Promoters Deny Dempsey Will Meet Jess Willard

Promoters of the Dempsey-Carpenter heavyweight championship bout denied that this contest would be preceded by one between Dempsey and Jess Willard. The return match between the present and former title holders is scheduled to take place March 17th, according to a statement made by Dempsey in Montreal yesterday.

It is known, however, that such a match has been in the making for some time and a definite announcement is expected to follow the formal signing of the Dempsey-Carpenter contract, which has been set for Friday. Willard and many of his supporters have been clamoring for a return battle against Dempsey, but tentative arrangements made several months ago to bring the pair together again were sidetracked when it was seen that there was a reasonable choice to match Dempsey and Carpenter.

It is stated on good authority that the contract that Dempsey and Carpenter will sign in this city on Friday will permit Carpenter to engage in fistic battles in Europe and Dempsey in the United States before their clash next summer. Neither can invade the pugilistic territory of the other prior to the championship fight. A clause will provide that in case either Carpenter or Dempsey is defeated previous to their meeting in the ring, the contract which they are expected to sign Friday will become null and void.

ANOTHER INTERNATIONAL YACHT RACE IS PROPOSED

Paul Hammond, of New York; Guy Lowell, of Boston; Paul Lrexel, of Philadelphia, and E. W. Stewart, of New York, have challenged British yachtsmen to a race, which, it is hoped, will become an annual event, says the Daily Mail. It has been suggested, according to the newspaper, that the first race be held in British waters next summer, and thereafter alternately in United States and British waters.

The challenge, it is said, virtually has been accepted on behalf of four prominent English yacht clubs, by a well-known yachtsman to whom the challenge was sent.

The London Mail understands that Sir Charles Allom and W. P. Burton, captains of the Shamrock IV in the America's cup races last summer, are among those interested in the challenge.

GIANTS TRAINING SCHOOL FOR BASEBALL MANAGERS

The release of Johnny Evers by the Chicago Cubs and another to the long list of players who have been let out by John J. McGraw in order that they might accept an opportunity to become manager of a major league club, McGraw traded Roger Bresnahan to the Cardinals twelve years ago when Roger was wanted as a manager, and since that time he has released Wilbert Robinson to Brooklyn, Charley Herzog to the Reds, Chas. Mathewson to the Reds, Pat Moran to the same club, George Gibson to the Pirates, and now Evers goes to the Cubs.

EXPECT \$5,000,000 FROM DEMPSEY-CARPENTER FIGHT

The latest from New York is to the effect that the Dempsey-Carpenter fight, the Dempsey-Carpenter affair, and that all this Havana talk was camouflage to keep political opponents of Governor Smith off the track until after the election. An arena is to be built seating 100,000, the average being about \$50. That means that the receipts will be \$5,000,000. The arena and expenses will cost half a million. Dempsey will get \$390,000, Carpenter \$200,000, and the promoters will pocket the other \$4,000,000 minus the Boxing Commission's percentage—if they fill the place.

Rugby Interference Rule

Toronto Telegram: According to a number of well informed rugby men, there will be a movement at the next annual meeting of the Inter-provincial rugby union to do away with the four-yard interference introduced by the Big Four and college unions this season. It is claimed that the teams take too many liberties with the four yards, and usually stretch it about that far again.

Avoid Harsh Pills! Doctors Condemn Them

Most pills unfortunately are harsh and drastic; they cause inflammation and great discomfort. Rather like nature is the way a pill should act, mildly but effectively. Science has established nothing more satisfactory as a family pill than the old reliable pills of Dr. Hamilton's, which for forty years have had a premier place in America. Dr. Hamilton's Pills are very mild and can be effectively used by the aged, by children, and indeed by men and women of all ages. No stomach or bowel medicine is more reliable. No remedy for indigestion, headache or biliousness is so effective, so mild, so certain to quickly cure as a 25c box of Dr. Hamilton's.

WOMAN TEACHER BELIEVES IN BOXING TO DECIDE DISPUTES

While Miss Alice M. Hodge, Principal of Webster school, Chicago, believes in a resort to fistic prowess by her pupils, when all other means of settling difficulties have been exhausted, she is heartily in accord with school authorities who seek to stamp out corporal punishment in the schools.

