### LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Its Color and Luster with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant, and you appear years younger.

**Scott's Emulsion** is replete with those elements that determine growth and strength.

### DAVIS DRY DOCK AGAIN OPEN

It Has Been Undergoing Repairs—Means Work for Many Men.

The schooner Katie Eccles and the tug Bluebell have been dried off for the winter in Davis dry dock. This is the first docking this year. The old sill, which caused trouble for years and finally gave way last spring necessitated closing the dock for repairs. The work of building a dam across the entrance was started in May and the dock was pumped out the first week of July. Excavation for a new sill twenty-three feet outside of the old one were made, then sheet-pilings, gate posts and forms were put in place, and side walls, gate posts and sill and apron of concrete were run in. This makes a very substantial job and with the improvements to the gate, the dock has quite a different appearance.

The inner portion of the Davis dock still requires considerable work to put it in shape for handling the larger boats, but when this is completed the Davis dry dock will be able to accommodate boats of 210 feet long, 42½ feet beam and 10 feet draft at low water level.

This will mean considerable extra work for Kingston, as many boats formerly were obliged to dock elsewhere owing to their being too large for this dock. Large amounts of money are paid in dry dock repairs to boats, and Mr. Davis is anxious to keep this work in Kingston and is to be congratulated in his undertakings.

IS HEIR TO SULTAN'S THRONE. Photo shows Mr. and Mrs. Robert McClean, of Wreatham, Massachusetts. Mr. McClean is heir to the throne of Llang Llang, a small island south of the Philippines. While serving with the U.S. Navy some years ago, Mr. McClean rescued the Sultan of Llang Llang from a group of bullying marines. The Sultan, in his gratitude, made McClean his heir shortly before his death.

### A VETERAN SUBSCRIBER.

He is Active Still—Recently Went Deer Hunting.

E. H. Perry, of Centreville, who is over eighty years of age, was a caller at the Whig office on Thursday. Although Mr. Perry has passed the four score mark he is still an active man shown in the fact that this year he went deer hunting and his party were successful in shooting five animals.

Speaking about the old times Mr. Perry stated that he had been reading the Whig for over seventy years and his father read the paper before him. Fifty-six years ago he was elected reeve of the township of Barrie and sat at the county council for Frontenac. All the then officials and members of council have died. One thing he can well remember was that the late E. J. B. Pense, who in those days was one of the reporters on the Whig, wrote the council proceeds.

### TORPID LIVER FOR OVER 4 MONTHS.

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

When the liver becomes lazy, slow or torpid it is not working properly, and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow.

Milburn's Laxa-Liver Pills quickly remove the secretions, clear away the waste and effete matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood, and cause so many troubles.

Mrs. Alice Mehill, Napanee, Ont., writes:—"I was very badly run down, and had a torpid liver for four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials, and I am a different person to-day. I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Ain't It Awful

The London Daily Mail announces that American movie films are corrupting Britain, and that they represent an "un-British view in regard to honesty, honor and fair play."

And the Toronto (Canada) Outlook, observes: "The average American is lean in originality, is superficial and excitable, and is the victim of a reckless optimism which is appalling. He manufactures literature like soap. We are inundated with American-slush."
