R. Uglow & Co.

AN eye-headache sometimes accompanied by an ache and burning sensations of the eyes is caused by an over effort of the brain to understand a blurred image that has been thrown on the retina of the eye. In the eye-camera the foci are changed by the eye muscles that swell and reduce the shape of the crystalline lens. When these muscles become weakened an optometrist must prescribe the outer-man-made lenses to bring about this focus accommodation.

KINGSTON RATEPAYERS TO DECIDE ON DAYLIGHT SAVING QUESTION

City Council Makes Silent Zones Near Hospitals—Mayor Nickle Says Police Are Unfairly Blamed Over the Traffic By-law.

At the city council meeting Monday night, Ald. Steacy gave notice that he would bring the next regular meeting that the question of having daylight saving next year be submitted to a vote of the people at the municipal elections in January. This suggestion met with favor, and the resolution of Ald. Steacy will be put into effect when council meets again on the 8th of November.

Several amendments were made to the traffic by-law, which it is hoped will make the by-law more effective. The amendments include the establishment of "silent zones" near the General Hospital and the Hotel Dieu. Hereafter automobiles are required to run only ten miles an hour on Stuart street from Barrie to University and on Brock street from University to Bagot after 10 p.m., and also to not use their cut-outs or sound their horns or sirens in those areas. Dr. A. E. Rose spoke on behalf of the General Hospital and Dr. W. Gibson on behalf of the Hotel Dieu. Notices to the above effect will be placed at corners near the hospitals.

Another change in the traffic by-law was that hereafter street cars on Princess street will stop at the first crossing instead of at the far crossing as they have always done.

Claims G.W.V.A. Insulted.

The council was addressed by J. W. Connor, president of the Kingston branch of the G.W.V.A., who asked what the mayor and aldermen intended doing in regard to the slurs cast upon the G.W.V.A. by the commandant of the Army and Navy Veterans Association, who addressed the council two weeks ago and induced them to change the date of the G.W.V.A. tag day. Mr. Connor claimed that his association had been insulted, and that the statements made about it on that occasion were untrue.

Mayor Nickle stated that he did not think council could take any action. All it did was to change the date of the tag day so as not to conflict with the Navy League drive.

Fire Truck Collision.

There was some discussion on the recommendation of the fire and light committee to refer the question of liability for damage over the collision between the fire truck and F. Ball's truck, near the corner of Princess and Division streets on the 16th inst., to the city solicitor, who would proceed to collect in his opinion Mr. Ball's was liable.

Ald. Ghown said that the firemen blamed the driver of the Ball's truck for the collision, as they declared he had violated the traffic rules.

Ald. Graham was of the opinion that the fire department was to blame for the accident by running at such a high rate of speed. Ald. Armstrong said that as far as he could ascertain probably both parties were to blame.

Ald. Clow stated that something would have to be done with regard to traffic at the corner of Division and Princess streets. Many trucks and autos stopped at the grocery at that corner, and it was difficult for autos coming up or down Princess street to see what was approaching the corner from Division.

A vote was taken on the fire committee's recommendation, and it carried by 8 to 7. Another clause in the report, stating that the collision was caused by the by-law not being observed, was struck out, as this was considered to be pre-judging the matter, when the committee did not have enough evidence.

Mayor Nickle intimated that the police department was receiving a great deal of criticism for not seeing the traffic by-law was carried out, but he asked if it was fair to expect ten or twelve policemen to see every violation that occurred. They were doing their best to summon the traffic violators, but it required pretty good evidence to secure a conviction. The police were handicapped because

citizens would not offer to appear in court and testify against car owners whom they had seen violating the by-law. The police could do nothing unless they had straight evidence. The mayor said that the police were doing pretty well in regard to enforcing the traffic by-law and the temperance act as so far this year \$7,500 in fines had been collected.

Finance Committee's Report.

On recommendation of the finance committee the following accounts were passed:

Street pay list	\$ 3,242.72
W. Arniel	11.25
Crushed Stone Ltd.	170.84
F. D. Gummer & Son	44.37

St. John's Ind. School	2.10
Victoria Ind. School	83.50
	61.00

City Hall Rental.

These recommendations of the property committee were adopted: That the rental for the city and Ontario halls be as shown in the column marked "proposed" below:

	Present Rental	Proposed Rental
City Hall		
For afternoon	\$ 7.00	\$12.00
One day and evening	12.00	15.00
Two days	23.00	25.00
Three days	34.00	37.00

Ontario Hall. In conjunction with City Hall \$ 4.00 \$10.00

That the application of the Mothers' Allowance Local Board for the use of the room in the City Buildings lately occupied by Col. Hunter, be granted, at a rental to be decided upon by the property committee.

Board of Works.

These recommendations of the Board of Works were adopted: That the application of the Canadian Bank of Commerce to erect a sign at their office, corner Princess and Clergy streets, be granted.

