

AMONG THE MOVIE STARS

Martha Mansfield

Viola Dana

Bessie Barriscale in 'Life's Twist'

Laura La Plante

Magazine Cover Star—Bringing Up Father—Between Acts—Hero of Bride 13—Another Bathing Beauty.

MARTHA MANSFIELD who is appearing opposite Eugene O'Brien in "The Thug," is the girl whose likeness has been adorning most of the magazine covers for two years.

She started out six years ago to be an actress and made her initial appearance in "Op 'O my Thumb." Her unusual beauty at once attracted attention of noted artists and illustrators with the result that she gave up the stage for two years to pose for them.

Harrison Fisher, the artist, called her the most beautiful model of the day.

She returned to the footlights in "The Century Girl," and scored an immediate success. She subsequently appeared in "On With The Dance," and the Zerkel Polles and Midnight Frolic. Her most recent success in pictures was with John Barrymore in "Dr. Jekyll and Mr. Hyde," and in a picturization of "Civilian Clothes." She screens like a cameo.

very seriously. The cut shows them talking over the script before the camera shoots. "Bill" Duncan is director as well as star and he is instructing Miss Johnson in the business of his latest serial thriller. Before going on the screen with Mr. Duncan, Edith Johnson was known universally as "The Eastman Kodak Girl." She is admittedly the most photographed type in the world. She has been Mr. Duncan's leading woman for three years and their combined popularity with lovers of the chapter-play is the talk of the motion-picture field.

William Duncan before he went photographing type in the world. She has been Mr. Duncan's leading woman for three years and their combined popularity with lovers of the chapter-play is the talk of the motion-picture field.

band loves her, and not knowing that it was her mother, who, anxious to get into society, engineered the marriage. Muriel overhears her husband telling his sister that he married the girl because of a money consideration. Indignant, and humiliated, Muriel adopts a course of cold indifference toward her husband. In the months that follow Stephen de Witt slowly comes to realize the fine character of the woman he has married and falls desperately in love with her, but a wall of misunderstanding has grown up between them, and Muriel will not listen to his declarations of love.

Then in a frenzy of anger de Witt conceives a diabolical scheme, which furnishes one of the most dramatic incidents in the story.

John O'Brien

William Duncan and Edith Johnson

But for the presence of sweet and pretty Laura La Plante as "Nora," so often standing between "Jiggs" and "Maggie" in the George McManus cartoon comedies, the task of "Bringing Up Father" might have been simpler, but doubtless more nearly tragic than comic. Nora is like soothing syrup to Father, and takes much of the domestic sting out of Maggie.

William Duncan and Edith Johnson, William Duncan, star of "The Silent Avenger," and his leading woman, Edith Johnson, take their work

What would you do if on your wedding night, you suddenly discovered that the man you loved, did not marry you because he loved you, but merely for your fortune?

This is the situation Bessie Barriscale finds herself in as Muriel de Witt, a beautiful young society girl in her latest production "Life's Twist." Believing that Stephen de Witt, her hus-

band loves her, and not knowing that it was her mother, who, anxious to get into society, engineered the marriage. Muriel overhears her husband telling his sister that he married the girl because of a money consideration. Indignant, and humiliated, Muriel adopts a course of cold indifference toward her husband. In the months that follow Stephen de Witt slowly comes to realize the fine character of the woman he has married and falls desperately in love with her, but a wall of misunderstanding has grown up between them, and Muriel will not listen to his declarations of love.

Then in a frenzy of anger de Witt conceives a diabolical scheme, which furnishes one of the most dramatic incidents in the story.

Van Winkle, "The Littlest Rebel," "The Poor Little Rich Girl." Her screen career is long and varied, starting with "Blue Jeans," followed by "A Weaver Of Dreams," "The Night Rider," "Flower Of The Dusk," "Oh America," "The Gold Cure," "The Baby Devil," "Diana Arday," "Jeanne Of The Outter," "False Evidence," "Some Bride," "Batan Junior," "Parisian

girls to carry abroad the message of healthy, wholesome California girlhood when Bennett Bathing Beauties accompanied the comedy king's production of "Yankee Doodle in Berlin," and appeared in person before the audiences of the larger Eastern and Southern cities of the United States.

