ANNOUNCES RECEIPT OF POLO CHALLENGE

The Hurlingham Polo Club formally announced receipt of the challenge from the American Polo Association for a series of matches for the international trophy next June. The challenge will be accepted formally and preparations for the contest, already well advanced, will be continued throughout the winter season. Extensive plans are nearly complete for the accommodation of the largest gathering of spectators that ever witnessed a polo match in England. The Hurlingham clubhouse and stands will be enlarged and the playing field brought to a state of perfection before the opening match. The American players are expected to arrive here about the middle of April. The first contingent of American ponies arrived in charge of a special trainer and will be shipped to Tidworth, Salisbury Plains, immediately for training and acclimating. Close to fifty ponies were in the herd.

THE MOVIE COMPANIES CUT DOWN PRODUCTION

Fewer and Better Films the Slogan of the Big Concerns.

New York, Dec. 29.—A radical change in motion picture production in the United States for the coming year was announced yesterday by leaders in the industry. The chief aspect of the re-adjustment is a marked curtailment in production, already started. The reduction is of a slashing order, as most of the producing concerns have set out to cut their production fifty per cent. Some big concerns have laid off more than that proportion of studio companies. The Herald says that among those film corporations who are known to be cutting down on production, reducing the number of actors and studio help employed and in some instances shutting up plants entirely are the Famous Players-Lasky, Fox, Metro, Vitaphone and Goldwyn, Fox, Metro, Vitaphone and Universal, constituting the biggest array of motion picture forces. In Los Angeles, the chief photography producers' centre in the world, more than 50,000 actors and others connected with the industry are now out of work. In the east the "freezing up" of the movie field already has caused the suspension of the film activities of high salaried persons estimated to number 5,000 connected with the trade either as actor, technical assistant or film hand.

"Fewer and better pictures" is the slogan now adopted by practically every film producing company, both here and in California. A lowering of the importance of the individual star is generally considered a concomitant with this, and the long lines of optimistic persons besieging studio doors in the hope of becoming screen stars have less chance than ever especially with a retrenchment on the number of players engaged.

Sold His Business

ENGLISH RACE HORSE BOUGHT AT BIG PRICE.
The noted English race horse Archaic, which ran second to Spion Kop in the Derby, has been bought by John Sanford, an American turfman, who paid a price of nearly \$80,000. Photo shows Jockey Bellhouse on Archaic.

Port Colborne's Dilemma.

Toronto Globe: Port Colborne is to be congratulated on its public-spirit in making possible the erection of a magnificent hockey arena having an artificial ice plant, the cost of the whole being about \$100,000. The gathering of a team of hockey stars, even though they did arrive in the town before August 1st, as provided by the regulation, was a mistake. Obedience to that rule does not necessarily make a player eligible to O.H.A. competition, nor does it make it imperative for the association to issue that player a certificate. How many of the tourists who have changed their places of abode since the last hockey season, and who have since been unable to get players' certificates, will be in their new places of abode throughout the winter? Drury, of Port Colborne, has already tried to rejoin the Pittsburgh team.

according to a report from the Smoky City, and may do so, but if he does the team will not be permitted to play in the United States Amateur Hockey Association.

PERCY LESEUER COACHES GALT'S INTERMEDIATES

Percy Lesueur, ex-Ottawa and Toronto professional goalkeeper and considered one of the best hockey players of his time, is the coach engaged by the C.A.A.A. to handle Galt's intermediate team. He has reported there and will remain for the hockey season. Coach Lesueur is enthusiastic over the material he has and the boys have got down to real work.

NEWS OFF THE WIRES IN CONDENSED FORM

Tidings From Places Far and Near Are Briefly Recounted.

The Premier will spend New Year's at Portage la Prairie, and it is thought he will be back in Ottawa Monday or Tuesday.

President Wilson celebrated his sixty-fourth birthday on Tuesday, receiving numerous messages of congratulation. A movement, calculated by its organizers to place full weight of British organized labor in support of the Irish self-determination claims, began with the specially convened conference of the parliamentary labor party in London on Wednesday.

Charged with continued defiance of the educational laws in regard to school attendance, six Mennonites were fined variously \$20 and \$25 and costs for each child withheld from public school, by Magistrate C. C. Milne, at Morden, Manitoba.

Three men are missing in the bush of the north country, and hope for their safety is regarded here as very slight. Marty Wright, ex-mayor of Haliburton, and his nephew, Charles Wright, and Chris McCool, of Pembroke, prominent lumbermen, have not been seen for some weeks, and it is generally believed they have met their deaths.

A large delegation comprised of nearly fifty representative automobile dealers from all parts of the Dominion waited upon Sir Henry Drayton in Ottawa, Wednesday, to demand a refund of the luxury tax which they were forced to pay the government, upon unsold cars in stock at the time the tax was lifted.

HENRY FORD HAS FAITH IN BETTER TIMES

He is to Turn Out a Million and Quarter Cars for 1921.

Detroit, Dec. 29.—Based on the company's output capacity for 1920, the Ford Motor Company estimates that next year's production will total 1,250,000 cars.

During the present year more than one million cars and trucks were turned out. About 15 per cent. of this number was trucks. The plant closed down Dec. 24th for the annual inventory, and will reopen Jan. 3rd. The Ford Company of Canada in 1920 turned out approximately 50,000, 10 per cent. being trucks.

Owing to a general strike of printers' papers appeared Wednesday in Switzerland, except Socialist organs.

Mrs. Terence MacSwiney will sail for England on Saturday next.
