KING GEORGE'S NAVY
Plug Chewing Tobacco

Is a satisfactory chew. Deliciously sweet and juicy; non irritating to the mouth and tongue, everybody enjoys its

LINGERING FLAVOR

CHEW KING GEORGE'S NAVY

In the World of Sport

General Sport

Nat Niles, who represented the United States in the Olympic fancy skating competitions at Antwerp, is assisting in the direction of the skating and other events at the new Boston Arena this winter.

The present year will mark the 75th anniversary of the first match game of baseball which was played at Hoboken, N.J., June 19th, 1846, between the Knickerbocker and New York clubs.

The game of billiards was first introduced into England by Knights Templars on their return from the first crusade, about the year 1100.

The New Haven club of the Eastern League, has both Ty Cobb and Walter Johnson on its roster—as stockholders.

All true sportsmen are hopeful of a successful outcome of the conference soon to be held in New York to lay the foundation for a national organization for the standardization of boxing throughout the United States. Such an organization, if vested with sufficient authority, would doubtless go a long way toward elevating the manly art.

Boston devotees of the green-table sport are to have an opportunity to size up Edouard Horemans, the Belgian cue expert, in a 2,400-point match to be played with the veteran George Slosson, at the Boston City Club on January 5-8.

Wrestlers should not be overlooked in any enumeration of the crops for which Iowa and Nebraska are famous.

Dates for the coming season of the Lake Erie Trotting Circuit will be decided upon at a meeting in Pittsburg, January 13th.

The circuit of the Piedmont Baseball League for 1921 will be the same as that which had such a successful season the past year.

The star track performers of Harvard, Cornell and Dartmouth are to compete in an indoor tri-anglar meet to be staged in Boston, February 26th.

Baltimore boxing show promoters declare that the new state law which levies a tax of 10 per cent. on their gross receipts has rendered the game unprofitable.

The largest boating organization in the world is the Southern Yachting Club of New Orleans, which has a membership of 2,500, with over 300 on the waiting list.

Several rinks of Detroit curlers plan an invasion of Canada the latter part of January to try their skill in competition with various clubs in Ontario and Quebec.

"Pat" Bourke, who has sold his Omaha Club and retired from the game will be missed in Minor League circles, where he has been a conspicuous figure for the past 30 years.

Chuck Wiggins, who lost a decision to Tommy Gibbons, in Toledo, recently, is to have an opportunity to even up with the St. Paul battler in a ten-round contest scheduled for Cincinnati, on January 19th.

The Southern California Winter Baseball League has got under way for its first season with a circuit of six clubs, three in the Los Angeles district and one each in San Pedro, San Diego and San Bernardino.

The following is the line-up being used by the Falcon world champion team: Goal, Byron; defense, McPhail and Johanneson; right wing, Morrison; left wing, Goodman; centre, Woodman. Subs—Fridfinson, Stephenson and Smith.

Canada To Have No Easy Triumph Arrangements are announced for entry of a new Boston fishing vessel as a challenger for the Lipton Cup for New England fishermen next year as a preliminary to the second international race for the championship of the North Atlantic fishing fleets won by the Lunenburg, N. S., boat Delawana this year.

The tentative plan is to have the new vessel, to be named the Mayflower, and a Gloucester boat, race the Rose Dorothea of Provincetown, present holder of the Lipton Cup, the three-cornered contest to determine not only possession of the cup but also the right to meet the new Canadian challenger now being built at Lunenburg.

Should the plan be carried out, the Lipton Cup races would be held in October next in Bona Bay, the winner of three out of five races to take the cup and to become the United States defender. The international event would be held in November.

Everett James, of Essex, will build the Mayflower, to be designed by W. Starling Burgess, and Captain J. Harry Larkin of the schooner Bay State has accepted the berth of skipper.

WILL ACCEPT RULING

Cleghorn and Broadbent Turned Loose by Ottawa. The Ottawa Hockey Club announced, following a meeting, that it would accept the inevitable and abide by the decision of the National League awarding Sprague Cleghorn to St. Patricks, of Toronto, and Harry Broadbent to the Tigers, of Hamilton.

George Boucher will become the regular Ottawa point man and John Ross, of St. Brigid's Club, will likely be signed for utility purposes. The line will consist of Nighbor, Darragh and Denenny, with McKell and Bruce as reserves.

Cleghorn and Broadbent were notified that they had been awarded to Toronto and Hamilton respectively, but they have not yet come to terms. Both stated, in fact, that they would not leave Ottawa.

NEW BASEBALL LEAGUE

The Continental Association Incorporated at Boston. Incorporation papers for the Continental Baseball Association, which announced plans to put forward teams in several cities where major league baseball is now played, were filed at the State House in Boston. The capitalization is \$60,000. George H. Lawson, organizer of the old Federal League, was named as president.

