Madel Wilson, of New York, daughter of Rev. Dr. Wilson, in which she contributed a generous subscription, and it is understood that a memorial for her father and mother will be placed in the edifice.

It will be recalled that in a recent storm, the tower of the church was struck by lightning. The tower has to be repaired and plans are also on foot to make some needed changes at the same time.

Two very large congregations marked the anniversary services. The choir rendered a splendid musical service.

THE LATE WILLIAM RANCIER

Resided in the Kingston District All His Life.

There died on Oct. 13th at the home of his daughter, Mrs. William Hutcheson, Brewer's Mills, William Rancier, aged eighty-seven years. The late Mr. Rancier, who was born near Battersea, resided in the neighborhood of Kingston all his life. He was the son of the late George Rancier and Jennie Milligan. Mr. Rancier was of U. E. L. descent. His widow still resides at Brewer's Mills. There were seven children in the family, six of whom are still living. George is in British Columbia, William, Henry in Alberta and Gilbert, who is a cheese inspector, lives at Vankleek Hill. The daughters are, besides Mrs. Hutcheson, Mrs. William Pound, Calgary, and Mrs. (Rev.) G. W. Snell, Pakenham.

Mr. Rancier, who for many years was a subscriber to the Whig, was a man of sterling character and highly respected by all who knew him. He was an honored member of the Methodist church. The funeral was largely attended. Rev. Mr. Doggett assisted by Rev. Mr. Winters, conducted the service.

AT SYDENHAM STREET CHURCH.

Rev. Dr. Shorey, of Napanee, Preached Twice on Sunday.

The pulpit of Sydenham street Methodist church, on Sunday, was occupied by Rev. Dr. Shorey, Trinity Methodist church, Napanee, and, by the way, he has occupied that charge for the third time in his ministry. He preached very effective sermons, intensely interesting and decidedly human. His morning sermon were the words, "Learn of Me," setting forth that the great lessons Christ sought men to learn were patience, self-denial and love. In the evening, he spoke with much force on the words, "There is much rubbish," and in an illuminating way, dwelt on the manner in which accumulations gather about doctrines, customs, and governments, destroying even the essentials of the doctrines that were sought to be presented.

Dr. Shorey possesses a logical mind, has a fine touch of humor, and a keen appreciation of poetry. His sermons on Sunday were certainly a delight and a revelation to his hearers.

Between Kingston and Seely's Bay At Once.

With the taking over of the Seely's Bay-Kingston road by the Ontario highway commission, for the purpose of making the new highway which will connect Kingston with Ottawa, it is the intention of the highway commission to make some repairs to the road this fall. It is the intention of the highway commission to open two gravel pits. Two steam crushers and one steam roller, are being put in working order immediately.

AT ST. LUKE'S CHURCH.

Canon Smith, Cataract, Conducted Services on Sunday.

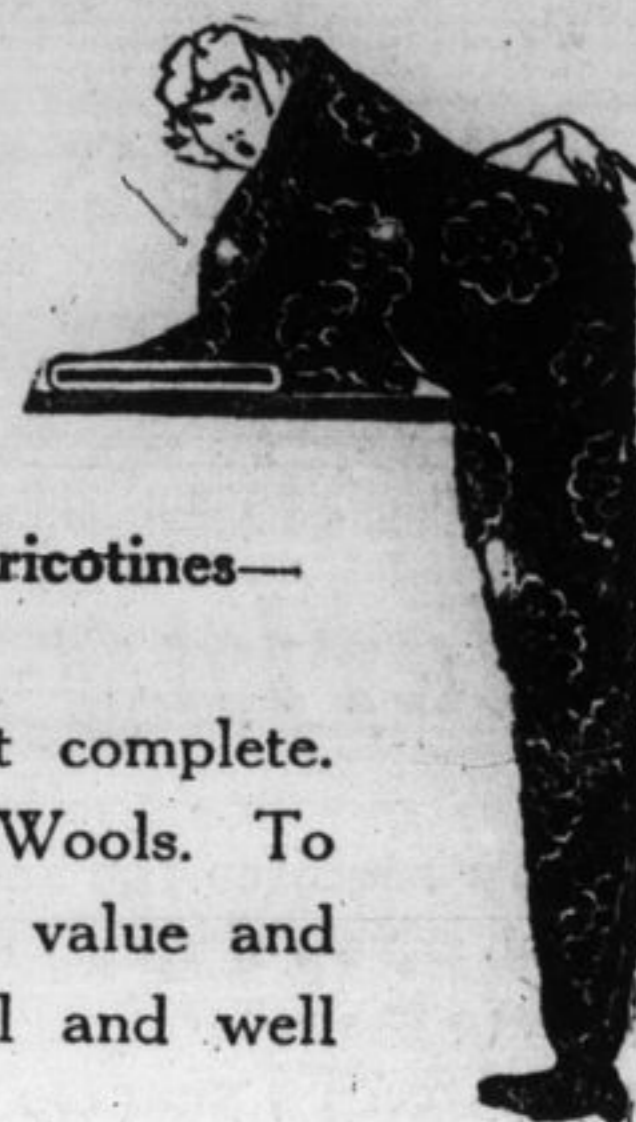

In the absence of the rector, Rev. J. de Pencier Wright, who was conducting the jubilee services in Christ church, at Cataract, on Sunday, Canon Smith, Cataract, conducted both services in St. Luke's church, on Sunday, and delivered two most inspiring sermons. Canon Smith also made fitting reference to the brass communion rail, which is to be placed in the church, in memory of the rector's wife. The speaker paid warm tribute to the many fine qualities of the deceased, and asked all the members of the congregation to contribute something towards the memorial so as to share in it. There was a large congregation both morning and evening, and the choir rendered appropriate music.

WON'T MEET CRAWFORD.

Ireland as Republic Not Debatable, Says Megaw.

Ottawa, Oct. 19.—Rev. Wesley Megaw amplified his refusal to take up the challenge issued by Lindsay Crawford to meet him in public debate on the Irish question, by the following statement:

"This man Crawford has challenged me to a debate on the Irish question. If by this he meant home rule, it is debatable, but what he really

means by self-determination for Ireland is the setting up of an Irish republic, complete severance from the British Crown and disintegration of the Empire. A debate on this question is entirely impossible.

"There are no two sides to that question. It would merely be a case of a rebel versus a loyal British subject. Self-determination for Ireland in his sense means the allying of Ireland with Britain's enemies, the shooting down in cold blood of policemen and soldiers, and Sinn Fein propaganda purely and simply.

"The question of whether Ireland should have home rule is debatable but it is entirely out of the question that I or any other loyal British subject would enter into a discussion as to whether Ireland should be the home of rebels or not."

FLIGHT ACROSS CANADA.

Last 60 Miles of Journey, Accomplished in 35 Minutes.

Vancouver, Oct. 19.—With the last sixty miles of the trans-Canada flight accomplished in 35 minutes, the D.H. 9-A plane arrived here at 11.10 o'clock Sunday morning with Commodore Tylee and Captain G. A. Thompson, pilot, on board.

The plane left Merritt at 7.50, reaching Agassiz at 8.45. After a short stop there, it left at 10.35 o'clock, landing at Minoru Park, 25 minutes later. Both the commodore and the pilot stated that the Coquihalla Pass was the worst part of the

whole journey. There was a mist and the wind was very treacherous, requiring most skilful driving on the part of the pilot.

When congratulated on the successful completion of the flight, Commodore Tylee stated all the credit was due to the pilot.
