U.F.O. TO RUN A CANDIDATE

Will Not Send Delegates to Dr. Edwards' Meeting--Protest Appointments.

The annual meeting of the United Farmers of Frontenac county was held in the agricultural hall, on Thursday afternoon, and it was largely attended, delegates being present from the organized clubs in every township, sixty-two all told. Many very important matters were dealt with, and a determination was shown to carry on an active political organization.

J. L. F. Sproule occupied the chair, and the secretary, A. E. Weller, presented reports upon the activities carried on by the U.F.O. Co-operative Company and other enterprises. Complaint was made that farmers did not receive fair treatment at the local income tax office. It was stated that girl clerks were entrusted with responsible work, and they were not conversant with farmers' cases. A resolution was passed asking that a farmer be placed in the office to assist in filling out farmers' income tax returns.

This was followed by a long discussion upon appointments made within the county and the general question of patronage. Several resolutions were discussed for presentation to the Ontario government, but John McGrath and Mr. Campbell pointed out that patronage, as formerly understood, had been abolished by the Drury Government. Mr. Sproule stated it was his intention to interfere with officials who were efficient and otherwise satisfactory, but in making new appointments the local executive and the clubs were never asked for nominations. It was evident that in recent appointments somebody had been asked for nominations, but not the U.F.O. The delegate was directed to bring the matter of appointments up at the next convention in Toronto.

A Farmers' Candidate.
Warm discussion followed the introduction of the subject of nominations for a candidate to the Dominion parliament. The chairman stated that there was no likelihood of an early election; indeed as a result of the East Elgin election a general election would not be held before 1923. It was the opinion of J. J. Morrison, general secretary, that it was a mistake to nominate a candidate more than six weeks prior to polling day. He asked the members for an expression of their views, and while some desired to select the candidate at once it was pointed out by J. A. B. Clarke that many unforeseen things were likely to transpire. There would be a redistribution for one thing, and he proposed that the selection be postponed till January.

R. J. Vair supported Mr. Sproule, as the chairman was too far off. He urged better organization. Upon the question being put the selection of a standard bearer was indefinitely postponed. A vote was then taken on the question as to whether there should be a U.F.O. candidate at all, and it was carried unanimously in the affirmative.

The Tariff Question.
The tariff was the next matter dealt with. Mr. Sproule stated that the tariff commission was to have been in Kingston for the purpose of taking evidence but the sitting was postponed until December. He wanted to know if the U.F.O. desired to present their views. R. J. Vair read a resolution drawn up and carried by the Glenburnie club. It expressed the attitude of the gathering on the matter and was accepted as being most satisfactory upon the motion of Mr. Vair, seconded by J. A. B. Clarke. Colin Rogers suggested that several farmers be selected to support the resolution before the tariff commission, giving their personal experience.

Mr. Sproule said it was a remarkable thing that while farming implements were taxed, surgical instruments were admitted free. There must be an influence at Ottawa in favor of doctors, one member said. "The reason for that" said another, is that too many doctors are sent to Ottawa."

The chairman exhibited a hand

DYE RIGHT

Buy only "Diamond Dyes"

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye worn, shabby skirts, waists, dresses, coats, gloves, stockings, sweaters, draperies, everything, whether wool, silk, linen, cotton or mixed goods, new, rich, fadeless colors. Have druggist show you "Diamond Dyes Color Card."

bill announcing that Dr. J. W. Edwards, M.P., was holding a public meeting at Cataract to which he invited Liberals and United Farmers to discuss public questions. He desired to know if it was the wish of the meeting to send representatives to take part. R. J. Russell opposed sending representatives. Any who desired could go, but the U.F.O. had its own views and felt quite able to deal with public questions from its own point of view.

Organization Urged.

Mr. Clarke urged the need for active organization. There was no organization, he said. He believed that each club should get up local entertainments for the people and in this way raise funds. R. J. Vair also pleaded for organization.

Mr. Sproule gave a detailed account of his activities in organizing clubs in the county. During his tour he was received very warmly everywhere. He visited Sydenham, Sunbury, Ida Hill, Harrowsmith, Arden, Plevna, Picadilly, Cloyne, North Zealand and Snow Road, and saw renewed activity as a result.

William Fawcett, defeated candidate in the last election, expressed his very great appreciation of the support given to him in South Frontenac, also of the good work performed by Mr. Sproule and Mr. Weller. He complimented the meeting upon the resolution passed, and while concurring in the postponement of the selection of a candidate, he was glad to see that it was the determination of the meeting to nominate a candidate for the federal house because he believed he would be elected. He promised his utmost support of the man chosen. He warned them not to neglect the women and young people.

Mr. Sproule was re-elected director by acclamation, and A. E. Weller was re-elected secretary.

Mr. Sproule thanked the meeting for such an expression of confidence in him and gave some timely advice on matters of organization. Mr. Weller, also thanked the meeting for his re-election and promised the same devotion to his duties that he had given in the past.

VOTING SYSTEM CHANGE

Proportional Representation Plan is Advocated for Ontario.

Toronto, Nov. 26.—Gradual adoption of proportional representation in the province of Ontario, with preliminary experiments in Hamilton and Ottawa and one rural section of Western Ontario and one in eastern Ontario, is recommended by the sub-committee of the Proportional Representation Committee appointed by the Legislature to report on the question. The sub-committee, which met in the parliament buildings here to-day, recommended an increase of seats in the Legislature from 111 to 115 in order to try the experiment.

The sub-committee is composed of the following M. L. A.'s: H. P. Hill, West Ottawa, chairman; Hon. G. S. Henry, East York; Rev. Edgar Watson, North Victoria; D. Racine, Russell, and K. K. Homuth, South Waterloo. Following are the recommendations:

- 1.—That the membership of the Legislative Assembly be increased by the addition of four members.
- 2.—That Ottawa and Hamilton be each allowed three members, to be elected by the cities as a whole under the single transferable vote system of proportional representation.
- 3.—That the present constituencies of Carleton Place, South Leamark, Grenville and Brockville together elect seven members under the single transferable vote system of proportional representation.
- 4.—That the constituencies of North and South Brant, North and South Waterloo and North and South Oxford, together elect seven members under the single transferable vote system of proportional representation.
- 5.—That the rest of the province select their members in what is known as single member constituencies, but that the transferable vote be used in the election of such members.
- 6.—That municipalities be permitted to elect their councils by means of the single transferable vote system of proportional representation.
- 7.—That legislation be forthwith enacted, carrying into effect the above recommendations.

BLIND SALESMEN

Sightless Men and Women May Be Used in Boston.
Boston, Nov. 26.—Shoppers in many stores in this city will soon be waited upon by sightless men and women if the plans made known to-day by the state commission for the blind mature. Certain merchants have offered to furnish departments in their stores to be conducted wholly by those who, as a result of the war or other cause, have lost their sight.

This is to be the first step in a wider plan to rescue otherwise competent persons from the drudgery of chair-caning, which, while requiring skill for the hands, does not greatly occupy the mind.

The Dublin correspondent of the Central News says policemen and soldiers were shot dead in Infirmary Road during a search for wanted men.

Bootlegging in New York has been dealt a severe blow. Federal officers will escort every drop of liquor from the warehouse to the consumer.
