A New Milk Company. A new company has been formed in Picton, to sell milk and cream in any quantity, delivered to any part of the town. Milk is 12c a quart.

Just Sixteen Days. Just sixteen more days for Christmas shopping, the merchants pointed out to-day. So shoppers, please get busy. Christmas falls on a Saturday this year.

Many Had Wet Feet. The Weather Man was not at all on his good behaviour for the students' parade Saturday night. Many of the students had their feet soaked as a result of the tramp in the slush.

Appointed Auditors. A by-law, appointing Messrs A. C. Baker and Sidney Wagar auditors for 1921, was put through its various stages at the Lennox and Addington county council, and finally passed.

Daughter Gets Estate. By the will of Mrs. Harriet Jane Kimmerly, late of Napanee, her daughter, Mrs. Beatrice I. Bredin, 34 Roselawn Avenue, Toronto, inherits the entire estate, amounting to \$20,432.

New Doctor At Shannonville. Dr. Denyes has taken up his residence at Shannonville, the roadhouse caused by the death of Dr. Moore. The many friends of Mrs. (Dr.) Moore regret that she is leaving the village and purposes moving to Belleville.

Engagement Announced. Mrs. John Gourlay, Eganville, announces the engagement of her eldest daughter, Roberta, to Harry Miles Powell, Toronto. The marriage is to take place December 25th. Owing to a recent bereavement in the family the wedding will be quiet.

Should be in "Movies." Charley Chaplin has nothing on that couple at Perth, Amboy, who want to get a divorce as a result of pie throwing and tacks in the soup. Perhaps it would be better if they would forget all about a divorce and go into the "movies."

Christmas Spirit is Here. The Christmas spirit has reached the city. It was in evidence all over the city on Saturday. The stores were filled with busy shoppers picking out Christmas gifts, and it looks as if the majority of the shoppers are going to get in their work early, so as to get the best choice.

Will Boost the Fair. If "Bob" Bushell is elected an alderman for Rideau ward, there is one thing sure, and that is that the Kingston industrial, fair will be given a lot of boosting in the city council chamber. "Bob" will not let any of the "city fathers" knock his fair of the management of it.

They Want Water. "Water, water, everywhere, and not a drop to drink." This is the

THE "FLU" Dare Not Return

The "Flu" will certainly get a warm reception this winter if it dares show its ugly head in our peaceful midst, for the people are confident now that they can get the most smashing blow it will never survive. In every village, town and city in Canada, families are fortifying themselves with the greatest "Flu" ammunition known to science—Buckley's Bronchitis Mixture. Colds, coughs, etc.—the advance guards of Flu—are met with withering fire, and relief from these troubles is sure every time. One hundred thousand Canadians are only too willing to testify to the great healing power this remedy contains. It has conquered coughs of 35 years' standing. It can't fail to do for you what it has done for others. You have everything to gain and nothing to lose, as it is sold under a money-back guarantee. To banish coughs, colds, bronchitis, bronchial asthma and prevent you from getting the "Flu." It is 30¢ a bottle, but a scientific mixture, so a tinne stronger than any other cough cure. One dose gives instant relief. Price, 75 cents. Take no substitute. None genuine without my signature. Ask your druggist.

situation at Portsmouth, and the villagers want the civic utilities to extend its system to that village. With the country "dry" it does look to be a hardship to deprive any place of water.

After The Position. R. M. Warren, M.P.P., was in Picton looking into the matter of the appointment of a new division court clerk. We understand that Sheriff Morris, county clerk R. J. Roney, J. R. Lockhart and John Beatty, county court clerk, are applicants for the position, all intending to take the new position in addition to their present duties. An appointment will likely be made in the course of the next few days.

New Rulings on Sales Taxes. Several new rulings of importance, effective at once, were received by the inland revenue tax department regarding sales tax. They were: (1) Sales tax shall be computed on the total value of any sale; (2) fractions shall be disregarded where under half a cent, and where over a cent shall be treated as a whole cent; (3) where the amount of the sales tax on any sale is less than half a cent no tax shall be collectable.

Science Master Appointed. The Picton Collegiate Institute is fortunate in securing the services of Dr. G. W. Morden as science master. He is to take charge on Jan. 1st; to remain with the school until the mid-summer vacation. Dr. Morden was taking a well earned rest after his strenuous work as manager of a large factory in England during war times and it was only because of his loyalty to his home town that he consented to accept this position temporarily, as it is a very great scarcity of science teachers.

Called To Another Pastorate. The friends of Rev. E. F. Bell, an old Camden boy, and graduate of Newburgh high school, in 1899, will learn with pleasure that he has been called from the pastorate of the Congregational church of Dubuque, Iowa, to the pastorate of Plymouth Congregational church of Madison, Wisconsin. This is one of the important churches of Wisconsin, Madison being the state capital, also the home of the Wisconsin State University. This is a distinct promotion for Mr. Bell, coming as a result of his successful work among the young men in the army when he was physical director at Camp Taylor, Louisville, Kentucky. "E. F." is, as commonly known, is a son of the late A. P. Bell, who died in Napanee in 1915. Mr. Bell has been in the United States for sixteen years.

Elect School Trustees. On Monday the ratepayers of the Wellington Consolidated School district met to elect trustees. Under the act, five trustees are required for the consolidated school district and as there were only two nominations, they were declared elected by acclamation. The following are the trustees elected: A. A. Morden, H. D. Clemons, J. J. Fox, C. L. Stevenson.

