WORLD SERIES HEROES

- 1903—Cy Young, Red Sox pitcher. He won three out of the five games from the Pirates.
- 1905—Billy Gilbert, Giant second baseman. Supposedly a weak hitter he drove in a majority of his team's runs against the Athletics.
- 1906—George Robe, substitute infielder, who played third base for the White Sox. He won two games from the Cubs with three batters.
- 1907—Miner Brown and Ed Reulbach, Cub pitchers.
- 1909—Babe Adams, Pirate pitcher.
- 1910—Eddie Collins, Athletics' second baseman, and Jack Coombs, Athletics' pitcher.
- 1911—Frank Baker, Athletics' third baseman, whose home fans defeated the Giants.
- 1912—Tris Speaker, Red Sox center fielder, by his batting, and Harry Hooper, Red Sox right fielder, by his fielding, featured the victories for the Giants.
- 1913—Baker, by his hitting and Chief Bender, and Eddie Plan, Athletics' pitchers, defeated the Giants.
- 1914—Hank Gowdy, Braves' catcher, batted his team to victory over the Athletics. Dick Rudolph was the star pitcher of the Braves.
- 1915—Duffy Lewis, Harry Hooper and Tris Speaker, the Red Sox outfield, defeated the Phillies by their batting and fielding.
- 1916—Larry Gardner, Red Sox third baseman, was chiefly instrumental in defeating the Dodgers by his batting.
- 1917—Eddie Cicotte and Urban Faber, White Sox pitchers, who won the games from the Giants by their twirling.
- 1918—George Slaughter, veteran of the minor leagues, who played left field for the Red Sox and was the chief factor in defeating the Cubs by his batting and fielding.
- 1919—Walter Ruetter, Red pitcher, by his hitting, and Eddie Roush, Red center fielder, by his fielding, were the big factors in most of the defeats of the White Sox. Dickie Kerr, White Sox youngster, pitched his team to two of its three victories.
- 1920—Stanley Coveleskie, Cleveland pitcher, by winning three games. Elmer Smith, who hit a home run with the bases filled, and William Wambagans, who made the first triple play unassisted ever pulled in a world series.

TRIS SPEAKER HUNTS

DEAR AT RICE LAKE
Tris Speaker, famous manager of the Cleveland Indians, winners of the world series, accompanied by Leslie Nunamaker, his catcher, H. Clay Folger, superintendent of league park police, and Chick Halford, well-known Cleveland marksman, arrived in Peterboro to spend a week hunting and fishing at Rice Lake. The appeal of this district to Speaker and Nunamaker was instantaneous last year, and another week or two sport was irresistible this year. C. G. Gratton and T. H. Hooper, well-known Peterboro sportsmen, will be in the party, which left by motor for Rice Lake, where they will spend the week at Mr. Hooper's lodge. While at Rice Lake Speaker will be made a chief of the Hiawatha Indians.

Nearly 1,500 men will engage in athletics at Leland Stanford university this year, according to figures given out by the department of physical education.

Most Agreeable and Surest Cure is Catarrhose, Which Cures Every Curable Case.

Catarrhose proves especially good in those chronic cases where mucous drops down the throat, tickles the stomach, and pollutes the breath. The complete \$1.00 outfit of Catarrhose is sufficient for two months' treatment, and is guaranteed. Smaller size, 50c at all dealers.

QUEEN'S BACK FROM OTTAWA

Cannot Speak Highly Enough of Treatment Received.

The Queen's team returned from Ottawa on Tuesday with everybody feeling fine and all the players willing to return to Ottawa for another game at a moment's notice. All speaks in the highest terms of the treatment received at the hands of the Ottawa club. The game was a fine experience for them and there were no casualties. The trip was a decided success on the whole.

