An Egg a Day from Every Hen In the Winter

If you have been unable to get your hens to lay in the winter, now is the time to convince yourself that it can be done.

Thousands of poultrymen and farmers have been getting winter eggs each year by feeding

Royal Purple Laying Meal

The reason your hens do not lay is because you do not feed them the right amounts of the various essential materials. If you had the materials you

would not know how to mix them. Why worry when Royal Purple Laying Meal supplies a correct combination of wheat, corn, meat, ash, lime, etc.

It will pay you to sell the grain you would feed your hens and buy our meal, for it makes hens lay.

AUTOMOBILES

Now is the time to purchase that car for next year, for many good reasons, which we can not only explain, but are in a position to guarantee.

For example: we guarantee the price of every new car that is delivered or even ordered, against any decrease in price as far as July, 1921, and in the event of a decrease we further guarantee to refund the difference between the present and new price.

Further, we have the best value in the used car line that has ever been offered in this city. Cars were never so reasonable as they are at the present moment. And you will find that the prices have become settled already, and that the purchaser of a real good reliable car this fall will be ahead in the Spring of the year even if he takes into consideration the fact that the car must be wintered. Let us have a talk with you on the matter and think it over. We have the value and it is the best in the city.
