IN THE HALLS OF QUEEN'S

**Alma Mater Nominations
The Students Parade on
Wednesday Evening.**

At the meeting of Queen's Alma Mater Society Saturday evening, nominations were received for the executive for the ensuing year. The elections will be held next Saturday. The following were nominated by the Science-Medicine combination: president, D. G. H. Wright; vice-president, J. H. Pikey; 2nd vice-president, J. H. Henderson; critic, W. Susman; secretary, W. J. Cornett; treasurer, L. C. Anderson; committee, E. P. Ryan, E. Lyght, K. McNeill; athletic stick, W. S. Mills; athletic board of control, two year term, C. S. Gibson and C. Peterson; one year term, C. W. Aitchison and H. Jardine.

The following nominations were made by the Arts-Leviana committee: president, R. O. Campny; 1st vice-president, P. A. McLeod; 2nd vice-president, Miss H. Craig; critic G. Wood; secretary, J. Day; assistant secretary, Misses F. Gray and M. Forteous; treasurer, G. A. R. Emery; committee, Miss D. Brown, Miss R. Evanson, T. H. Newlove, W. H. Becking, M. B. Kehoe; athletic stick, A. B. Croal; athletic board of control two year term, J. L. McKelvey and E. D. Siltor; one year term, H. McNeill and W. Shaw.

Colonel Macphail was elected honorary president by acclamation. Professors J. Matheson and C. W. Drury were elected by acclamation, as the members of the staff elected to the athletic board of control.

A motion introduced to put the election of officers on percentage basis was defeated, after a lengthy debate. There will, therefore, be no difference in the method of elections for this year.

A report from the athletic board of control stated that as yet it is not known exactly what amount Queen's will receive from the senior inter-collegiate play-off, as the cost of taking down the temporary stands has not been estimated.

Final arrangements are being made for the students' parade to be held Wednesday at 7.30 p.m. The years have committees appointed representing floats representative of their studies at the university, and many original schemes are to be presented. The parade will be led by a band from the college and the services of the K.C.I. cadet corps' bugle band have been secured. An effort will be made to have a parade of the pipe band of the city also.

NEW FEES.

For One Class of Vehicles Actually Reduced \$5.

One feature of the new motor vehicle fees for 1921 is that the license fee on one class of cars under the revised rating is actually reduced \$5. Under the old schedule all passenger cars of 35 horsepower and up to 50 horsepower paid a fee of \$25. Under the new schedule passenger cars of 35 horsepower and up to 50 horsepower, having four cylinders, will now pay only \$20.

Again, under the old regulations passenger cars over 50 horsepower paid \$30. Under the new schedule no increase of fees has been made of passenger cars of four cylinders and over 50 horsepower.

The reason for this is probably that cars of four cylinders and over 35 horsepower are upwards of four years old, and the rating has not been changed, due to the fact that these big cars are of a comparatively small value.

No increase has been made in the fees to be charged for cars of four cylinders of 25 horsepower to 35 horsepower.

Scot Not Becoming Decadent.
Toronto, Nov. 29.—Professor Roy of Queen's University, addressing the forty-eighth anniversary gathering of Toronto St. Andrew's society, paid tribute to "The Scot who had made his mark in the world as no other small and similarly situated nation had done," and declared that the great war had proved that the Scot was not becoming decadent. He admitted, however, that the Scottishman was, to a certain extent, losing the national character, a loss to the individual but a gain to the mass.

SERBIA TO BREAK OFF ALLIANCE WITH GREECE

Athens, Nov. 29.—Serbia, it is stated here, intends to break off her alliance with the Greeks if former King Constantine returns to the throne. She is said to be already preparing to keep Northern Albania by arrangement with the Italians with the Albanians being permitted to move their frontier south to include Greek Epirus.
