**PARK AS AN HOTEL SITE**

City Council Asked to Offer  
Clarence Street Park  
to Company.

The Clarence street park, which has been proposed as an hotel site is regarded by many as an ideal site. To those concerned with the purely financial side of the hotel question, the site is the whole thing, it just means the difference between an hotel and no hotel. The site is equivalent to \$50,000 and it is felt that the city should, if at all possible, give it to the company, which has been incorporated, for the purpose of performing the business of the committee in a legal manner.

On Monday night the application from the company was read to council and referred to the finance committee. Many of the members of the council, who are interested in the work of the hotel committee, will be glad to give their assistance.

A Toronto architect, who was in Kingston recently, declared that the Clarence street park is an ideal site for an hotel, but a failure as a park, being too close to the bustle of the business section. A modern hotel can be erected on it that will be a credit to Kingston and will greatly enhance the value of the adjacent property. The fifty thousand dollars for a site will go into the building and this would be a handsome contribution by the city.

The balance of the money needed to secure the city's guarantee of the bonds has been subscribed, and the financial situation is as follows:

Amount actually subscribed	\$126,000
Site	50,000
Amount of bonds to be guaranteed	352,000

Total \$528,000  
It is apparent that the city council is now called upon to say whether it wants the hotel or not. Those who have worked to bring success to the project are confident of securing the support now needed when the hotel is within sight.

"Bringing Up Father" To-night.  
A genuine laugh-getter "Bringing Up Father at the Seashore" is announced as the attraction at the Grand Opera House to-night and Wednesday matinee and night. This splendid organization is a combination of laughter and melody and is based on the famous cartoons of George McManus. Gus Hill, who originally brought the cartoons from the confines of the dailies to the stage, is said to have provided a cast of well known musical comedy players, with the result that a performance unusual and diverting may be expected. The plot of the new comedy tells of the experiences of the Mahoney clan at the seashore. Fully twenty catchy song hits and luring numbers punctuate the offering which is said to be the most amusing of the "Bringing Up Father" series offered so far.—Adv.

"The Maid of the Mountains."  
"The Maid of the Mountains," the biggest spectacular musical comedy success in the world's history, with the entire London company, will be the attraction at the Grand Opera House, Saturday, October 30th, matinee and night. "The Maid of the Mountains" comes here direct from Daly's theatre, London, Eng., where it ran for five years, breaking all world's records for a continuous run of one musical comedy. The piece is described as a musical play in three acts, with the book by Frederick Lonsdale, lyrics by Harry Graham, F. Clifford Harris and Valentine, music by Harold Fraser-Simson and additional numbers by James W. Tate. Among the musical numbers, most of which have already found their way to Canada via "His Master's Voice," are: "Friends Have to Part"; "Live for To-day"; "My Life is Love"; "Farewell"; "Dividing the Spoil"; "We're Gathered Here"; "Love Will Find a Way"; "Save Us"; "Dirty Work"; "A Paradise for Two"; "Husbands and Wives"; "Bachelor Gay"; "I Understand"; "When Each Day"; "Good People, Gather Around"; "When You're in Love"; "Over There and Over Here," and "Friendship and Love."  
The music in "The Maid of the Mountains" is almost operatic in its beauty, soul-stirring grandeur and brilliancy and it requires a cast and chorus of highly trained voices to interpret it. For that reason the entire London company is being brought here intact.—Adv.

Renfrew Seeks New Collegiate.  
At a meeting of the Renfrew Board of Education, the question of a new collegiate building was brought up, the board stimulated thereby by the report of the inspector which utterly condemned the present building, the highly complimenting the principal and staff on their efficiency. **A KINGSTON LETTER IN AERIAL SMASH-UP**

The Air Pilot Was Burned to Death When His Fuel Tank Exploded.

Mrs. R. E. Genge, 48 Clergy street, received a letter on Tuesday from her nephew, P. W. Leslie, secretary to the manager of the Chicago and Northwestern Railway. In this letter she was enclosed an envelope of a letter she had mailed on the 16th of October. This envelope had printed on the corner: "Contents damaged by air mail service," and was singed by fire. There is an air mail service established between Chicago and Omaha, and on the 16th inst. the pilot, bringing the mail into Omaha, became confused in the fog, and became mixed in the telegraph wires, which brought him down with a crash. His fuel tank exploded, and as he was strapped in, he was burned to death.
