

Sportsmen

Your Opportunity!

You've decided to take a few days' holidays and go after the winged game

When out shooting there's nothing worse than an ill-fitting Coat. It makes both you and your aim pretty poor. We have just what you need.

A VERY GOOD JACKET

Light in weight but warm, and there's plenty of room for odd things you want to carry. They come in colors which harmonize with your surroundings, and the price is very reasonable.

If you wish, we have the heavier MACKINAW COAT—very roomy, in all sizes. They also come in assorted colors, and are very attractive. Prices are exceptionally attractive.

Drop in when you are passing and let us show them to you.

When you do go on that trip, you also need an Eveready Daylo—the light that says "There It Is." No missing your path or falling in ruts if you get one of these DAYLO'S. We recommend any model—they are all good.

Come in, even if it is only to look around.

Store Hours: 8 a.m. to 8 p.m. Saturdays 10.30 p.m.

McGILL'S VICTORY NOT SATISFACTORY Superiority Over Queen's Not Shown in Decisive Way.

Montreal Gazette: Although McGill won, their victory was a disappointing one, as it was not as nearly decisive as was looked for by followers of the team. While McGill used a line player for the line plunging, Queen's adopted different tactics. The visitors used McKeivley, one of their half-backs, for all the bucks and end runs. At line plunging McKeivley was marked too closely to gain ground, but he invariably gained by end runs. He was the outstanding player of the Kingston team.

Rugby Game Here.

With a lead of eight points, McGill II will journey to Kingston next Saturday for the return game. The team that makes the greater number of points in the two games will play Western University fourteen of London for the title of intermediate collegiate champions.

SPITBALL PITCHERS

To Be Allowed to Continue in Major Leagues.

There is little doubt that the code of baseball playing rules will not be subjected without further changes.

The "dead ball" rule and the "passing out of bounds" rule were long ago eliminated, and the "intentional pass" rule is virtually a dead letter, as pitchers who are determined to pass a batsman have found a way of doing so, even without resort to the "bean" ball.

The suggested change in the pitching rules allowing the use of rosin or talcum by pitchers merely for the purpose of drying the hands, while favored at first by the league presidents, was, upon second thought, denied apparently in fear that this concession might open the door to abuses of the privilege and to further demands by the pitchers, a vast majority of whom have benefited rather than handicapped by the new pitching rules.

One pitching rule will, however, be changed, if not now at the close of the season, and that is the one-year tenure of the "spit ball" pitchers. These, instead of being eliminated at the end of the season, will be allowed to continue as long as nature permits, the restriction applying only to new pitchers coming into the major leagues.

This means further service for Quinn, Coveleskie, Shocker, Douglas, Grimes, Doak and the rest of the most of their first class workmen of excellent reputation, and pitchers whom their clubs could not replace for love or money.

An amendment to the National agreement rule limiting the number of players a club may carry from September to May 5th to thirty-five men, has been agreed to, and henceforth a club may carry forty players. This will permit a club to carry just so many more young players, and was made necessary by the extraordinary number of minor league players purchased this season in view of the fact that there will again be no drafting for another year. It also serves to show the utter contempt

into which the National Association rule against the employment by minor clubs of optional agreement players from the major leagues, has fallen.

HOCKEY TOURISTS

Need for Investigation of Manitoba Conditions.

The Toronto Globe says: "The Manitoba Amateur Hockey Association has pledged itself to a thorough, fearless investigation of the players within its jurisdiction. The difficulty of substantiating rumors and charges of underhand practices by spurious amateurs is very great. Action cannot be taken on hearsay accusations. The Ontario Hockey Association is in a similar position to its sister organization in the west, its attention is repeatedly called to the conditions not in accord with the spirit of the genuine amateurism which it is endeavoring to maintain. Whenever and wherever, there is proof of the willful transgression of its rules by clubs or individuals, punitive action is immediately taken.

"Tourists" who merely comply with the August 1st residence clause are not entitled to players' certificates because of that fact. The O. H. A. is under no obligation to issue certificates to any player. Certificates are issued at the discretion of the association, and the application of any player may be dismissed, even though that player be eminently qualified in every respect. There is record of a player whose application was dismissed, and who brought action in the courts to compel the O. H. A. to issue a certificate in his name. The plaintiff was beaten. That decision strengthened the hands of the association as some players will undoubtedly learn when applications for certificates for the forthcoming season are made."