THE LATE MRS. PERCEVAL. Was the Daughter of Leading Family of County Down. Old friends attended the burial service in St. Paul's church on Saturday afternoon for the late Mrs. Harriett Perceval, who passed away on Friday at the age of ninety-three years and eleven months. Canon Fitzgerald made a very touching reference to the deceased venerable lady, whose life, he said, had been one of sweetest and gentleness. Her home for years was the centre of many of the activities of St. Paul's church. Canon Fitzgerald said that among the old friends who had come to look upon the face of the deceased for the last time was an aged man who when a boy had lived near the family home of Mrs. Perceval at Echlinville, County Down, Ireland. He said that Mrs. Perceval, who was then Miss Echlin, the daughter of one of the leading families of the county, was a beautiful young lady, and on Sundays he used to watch for her arrival at the parish church. She would drive up in a coach-and-four, and the footman would proceed her into the church carrying her books to the family pew, and she was about seventy-five years ago, and the memory of those far-off days lingered with the old man whom Canon Fitzgerald said he brought to the Perceval home on Brock street to see the lady of boyhood memory who had lived to such a ripe old age.

THE CONVICTION QUASHED. Appealed Liquor Fine Imposed at Napanee. Justice Kelly has quashed the conviction of Roy Storm, Odessa, who was fined \$200 and costs or three months by Magistrate William Rankin, Napanee, on the charge of having, or keeping, or giving liquor without a license.

Storms had a mail contract and sent to Montreal for two cases of liquor. Placing it in his car he started home, and while he stopped at a store, the two cases disappeared. When the police searched his house they could not find the liquor and the charge was laid.

J. W. Ferguson, argued successfully that the magistrate could not find the accused guilty on the alternative instead of on a definite charge.

DISTRIBUTE FISH FRY. Three-fourths of a Billion During Present War. Ottawa, Dec. 6.—Fish hatcheries operated by the Fisheries branch, Department of Marine and Fisheries, Ottawa, have distributed in 1920 three-fourths of a billion fry in the various provinces throughout the Dominion. The greatest distribution took place in Ontario, the number of fry distributed being approximately four hundred million.

Canadian speed skaters will compete in the U. S. national championships at Newburg, N.Y. The United States Golf Association and the Western Golf Association are preparing to patch up their differences.

Wilnot Davis. Two of these were on the village of Wellington and three for the outside area. At a subsequent meeting, A. A. Morden was appointed chairman and H. D. Clemons, secretary-treasurer.

A Ninetieth Anniversary. This month the Picton Gazette celebrates its ninetieth anniversary. On Dec. 20th, 1830, the first issue was published under the name of the Hollowell Free Press. It was one of the very first papers published in what was then known as Upper Canada. Since that time it has been published continuously. It is planned to celebrate the ninetieth anniversary by the publication of a special number.

Pay for the Chicken. Everyone has read the story about the lady who complained to the merchant about finding a chicken in what was supposed to be a strictly fresh egg. This actually happened in a Kingston store a few days ago. The lady came back to the store and gave the shopkeeper a scolding for selling her an egg of this type, when they were selling at \$1 per dozen. Whereupon the shopkeeper said, "Well, lady, if that is the case, you can pay me now for the chicken, too."

Put on Your Address. The rush of the parcel post is now on at the Kingston post office. Parcels for far-off places are being posted. The post office authorities state that it would be a great help if everyone sending a parcel would put his or her address on one corner of the parcel. Many parcels are put in without sufficient stamps and sometimes the wrong address, and if the name of the sender is at hand, it will prevent a great deal of trouble.

How Children Can Help. In addressing the children at the Sunday morning service in Chalmers church, Rev. Dr. Wilson spoke of the millions of hungry people in Central Europe and China. Because we at home had plenty and they were dying of starvation, he did not like to link of the Christmas gift season. He suggested that every child should forego one of the Christmas gifts anticipated, and contribute enough money to buy two loaves for those who were hungry in far-off lands. This self-sacrifice would make their own Christmas very much happier.

Music at St. Luke's. Special music was rendered at St. Luke's church yesterday by the choir. At the morning service, Mr. Graves sang "Jesus, Saviour, Pilot Me," with great expression, and in the evening the anthem, "Still, Still With Thee," (Speaks), was beautifully rendered by the choir, Mrs. Horton, contralto, ably taking the solo parts. During the offertory, D. Couper, baritone, sang "A Few More Years Shall Roll," the music of which was composed by Mrs. J. R. C. Dobbs, the well-known organist of Chalmers Presbyterian church. B. Couper presided at the organ with his usual ability.

PILES Are Generally Caused by CONSTIPATION.

There are few, if any, complaints more common than hemorrhoids, or piles, as they are commonly called, and scarcely any which cause more trouble, annoyance and misery. Ninety per cent. are troubled with them at some time or other, owing to allowing the bowels to become in a constipated condition.

Piles are caused under three headings, i.e., itching, bleeding and protruding, and the excruciating pains which accompany them cause misery which is beyond description.

Opintments and suppositories may help and relieve for a while, but to get rid of them, it is necessary to have a free, easy and natural motion of the bowels, at least once or twice a day, and by doing this the cause will be quickly removed. Milburn's Laxa-Liver Pills regulate the flow of bile to act properly on the liver and bowels, thus removing the constipation and all its allied troubles. They contain no calomel or drastic mineral ingredients, being purely vegetable. They are small and easy to take, and do not gripe, weaken or sicken. Milburn's Laxa-Liver Pills are 25c. a vial at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
