ARE FINDING DIFFICULTY In Making Official Church Stipends Meet High Cost of Living.

London, Nov. 24.—High dignitaries of the English church are finding difficulty in making their official stipends meet the high cost of living.

Dr. Winnington Ingram, the bishop of London, has leased his town mansion in St. James' Square and announces that he is quite prepared to give up Fulham Palace, his magnificent official residence. The bishop's stipend is £10,000 a year. Being a man of simple habits, he does not spend £1,000 a year on himself, yet he is often heard to say that he is "worse off now than when he was a curate."

The archbishop of York and primate of England, Cosmo Gordon Lang, declares that it is quite impossible for him to maintain his home, Bishopthorpe Palace, and entertain his clergy adequately, on his official income of £9,000 a year, although he is a bachelor, says the Evening Standard.

The bishop of Winchester, with £5,500 annual income, is in a similar plight. He has to maintain Farnham Castle, the largest bishop's palace in this country, with a deer park which is one of the sights of England.

A WHOLE FAMILY FIGHTS AN EAGLE

Giant Bird Tries to Carry Off Eight-year-old Boy.

Chendo, Wyo., Nov. 24.—It took the combined efforts of the Spaulding family yesterday to save eight-year-old Walter Spaulding from being carried away by a giant eagle at their ranch here.

When the huge bird attacked Walter in the ranch yard, he grasped it by the neck and screamed for help. John, his seven-year-old brother, came to the rescue, and a third boy ran for help. Mrs. Spaulding beat off the bird with a stick, and the eagle attacked her. She was saved when Mr. Spaulding came with a shotgun and dispatched the bird. It had a spread of eight feet. The two boys were severely lacerated by the eagle's claws.