J. Nelson Barry, treasurer, said teams would be placed in Boston, Cambridge, Camden, N.J., Baltimore, Pittsburgh, Cleveland, Detroit, Indianapolis and either Brooklyn or Buffalo. He added that it was planned to recruit players from the minors and that an attempt would be made to take over some of the larger minor league clubs.

Willard Promises Better Condition.

According to Ray Archer, manager of Jess Willard, the big fellow will be in better condition for his match with Jack Dempsey on March 17 than he was when he lost his title at Toledo. This time Jess will not depend on such weaklings as Walter Monahan, but will have a staff of live sparring partners to help put him into fighting condition. Only well-known fighters will be acceptable and they will be under orders to slug as hard as they can. Beginning on January 1st, Willard intends to work hard until it is time to enter the ring.

Capt. Scott Gets License.

Capt. W. H. Scott, late of the Imperial Black Watch, has been granted a referee's license by the Ontario Government Athletic Commission. Capt. Scott has refereed in Mesopotamia, in India, in England, and in Montreal since arriving in Canada. He is now a resident of this city. While in the army he refereed many service championships.

Not For Sale.

Branch Ricker, manager of the St. Louis Nationals, reiterates that Roger Hornsby, star infielder, is not for sale. The announcement followed one made in New York that an offer by the Giants of \$200,000 and four players for the local star had been turned down.

Hockey Notes.

The New Hamburg Juniors have dropped out of the O.H.A. for this season. The Pacific Coast Association is seeking the services of "Mike Goodman, champion speed skater of Canada and leading goal-getter with the Winnipeg Falcons.

The Irish team, champions of Quebec, have been broken up by desertion. Gagne is with the Edmonton Eskimos; Laroche at Pittsburg, and some of the other players at La Tuque.

The weather promises nothing but mild weather. Out in Medicine Hat, "where the weather is made," the prediction is fair and mild. The same applies throughout the Canadian West.

"Bill" Box proved a versatile performer in the Kitchener-Argonaut game. He started on the defense, later replaced Hiller at centre, and was also "tried" out at left and right wings. He showed to good advantage irrespective of what position he played.

The Minneapolis hockey team, recently organized, has been given a membership in the United States Amateur Hockey Association, and will take the place vacated by Pittsburg. It is expected Minneapolis will take over Pittsburg's schedule, although this point is still undecided.

Frank Frederickson stepped into the seven-man game in the Pacific Coast League on Saturday night and showed what a centre player can do if he has a chance to play a little combination. The Icelandic star is accustomed to the seven-man brand, which he played for several seasons at Winnipeg.

One of the Auis Lee's players stated on his return from Hamilton that the reception accorded Goal-keeper "Charlie" Stewart by the Ambitious City fans, was to say the least, none too cordial. When Stewart was finally forced to retire because of an injury some of the hoodlums hissed and booed him.

PITTSBURG TO BUILD A NEW ARTIFICIAL RINK

That competitive hockey will not die in Pittsburg as a result of the dispute between the lessees of Duquesne Garden and the officials of the United States Amateur Hockey Association was the statement of a man very close to the last named body today when he repeated the fact that an organization of influential business men was being formed for the purpose of building a large rink in this city to be ready for ice skating next fall. A stock company is to be organized for this purpose and when completed the building will house a team of hockey players that will be connected with the United States Amateur Hockey Association but separated from the rink management, as the rules of the association compel and the best teams in Canada will be brought here for games. Pittsburg will be put back on the schedule of the U.S.A. H.A. next year. A definite statement as to who the promoters of this undertaking are was promised in a few days.

THE OTTAWA ICE RACES WILL BEGIN FEBRUARY 3

Preliminary arrangements in connection with the holding of the Ottawa River View Racing Association ice meeting, which will be held on the Quebec side of the Ottawa River, between Hull and Ottawa, February 3rd until February 9th are progressing favorably.

Contracts for the beginning of spacious accommodation have been let, and it is expected that weather permitting, a track site will be defined early next week. Arrangements for housing visitors, race followers and horses have been made, and every assurance has been given that lodging facilities will be of the best.

It is expected that the meet will be the most successful in the history of the association.

Detroit's Big Aeroplane Meet.

The aviation country club of Detroit has been awarded the privilege of holding the 1921 races for the Pulitzer Trophy. This announcement was made by the Aero Club of America, which aided that the contest would be held on Labor Day. Last year the races were held on Long Island on Thanksgiving Day.

A brilliant field is expected, club officials asserted, explaining that an additional prize of \$10,000 has been offered by the Detroit club.
