

ANOTHER VICTIM OF RHEUMATISM

Entirely Well After Six Weeks' Treatment With "FRUIT-A-TIVES"

MR. AMEDEO GARCEAU
32 Hickory St., Ottawa, Ont.

"I was for many years a victim of that terrible disease, Rheumatism. In 1913, I was laid up for four months with Rheumatism in the joints of the knees, hips and shoulders and was prevented from following my work that of Electricians.

I tried many remedies and was under the care of a physician; but nothing did me any good. Then I began to take 'Fruit-a-tives' and in a week I was easier, and in six weeks I was so well I went to work again.

I look upon this fruit medicine 'Fruit-a-tives', as simply marvellous in its cure of Rheumatism, and strongly advise everyone suffering with Rheumatism to give 'Fruit-a-tives' a trial.

AMEDEO GARCEAU.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

The Prince—Honoring the Unknown

(1) The Prince of Wales Landing at Damerara, British Guiana.
(2) Armistice Day—Scene as the Coffin of the Unknown Hero Was Being Borne Out Into Westminster Abbey, Escorted by Britain's Most Famous Soldiers and Sailors.

THE SUPREME PURPOSES OF THE PILGRIM

By the Rev. Charles Steizie.

The one hundred Pilgrims who landed at Plymouth, Dec. 21st, 1620, to establish a Christian Commonwealth, were mostly farmers and laborers. There were not many learned, not many rich among them.

It cannot be said that the Pilgrims were ideal neighbors—in the sense that they were ready to cooperate, even in a limited way, with anybody in the community with whom they had anything in common.

Religion was to them a public matter as well as a personal conviction. The national conscience was just as sacred a thing as the individual conscience. Craft and dishonesty of every kind were just as dishonorable in a public official as they were in a private citizen.

While they believed in "personal salvation" they had a profound conviction that "social salvation" had an important place in the economy of God. In a large measure they reversed the processes of much of the work of the Church to-day.

They would have gone full-blown against the statement of the extreme religionist that individual salvation must always precede social salvation—that there is no use trying to save men's souls by healing their bodies and changing their social conditions.

There are some very earnest men and women in this country who are striving to put "God" into the Constitution. The Pilgrims went further than this. They did not care

so much about a mere declaration which professed to recognize God as Supreme, they actually wanted God to reign supreme.

Time covers the rough places in life and sometimes makes them appear beautiful as they are viewed in the whole sweep of human experience. But Time always displays real character. This is what it has done for the Pilgrims. And it is the revelation of the centuries which makes us honor the hundred pioneers who established their noteworthy settlement on New England's shore.

Every Wage Earner Should Answer Question Himself or Herself
WHAT DOES THE FUTURE HOLD FOR YOU IF HEALTH GIVES WAY?

In dollars and cents, what is the worth of the brawn of your arm; that is the value of the staying power that permits continuous labor—what are they worth to you?

When you let yourself run down you reduce your chances for success in life—if sleeplessness comes you score lower still—should appetite or digestion fail, you are stared in the face by physical bankruptcy.

At once the appetite improves. You rest well and arise next morning feeling fit and fine. Headaches disappear, weakness gives way to the vigor that only Ferronone can supply. Try it, results are guaranteed, 50c per box or six for \$2.50 at all dealers.

A study of their history and progress plainly indicates the chief source of their greatness. It was their profound respect for and confidence in the Bible. No action was ever taken unless it squared with the Word of God. Their rulers were selected in accordance with its teachings.

Queer Christmas Trees. A Christmas-tree of solid gold, two feet high, and plentifully supplied with branches, is not an ordinary sight or fashion. Such is the description of a "tree" given by an Irish gold miner to the late Pope a few years ago.

Very different was a "tree" improvised by some British sailors wrecked off the West Coast of Ireland a few years ago. Landed on an island, and unable to make the mainland owing to storms and lack of adequate boats to help pass the time and also please the kiddies of their temporary hosts, the men resolved to make a Christmas-tree.

