Rich, Red Blood Necessary to Health
When the Blood Becomes Weak and Watery a Tonic is Needed to Build it Anew.
Why are we being continually told that good, health-giving blood must be bright red? What has color to do with the quality? Just this—the oxygen in the air is the great supporter of all organic life. One function of the blood is to take the oxygen from the air which it carries in the lungs and deliver it to the tissues of the body. When the blood, filled with life-sustaining oxygen, is sent out by the heart, it is bright red. When it returns, impure and deprived of oxygen it is dark.

You will therefore, that there are two prime requisites of health, pure air and bright red blood—the pure air to furnish the oxygen, the rich red blood to carry it where it is needed. Dr. Williams' Pink Pills make your blood rich and red because they increase its power to carry oxygen, actually making it so much more able to carry increased life and strength to every organ in the body.

Pale, anemic people whose nerves are on edge, whose cheeks are pale, and who tire out easily, should try Dr. Williams' Pink Pills, and not the steady improvement that follows their use. A case in point is that of Mrs. J. P. Rolston, South River, Ont., who says:—"About two years ago my system was in a badly run down condition; and I kept growing worse all the time until I could hardly do my housework. I had severe headaches, and pains across my back and under my left shoulder. I did not sleep well and would feel just as tired when I got up in the morning as when I went to bed. Life seemed a burden. I had taken doctor's medicine for a long time, but it did not meet my case, at least it did me no good. Then as a result of reading about Dr. Williams' Pink Pills I decided to try them. When I had taken a couple of boxes I felt much better, and when I had taken five boxes more I felt that I was again a well woman. I have not since felt any return of the trouble and I advise all women who are broken in health to give Dr. Williams' Pink Pills a trial."

These pills are sold by all medicine dealers or will be sent by mail, post-paid, at 50 cents a box or six boxes for \$2.50, by The Dr. Williams' Medicine Co., Brockville, Ont.

To Locate at Westbark.
Mr. and Mrs. Britton Barker, Arden, and family have moved to Westbark, where they have purchased a brook, where they have purchased a grocery and butcher shop and five acres of land. Their friends wish them luck in their new home. They were given a send off, when the house was crowded with neighbors, in which they are held. Rev. Mr. Stocker called the people to order, and a very appropriate address was read, and Mr. and Mrs. Barker presented with a sum of money.