Miss Hodge recently referred a boxing bout between two of her pupils. The contest was staged in the school basement, after she had made every effort to adjust their differences. The story came to light when the mother of the vanquished boy filed complaint against the principal.

U. S. LADY HOCKEYISTS ARRIVE IN ENGLAND

The Philadelphia girls' hockey team has arrived in London to meet women teams from various parts of England. The team of fifteen members is captained by Miss Elizabeth Cheston. Considerable interest is shown in the matches here, as the standard of woman's hockey in America is unknown, this being the first time a women's team has been matched against English players.

MAY BUILD HOCKEY RINK IN NEW YORK CITY

It now looks as if a hockey rink might be built in New York with Canadian and mostly Montreal capital. Since Scanlon, the former manager of Bobby McLean when the latter went to Norway, seems to have thrown in his lot with the Canadian hockey association forces which are supposed to have their headquarters in Toronto, Thomas Duggan, Managing Director of the Mount Royal Arena, is said to be prepared to bear the New York winter sport lion in its den.

He is reported to have enough Canadian and Montreal money promised to erect a fine rink in the United States metropolis and it is stated that preliminary arrangements in New York is reported to be skating crazy.

CONDEMN ALLEGED AMATEUR LEAGUES

At annual meeting of Victoria, B.C. Senior Hockey Association, a resolution was passed condemning the doings of the Saskatchewan Amateur Hockey association and the Big Four Hockey league of Alberta, which are charged in a resolution with making no attempt to conduct their senior leagues along amateur lines.

Minor leagues, it is said, if there is agreement for a joint National Commission to govern all baseball, would likely favor J. Cal. Ewing, of Oakland, and Dan O'Neill, president of the Eastern League, for their two of the Eastern League, for their two members. At least these names have been among the earliest suggested.

QUEBEC FRANCHISE GOES TO HAMILTON

The announcement made here that Hamilton is to get the Quebec club franchise in the N.H.L., and that the league is to be made up of Toronto, Montreal, Ottawa and Hamilton, is good news for the hockey fans, and has set at rest the many inquisitive minds that have been for so long wondering what was going to happen. The official announcement was made by Percy Thompson, the Hamilton manager of the Arena, and it is further stated that all credentials are tucked safely away in the company's safe.

With the Quebec franchise, Hamilton gets all of last season's players, and everything else that goes with it—but, as one fan said, a lot more luck as to winning championships. And the whole idea is looked upon with favor, the one of being able to buck this sporting bunch of Toronto suiting all of Hamilton's sport followers.

BRITISH FOOTBALL TEAM COMING TO CANADA

According to information received in Toronto soccer circles to-day, a team composed of well-known and popular old country players will visit Canada next summer.

Jack Johnson, the referee, during his trip overseas, and from which he only recently returned, broached the subject of a Canadian tour in the presence of a number of Scottish professionals. The players jumped at the idea like a "Cock at a Grouse," and the outcome was permission from the Scottish Football Association to undertake such a tour. The team, if everything progresses according to a provisional programme, will be made up of prominent players selected from league clubs, and in conformity with a ruling of the D. F. A., will for purposes of the tour, take the name of a Scottish club yet to be decided on. All the players will be amateurs, which may amount to perhaps \$20,000. It is to be hoped that this British team will visit Kingston.

NEW AI OFFICIAL RINK FOR OTTAWA NEXT YEAR

Ottawa will have a new rink for next year, and will have an artificial ice plant, and what's more, C. H. A. hockey will be played in that city the winter after this. The site for the rink has already been selected, and enough money has been raised by Ottawa people to give the capital an up-to-date arena. In fact, those behind the project do not want any outside capital.

This year those behind the C.H.A. approached Ted Dey, of Ottawa, regarding securing his arena for hockey purposes, but the nothing doing sign "was blown out when it came to talking business. Had the property been freehold and a long lease obtainable purchase the Dey rink might have been considered, but as the lease has only about three years to run as a business proposition it was out of the question.

At annual meeting of Victoria, B.C. Senior Hockey Association, a resolution was passed condemning the doings of the Saskatchewan Amateur Hockey association and the Big Four Hockey league of Alberta, which are charged in a resolution with making no attempt to conduct their senior leagues along amateur lines.