On that desolate spot—a mere rock in the sea—neither bush nor shrub was to be found; but after much searching they unearthed a derelict umbrella-frame. Even this was an alien to the island, but the sailors did not trouble to discuss its presence or manner of coming. They simply rigged a few extra "spars" to its "mainmast," and with scraps of green paper and rags converted the 'brelly into a passable imitation of a fir-tree.

Rather more quaint was a tree annually set up by a lady in Philadelphia. One Christmas this lady's house caught fire during the night, the inmates being warned of their danger by the howling of a dog. As a sort of reward, for several years afterwards the animal's mistress made a tree in his honor, the "decorations" including beefsteaks and toy rats for the dog's consumption and amusement.

Some men are too stubborn to acknowledge the corn until you step on their toes.

THE MAN ON WATCH

Now that the Kingston Skating Club and the Queen's Professors Badminton Club have been organized, let winter set in for good.

There are some Kingston men who would like to go into winter waters, like the bears, and not wake up till the spring flowers are blooming.

Queen's science students have certainly done their duty by the market square, which they have surveyed for days.

The Board of Health may someday have Kingston so clean that he will not know what a bad smell is.

Inverary folk still keep to the old fashioned sandwiches of generous dimensions. Now we know where to spend the summer vacation, and why so many Kingston people camp in that vicinity.

Kingston basketball girls are to use the boys' playing rules, but not the boys' uniform.

Napanee is seeking industries, believing in that old scripture phrase "seek and ye shall find."

With the price of oats away down, why should they not take a tumble?

Wolfe Islanders believe in trusting the people. They even settle debates by a show of hands.

When the Irish give up their arms and ammunition, they will still have their more favored weapons—sticks and stones.

The Portsmouth Philosopher wants to know if it is not time that such a great nation as China helped itself a little. Is it not time, too, that it contributed something to the rest of the world instead of always being the beneficiary?

If the clergy throughout Canada were better distributed, a large number of mission posts could be filled without calling up recruits. For instance, why should the little city of Kingston have fifty clergymen to administer to its spiritual needs?

When that shell went through his home in Brooklyn, our old friend Col. Hunter must have wished himself back in his former doggerly office under the Kingston city buildings settling domestic disputes.

In remembering the young this Christmas tide, also remember the old folks in the homes for the aged. Bring back the memories of their happy childhood to those infirm people who have passed the allotted span of life.

THE TOWN WATCHMAN.

Things To Worry About. If time hangs heavy on your hand get a pad and a pencil and work out this problem suggested by Will A. Marr:

Germany's French indemnity of 125,000,000,000 marks at five per cent. interest is payable, principal and interest, in thirty equal annual installments. What is the annual payment?

Learn One New Thing Each Day. How many grains of corn can a hungry goose eat in two hours. Experts guessed anywhere from 2,000 to 3,000. Then a hungry goose was produced and the grains counted. The goose ate exactly 434 grains in two hours.

RHEUMATISM—RELIEF

From Its Dreadful Pains and Aches, Stiffness, Soreness—

Is properly to be sought in a good blood medicine. Business authorities say rheumatism is a blood disease; acid has entered the blood, settling in the muscles and joints. That's what makes the sharp, sudden, shot-like pains, causing you to jump and cringe in agony.

Hood's Sarsaparilla comprises remedies that every physician prescribes for rheumatism, combined with other blood-purifying, tonic and strength-building ingredients in a formula vastly superior in make-up and in curative power. It does give positive relief. Thousands say so. So will you. For a fine laxative take Hood's Pills.

DRINK MORE WATER IF KIDNEYS BOTHER

Eat Less Meat and Take Salts for Backache or Bladder Trouble.

Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from back-ache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, so it neutralizes the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

CATARHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises, go to your druggist and get 1 ounce of Par-mint (double strength) and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.
