DE LAVAL ALPHA

THE EASIEST GAS ENGINE TO OPERATE AND CARE FOR

The farmer wants an engine that is simple and reliable, that will do what he wants it to do without constant tinkering and adjustment.

He gets such an engine when he buys an Alpha. The Alpha is a thoroughly practical engine. It is designed and built to do its work day in and day out under the varying conditions it is called to meet on the farm. It is dependable at all times.

INFLAMMATORY RHEUMATISM PERMANENTLY CURED

NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY

There are many types of rheumatism, but none worse than inflammatory. It was this kind that almost killed Mrs. Edw. Warman, of Kent, Jct., N. B.

By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferer, isn't it about time to stop experimenting? Ferrozone is a CURE, order to-day, 50c per box, or six for \$2.50, sold by all dealers.

They Have to Lay their Egg a Day.

These fowls are fed the "Royal Purple" way, which supplies all the essential food substances necessary to feed the hen and the extra material required to produce an egg a day per hen during the winter.

ROYAL PURPLE Laying Meal

is a correct combination of wheat, corn, meal, ash, lime, etc. It has been on the market for years and thousands of farmers and poultrymen now rely entirely upon it for winter eggs.

Two Hundred Million Dollars

THIS year the Mutual Life Assurance Company of Canada celebrates its Golden Jubilee by reaching the two hundred million dollar mark. This point in the expansion of the Mutual Life has been reached more quickly than any of its most ardent friends would have believed possible five years ago.

The Mutual Life of Canada

Waterloo, Ontario S. Roughton, District Agent Kingston, Ontario.

Why hens go on a strike!

The feed elements that make white eggs are entirely different from those that make yellow. When hens aren't fed both the white and yolk making elements, they can't lay

Missouri Experiment Station tests prove that 100 lbs. of wheat, corn, oats, barley and kafir corn make (above bodily maintenance) an average of 224 yolks to 154 whites. Based on data from the same experiments, Purina formulas produce, (above bodily maintenance), as follows:

Table with 3 columns: Purina Scratch Feed, Purina Chicken Chowder, Combined Ration. Rows show yolks and whites produced.

These Purina feeds not only make a practically equal number of whites and yolks but more of both than ordinary feeds.

Note that Purina Chicken Chowder contains the necessary white-forming elements to balance up the yolk-making grain ration. That's why it makes hens lay so heavily. Instead of the yolks being absorbed by the hen's system, Purina Chicken Chowder makes the whites to complete the eggs and they are laid. Thus we can absolutely guarantee

more eggs or money back

on Purina Chicken Chowder if fed with Purina Scratch Feed as directed. You take no risk.
