

The Directors of the Kingston Industrial Exhibition

Wish to announce that they are not dismayed nor daunted in their efforts to give the City of Kingston and County of Frontenac and Province of Ontario, an Exhibition worthy of the attention of our people, in 1921

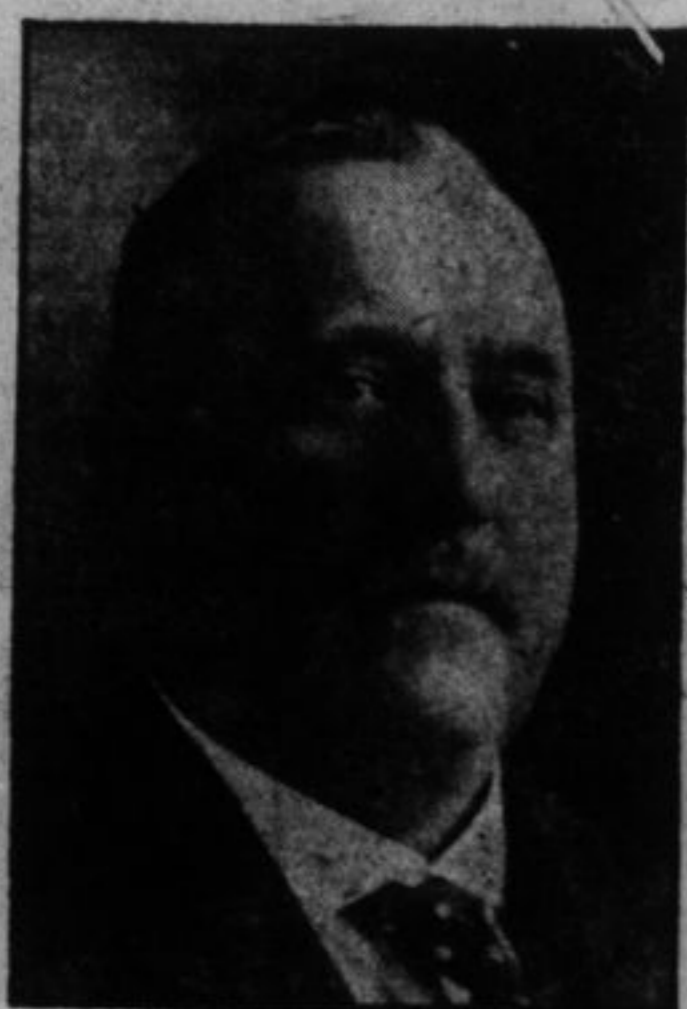

The coming one will be of more grandeur and magnitude than has heretofore been attained. The prize list will be extended and attractions enlarged.

Thanking you all for your support in the past, and trusting your co-operation for 1921 will be maintained in a degree none less than in the past.

Watch the newspapers from now on, as announcements will be made as to our endeavors in this good work.

Wishing you all a Merry Christmas
and a Happy New Year

On behalf of the
Board of Directors.

R. J. BUSHELL

We remain,
Respectfully yours,
J. S. SIBBITT, Esq., President,