Queen's played under a considerable handicap at the Capital. The grounds were not in the best shape and were not in as good shape as the team is accustomed to here. Then they played under Big Four rules for the first half and it was hard to break away from them in the second stretch. The officials of the game were very satisfactory but could not interpret the intercollegiate rules to the mark on such short notice. Interference plays, especially, were hard to catch, the intercollegiate ruling on that point being rather hard to stick at first. Queen's wings were not totally up to the mark in many respects. Their tackling was all that could be wished for, but they did not hold their men well enough on kicks and allowed end runs to get away too easily on several occasions. They are slow in breaking up an inside kick.

BUILD COSTLY ICE PALACES ACROSS BORDER

Steps have been started to give Philadelphia a chance to see in action the best professional hockey players of the United States and Canada. Dinky Scanlan of St. Paul, head of a New York syndicate that soon will build a \$3,000,000 arena in New York city, was present at the meeting.

Ice hockey has developed rather slowly south of the Canadian border, because of the scarcity of suitable ice rinks, which remained scarce owing to the vast amount of capital required to build and maintain them. But ice hockey has been played in New York, Boston, St. Paul and several other cities.

Man O' War For England

The announcement that Man O' War may be sent to England next season to run in the Ascot cup was received with hope by the followers of racing. They believe that it would be a pity to retire the great son of Fair Play after only two seasons on the turf. They concede that there would be very little for him to conquer in America as a four-year-old, but they want to see him go against the best on the other side. First they want Mr. Riddle to match Man O' War with Euterpe. Then they want Mr. Riddle to show his wonder horse to our English friends. They want America to present to the astonished view of Britain a modern super-Eclipse—a great Ormond, a faster St. Simon—a bigger winner for two seasons than even its own record breaking sire. Says a writer in the New York Herald:

NO SILLY DINNER FOR MAN O' WAR

Man O' War, Samuel D. Riddle's great thoroughbred racer, will not attend the dinner in his honor, planned for the Waldorf-Astoria, New York. On behalf of himself and the horse, Mr. Riddle has declined the invitation of his New York friends.

SELKIRKS WRECKED BY THE TOURISTS

Joe Simpson, individual star of the Selkirk hockey team, has left for Edmonton to line up on the Eskimo defence for the coming hockey season. He was accompanied by Ernie Anderson, the Selkirk forward, who also is to don Eskimo colors. Selkirk has been bereft of so many of its hockey stars that it is scarcely likely that the team will be able to participate in local senior hockey the coming season.

WANT FIGHT BETWEEN CARPENTIER AND DEMPSEY

New York fight fans have begun the expected clamor for a fight between Jack Dempsey and Georges Carpentier. Added to the desire to see the champion matched against the best available man was the hankering to determine whether Carpentier really is the "chameleon" of the ring. Carpentier earned the title of "chameleon" when his manager claimed the fighter changes his style according to conditions, as the chameleon changes his color. Against Levinsky, Carpentier presented a wide open defense. He said this was because he had no fear of the American's powder puff punches. Against a wallop like Dempsey, he claimed, the defense would be air-tight—there would be no chance for the champion's heart-stopping punch to leak through. Carpentier will remain here until the end of the year at least, it is said to-day. The Dempsey forces were said to be eager for the meeting and it was believed an agreement and a promoter will be reached shortly.