The petition of H. W. Watts for a sewer on Brock street, from Frontenac street westerly 160 feet, having been sufficiently signed, be granted.

That whereas a petition has been properly signed and council has passed a favorable resolution that a six-inch water main be constructed in Toronto street from Brock street, northerly to Dundas street, under the local improvement provision of the Municipal Act; also that two hydrants be erected in Toronto street.

Other Business.

A by-law was passed by which the corporation of the city of Kingston and John Peters exchanged some land on Brock and Toronto streets, of advantage to both.

Another by-law was passed amending the public markets by-law in accordance with the new provincial act. On motion of Alds. Steacy and Craig agreement between the Ontario and City Limited and the city was ordered signed by the mayor and clerk. Ald. Steacy stated that the organization of the company was being completed.

The council decided to make no charge for the use of the city's concrete mixer at the Richardson stadium at Queen's university, regarding the stadium as something that all the citizens would enjoy, it being a public gift.

Ald. Patterson wanted council to request the Court of Revision to sit in the evening or on a Saturday afternoon for the benefit of the workmen who did not feel like losing half a day in order to appear when assessment appeals were taken up. The city clerk stated that the court had decided to sit on Saturday afternoon, Nov. 6th. The notices of the dates of sitting were already out, and could not now be changed for this year. There would be other sittings of the court later for other matters.

These communications were read: L. Abramson, asking permission to extend a verandah on city property. W. B. Wilkinson, K.C., law clerk private and municipal bills, notifying council that the Ontario legislature will meet early in January.

Those in attendance were: Mayor

ENTERTAIN THE FRESHMEN

The Final Year Gave Students a Good Time.

The freshmen are the guests at a number of entertainments given at the college in their honor. On Monday afternoon, Arts '21 invited the freshmen to their regular

meeting. After the business was disposed of, a short programme was given, at which Messrs. Bancroft and Fry entertained the visitors. Another feature of the entertainment was the reading of the final year's official paper, "The Eyeopener," which proved very amusing. Before departing, the freshmen moved a vote of appreciation to the final year.

TWICE TOLD TALES

News of Kingston

TEN YEARS AGO.

Benjamin Waterworth, of London, has been in the Kingston penitentiary 112 times. No watch is kept on him, however, as he is a deputy sheriff and comes down with prisoners.

After marrying five men inside a year a Chicago woman thought she had done her share in the matrimonial market. The jury decided that she had done more than her share.

A girl in Toronto, who is prominent in athletics, threw a baseball 283 feet.

Queen's line has only been crossed once this season in the rugby contests. Varsity will have to work hard to get over it.

John Quiry, of Arer, while examining the city water works intake pipe, became unconscious. The men above, alarmed by the absence of any signals, hauled him up and he was revived.

TWENTY-FIVE YEARS AGO.

No less than eight city clergymen refused to officiate at a funeral on the same afternoon as the monument unveiling. The last rites were read by the undertaker.

Five pages of the British-American Hotel register were filled with the names of visitors on Wednesday. About one hundred people are expected from Toronto with the Osgoode team, which plays Queen's for the championship here on Saturday.

The Bell Telephone will shortly have the long distance line from Kingston to Toronto completed.

If Queen's defeat Osgoode this year people will be asking what they will win next. Almost every possible championship this year has been captured by the local college. Queen's freshmen's reception takes place tomorrow evening.

LETTERS TO THE EDITOR

Socks and Comforts Arrived. Kingston, Oct. 26. — (To the Editor): I have just been informed that the cases of socks and comforts, to which I referred in my last letter, did arrive in France. As I myself was on active service at that time, and not in Kingston, I was going entirely on information from a former warrant officer in the R. C. H. A., then in France. The cheque referred to was endorsed by the present commandant. This fact, coupled with the statements of the comrade, created the impression that an explanation was necessary.

So, Mr. Editor, it was of use bringing the matter up. Many who have been in ignorance know now. That is what we want. I did not doubt the Standard or anyone else, but we did not wish to remain in the dark with nasty rumors about. If a wrong impression was created, I apologize. Yours truly

WILLIAM SUSMAN,
2nd Vice-Pres. G.W.V.A.,
Kingston Branch.

Switzerland is the only country in the world where the goat is placed ahead of all other animals, and even of human beings. If a railroad train driver sees a goat on a track the train must halt until the animal can be coaxed to remove himself.

Hood's Sarsaparilla Makes Food Taste Good

Creates an appetite, aids digestion, purifies the blood, and thus relieves eczema, catarrh, the pains and aches of rheumatism and gives strength to the whole system. Nearly 54 years' phenomenal sales tell the story of the great merit and success of Hood's Sarsaparilla. It is just the medicine you need now. Hood's Pills help—fine cathartics.