R. C. A. SOCCER TEAM DEFEATS SHIPBUILDERS

The R. C. A. defeated the Shipbuilders by a score of 4 to 0 in a friendly game of soccer at the cricket field on Saturday afternoon. The result shows conclusively that the R. C. A. team was not crippled by the removal of "C" battery and the loss of four good players. They make footballers at the R. C. A., and knowing the high state of excellence attained, the fans would like to see them meet some of the outside teams.

OTTAWA AND HAMILTON STILL IN THE RACE

There's a new complexion to-day on the championship race of the inter-provincial amateur football union. Both the Ottawa and Hamilton teams are back in the championship race, and there is a possibility of a two or three-cornered race for the Big Four title.

Varsity Hockey Club.

The annual meeting of the University of Toronto hockey club was held in the Hart house and with the material on hand prospects are again bright for a successful season. Last year Varsity won the intercollegiate championship and were into the Allan cup finals, they losing out to the champion Falcons. The champions are intact this season and with Rod Spaville and Stanley Brown of the Dentals, and other new players to choose from they should be even stronger this season. They will again be presented in the intercollegiate and the O.H.A.

FRANCIS NELSON WILL OFFICIATE AT TIA JUANA

Francis Nelson, of Toronto, who for the past few years has been the Canadian Racing Association's steward at all race meetings in Canada, has been engaged by Jack Atkin and James Coffroth, of the Lower California Jockey Club, to act as presiding judge of the impending meeting at Tijuana, which will begin on Thanksgiving Day and run 103 days or more. Mr. Nelson is known all over Canada and the United States as one of the most efficient racing officials in the game. For three or four years he was presiding steward at Hot Springs. Last winter and the winter before he served in the same capacity at Jefferson Park, New Orleans. Last fall, after the death of William P. Spurgeon, of Washington, Mr. Nelson served as the representative of the Southern Maryland Agricultural Association in the stand at Prince George's Park, Bowie, Harry Morrissey, whose starting-in-Canada through the past won wide commendation, will start the horses at Tijuana. Mr. Coffroth and Mr. Atkin have not yet decided who will be Mr. Nelson's associate in the stand at Tijuana.

Who Are The Men Behind.

Chief interest in the Dempsey-Carpentier fight now centers on speculation as to the identity of the mysterious Cubans who are said to have offered a fortune for the bout.

Richard and his fellow partners will not talk, and the principals and their managers deny any knowledge of the Cubans.

Jack Keans, manager of the champion, said that a Cuban tobacco merchant of the island, Marcus Gonzalez, had offered him \$100,000 to put Dempsey in the ring with the Spanish heavyweight, John Padron Sanchez, but John was knocked out by an English half-rater shortly after the offer was made.

Don't waste all your flowers on the dead. Throw a few blossoms to the live ones once in a while.

Weak, Nervous Children Quickly Gain Strength Under Following Plan

Nervousness, just like weakness, is a family predisposition. We inherit tendencies to disease just as we inherit physical resemblances. The strain of study, social duties, work at home—these all tend to make nervous troubles among children. No wonder that St. Vitus Dance, Epilepsy, and constant headaches have become alarmingly common. Pale, nervous, listless young people are met everywhere.

It is nothing short of criminal for parents to neglect signs of weakness in their children. By ignoring the slightest symptom of nervous or mental strain, you may condemn your child to life-long invalidism. If any member of your family complains of headaches, fear of going into dark places, give them that wonderful tonic, "Ferrozone." Strength of body and mind, hardy nerves, ability to study with comfort, all the attributes of health quickly follow the use of Ferrozone. It establishes strength, color, endurance, vim—does this by filling the whole system with nourishment and tissue-forming materials.

It's because we know the enormous good that Ferrozone will do, because we are sure every child and even grown folks will be permanently benefited, that we urge you to give it a trial. All dealers sell Ferrozone in 50c. boxes, six for \$2.50.