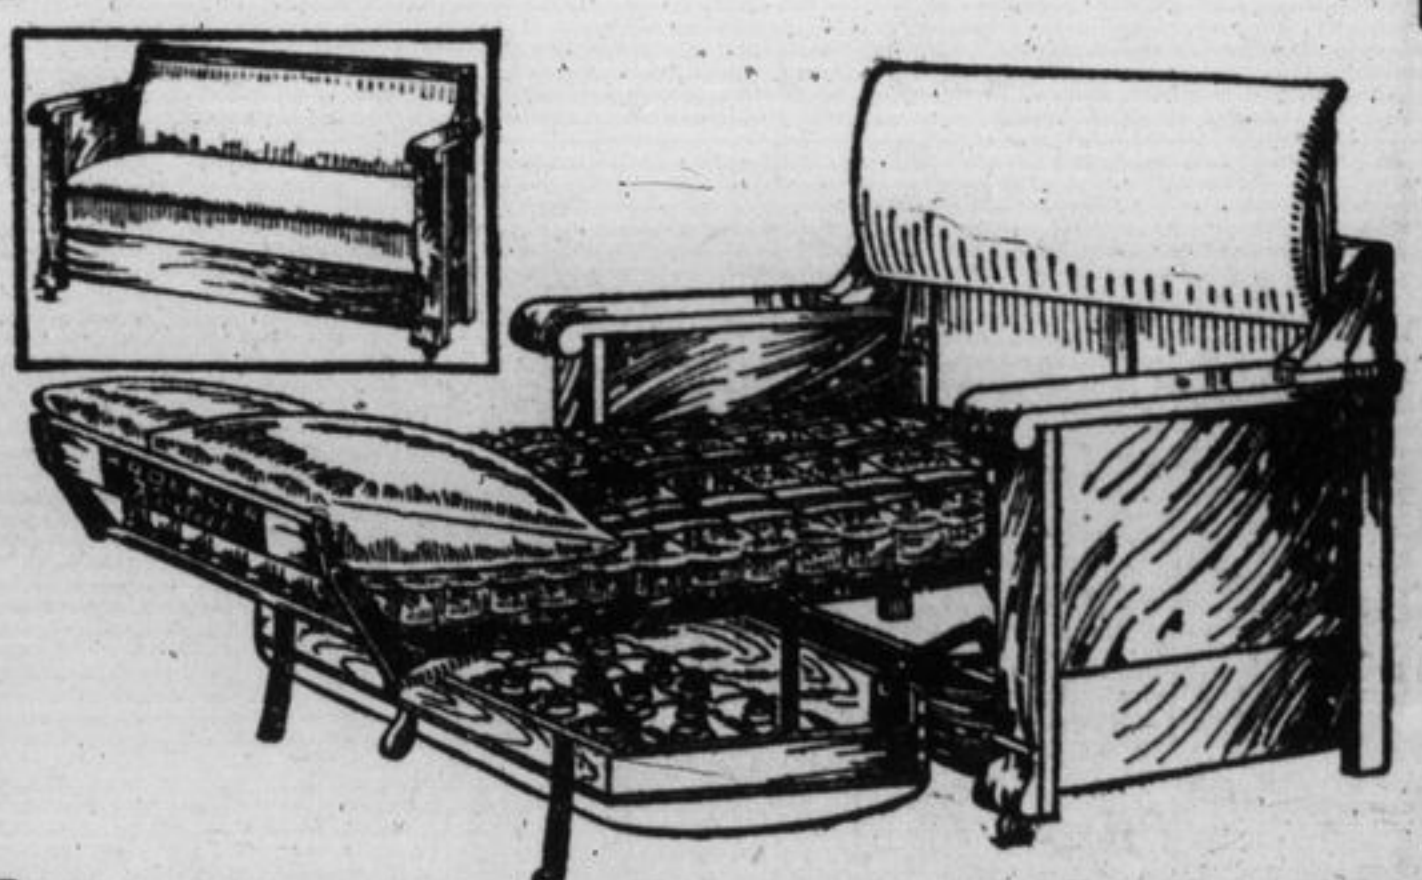

CIVILIAN TRIBUNAL TO RULE BASEBALL

Representatives of every National League baseball club and three American League clubs at Chicago, went on record as favoring abrogation of the agreement between professional leagues. Resolutions proposed a complete reorganization of baseball with the national commission abolished and a civilian tribunal of three men not financially interested in the game in complete control.

The action came after a conference lasting more than nine hours. The resolutions will be considered at another meeting November 8th, and presented to the meeting of minor league officials at Kansas City, November 9th, for their approval. All professional leagues will be invited to join with the eleven clubs acting in the proposed reorganization.

A statement issued after the meeting notified the clubs not represented that they have until November 1st, to signify their willingness to join the reorganization. If they have not come in by that time, the statement says, a twelve-club league will be formed without them. The eleven clubs represented would be included in the league and a twelfth member would be chosen from some other city.