Miss Allen is one of the most celebrated of the Bennett Bathing Beauties, but she is earning another and a more lasting kind of celebrity by her performance of comedienne roles in two-reef features.

Ottawa, Nov. 10.—Notwithstanding the extension granted to the Grand Trunk by Arbitrators Cassels, Felt and White, to put in evidence as to the value of the road, the co-ordination committee, headed by General Manager Kell, is still at work putting the Canadian National and the Grand Trunk into one system.

Every day sees further changes that make for saving and efficiency.

More doublers will take place in

The Hague, Nov. 10.—The cost of getting married in The Hague all depends on the day of the week. For some reason, that has never been explained, Monday is society day and marriages on that day at the City Hall, where every couple must go for the official ceremony, cost 60 guilders, (nominally equivalent to 40 cents each). On Saturdays the charge

Paris, Nov. 10.—Scores of counterfeit Polish passports have been landed in the last few weeks to persons coming to the United States, according to the Paris police who say they were sold for from 500 to 1,000 francs to persons to whom the authorized Polish consulate refused to give visas.

A travelling bag full of blank forms and rubber stamps, one of which was the counterfeit American form, was taken by the police who watched a bogus consulate until a man known as the former Russian Lieutenant Skimanski, went there for his outfit. This brought about the arrest of his two confederates.

The wonders that modern science and up-to-date engineers have performed to supply us with water pass unnoted by most of us, because we have all the water we can use. But in other lands, even in some countries under the stars and stripes, water is the most serious problem of existence. Indeed, for some nations, life itself depends upon the carrying of water by hand or by means of crude contrivances worked by the foot, or drudges who toil on tread-mills all day long to irrigate their crops.

Contrast the water supply of American cities with that of the Island of Hawaii, or even that little island closer in point of miles—Bermuda. In the marvelous reservoirs of New York there are estimated to be 170,000,000 gallons of water. The best of it is that this water is absolutely pure. At the outlet reservoir it is "gassed"—a treatment

WHY SHOULD YOU PAY Too Dearly For Your Table Drink

When you can buy the popular cereal beverage

POSTUM

which is better for you —has a rich coffee-like flavor and costs less.

There are two kinds of Postum

Postum Cereal is boiled for 15 minutes after boiling begins. A delightful cup results. The newer form, Instant Postum, is made by placing a teaspoonful in the cup—then add hot water, and stir until quickly dissolved.

Grocers sell both kinds

"There's a Reason" for Postum

Made by Canadian Postum Cereal Co., Ltd., Windsor, Ontario.

An Hawaii "Rain Catcher," which kills every germ that may be in the water. In Hawaii and in Bermuda as well as in many other islands, every drop of drinking water must be caught from the clouds and stored against the days when there is no rain.

Our illustration shows what may at first glance seem like a huge white sheet spread over the ground. It is, indeed, a sheet of corrugated iron, which is laid down on the side of a hill. When the rain falls some of the

"My! How I did used to dread having the Threshers come—but I don't mind now."

"WHY, a year ago I could no more think of cooking a big dinner than I could fly.

"I did not seem to have any strength then, and a little extra work or excitement would use me up for a week.

"The doctor said my nerves were weak and that I had nervous prostration. I certainly was nervous and irritable. I was always worrying about something.

"It all looks very foolish now. But that is just the difference between being weak and strong.

"Why doesn't every woman use Dr. Chase's Nerve Food when she gets run-down in health?

"But I suppose they do not all know about it or do not realize what it will do for them. Then perhaps some of them do not use it long enough to build up their exhausted nervous systems.

"One thing sure, the women of this community will know all about Dr. Chase's Nerve Food, for they know how miserable I was, and I will see that they know what I used to make me well.

"I certainly did get into a terribly run-down condition, but no one would believe it to see me now since using Dr. Chase's Nerve Food. I can now take a real pleasure in life and its activities.

"And why shouldn't I? I sleep like a top, enjoy my meals and get outdoors where the fresh air and sunshine help to keep me feeling fine.

"I don't believe people appreciate good health until they have been sick for a time. I am sure that I did not. The credit for my splendid health now is undoubtedly due to the use of Dr. Chase's Nerve Food, and I want every woman to know it."

Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto. Look for the portrait and signature of A. W. Chase, M.D., on the box you buy.
