PRAYERS FOR THE DEAD

Nothing Objectionable to it if it Leads to More Sincerity.

Special memorial services were held in St. George's cathedral on Sunday morning and evening as the day was the anniversary of Pascha-daede and decoration day in memory of those who fell at Vimy Ridge. Rev. Mr. Kidd was the preacher in the morning and Dean Starr in the evening. Dean Starr took for his subject "The Communion of Saints." The dean drew special significance from the fact that it was the eve of All Saints' Day. The speaker saw a great awakening taking place in spiritual things by the longing and craving of the people for a better understanding and loving communion with the spirit world, and to know that those who have gone before still have an interest in us. These things show that there is a new consciousness. He touched also upon the question of prayers for the dead and showed that the Jewish church and the Christian church, up to the time of the reformation, made use of prayers for the dead. There is nothing objectionable to it if it leads to more sincerity in work. Dean Starr referred very feelingly to those who laid down their lives for the country.

On Monday, All Saints' Day, special services were held at the cathedral, and the names of all who passed to rest during the year were read. Spoke on "Great Hymns."

At St. Andrew's church on Sunday evening, Rev. J. W. Stephen continued his special series of sermons on "Great Hymns," taking up the hymn "Nearer My God to Thee." Rev. Mr. Stephen dealt with his subject in a most interesting manner.

At Cooke's Church, Rev. Prof. MacFadyen, D.D., who is to be inducted at Queen's theological college to-night, occupied the pulpit of Cooke's church on Sunday evening, and delivered a most inspiring sermon. Rev. Prof. J. O. Watts was the preacher at the morning service and delivered a timely discourse. The choir rendered an excellent programme of music.

THE RITE OF CONFIRMATION

Performed in St. Mary's Cathedral—The Candidates Numbered 374.

The rite of confirmation was performed at St. Mary's cathedral on Sunday morning by Archbishop Spratt, and the number of candidates was unprecedented in the history of the parish, there being a total of 374, of whom thirty-five were adults, 165 girls and 164 boys. His Grace was assisted by Rev. Father Hanley, with Rev. Father Lacey as master of ceremonies. In the sanctuary were Rev. Fathers Coyle, Hylan and Farrell. His Grace addressed the candidates before the ceremony in a very feeling manner. The cathedral was crowded by parents and friends of the children. The last confirmation took place four years ago.

On Monday morning, All Saints' Day was observed by pontifical high mass, which was sung by Archbishop Spratt. Rev. Father Hanley was assistant priest, Rev. Father Farrell, deacon, Rev. Father Coyle, sub-deacon. The boys' choir under direction of Rev. Father Lacey rendered Monestelo's Mass, the choir being taken by Masters Woodhouse, Gratton and Jeffries. The offertory and Credo were beautifully rendered by the organist, Prof. Noury, assisted by Messrs. Kane, Bryson, Dr. Beattie, N. Preine. The offertory was rendered by the organist. At the conclusion of the service the boys rendered "Long Live the Pope."

TWO WHISKEY CASES IN POLICE COURT

James Mullin, Toronto, is Heavily Fined—Herbert Leech Remanded.

James Mullin, Toronto, is running in hard luck. He is the young fellow who was taken off a Montreal train here last Friday, for being intoxicated. He had two suit cases filled with liquor, when placed under arrest by License Inspector William McCann and Constable Leslie Armstrong. In police court Monday morning, Mullin had two charges to answer to, that of being intoxicated in a public place, and that of having liquor in a place other than his own private dwelling. On the former charge, he was fined \$10 and costs, and on the latter charge, \$200 and costs. He pleaded guilty to both charges, through his counsel, T. J. Rigney. The liquor will also be confiscated.

"He produced the whiskey, and I produced the money and paid him for it," said Herbert Leech, when telling the court about having secured a bottle of liquor from a "stranger." He paid \$3 for the bottle on Saturday night, which goes to show that witches and goblins were not the only people plying their trade. Bootleggers must have been doing a little business on the side.

HELD SUNDAY SCHOOL RALLY.

An interesting programme at Calvary Church on Sunday. An interesting programme was carried out at the Sunday school rally service held at Calvary Congregational church on Sunday afternoon. Rev. A. Brown, the pastor, presided. The special speaker for the occasion was Lieut.-Col. Alexander Gordon, who gave a most interesting talk to the children who listened very attentively throughout and were much impressed with the remarks of the speaker. Most inspiring addresses were also given by Ernest Watt, superintendent of the Sunday school, and Mr. Lilley, of the Y. M. C. A. During the service Miss Woodman rendered a beautiful solo, Miss Fosselwhite played the accompaniment. The offering totalled \$12.52.

LATE SEN. RICHARDSON'S VIEW
To Show if the Hudson Bay Railway Was Necessary.
Toronto World.
The late Senator Richardson once made an excellent suggestion respecting the Hudson Bay railway. Whether the road be worth building or not hinges entirely upon the length of time that navigation is open. Details on this point are meagre and most contradictory. Mr. Richardson suggested that the government charter three vessels and have them go back and forth from Nelson or Churchill to Liverpool for three seasons and see what happened. If they could only get in and out of port two months in the year the route would have to be given up; on the other hand, if navigation were open, say, five months, the route would be a success and the building of the Hudson Bay railway a commendable enterprise. Of course, the recommendation was never acted upon, being entirely too sensible and businesslike for any ordinary government. It was made in a confidential letter written to Sir Wilfrid Laurier in 1908, but by that time politics had forced the government of the day to promise to go ahead with the road, and the opposition went after them so savagely for not going faster that the Borden government had no choice but to build the road and take chances when it came to power in 1911.

To Seek the "Pen."
Wages and tobacco may soon be supplied to prisoners at Kingston. When that becomes the rule one may expect to hear many eloquent appeals in court to be sent to the "pen" rather than to one of those common jails, where no other amusement than playing "How Dry I Am" on a stone with a sledge-hammer is available.—Ottawa Citizen.
