Eye Troubles

As a rule are the last thing the average person thinks of having corrected. Even when eye defects are KNOWN to exist, people put it off and keep on putting it off.

And all the while relief is within their reach at slight expense and in the shortest possible time.

Don't YOU put it off any longer. Even if you only SUSPECT that your eyes aren't quite normal, see us about it.

We invite all those whose eyes aren't as they should be, to let us give them the relief that science has to offer.

THE BOARD OF EDUCATION INCIDENTS OF THE DAY

Held Inaugural Meeting — Allan Lemmon Chairman — The Standing Committees.

Allan Lemmon, was elected chairman of the Board of Education at its inaugural meeting on Wednesday night, after Mayor Nickle had sworn in the newly elected members. The mayor in a brief address pointed out the financial condition of the city and the need for rigid economy if the taxation was to be maintained at its present level. He added \$65,000 from increased assessment was almost all anticipated by new expenditures. The chairman thanked the mayor for his remarks, and promised sympathetic support from the board in keeping down expenditures.

Canon Jones offered prayer and Chairman Lemmon thanked the board for his selection and promised to serve to the utmost of his ability. This year the board was faced with \$19,500 additional expenses, hence every care was necessary to economize. He suggested necessary equipment of the assembly room in the Robert Meek school so that it might be used as a community centre for Cataract ward. He urged the teaching of music and a vacation school to help weak pupils make their promotions, and also wished for a greater spirit of co-operation between the board, the teachers, officials and city council.

The Vaccination Problem.
There were applications for the janitorship of the Robert Meek school, for the use of its room under the collegiate gymnasium for the Girl Guides and a gift of \$250 from the Midland District school board for playground purposes. There were 572 enrolled for December in the Collegiate Institute with an average attendance of 541. There were 2,762 enrolled in the public schools with an average attendance of 2,130. Sickness and vaccination enforcement caused a lower attendance.

The board's order regarding vaccination had excluded 113 pupils from school. Chiefly in the kindergarten grades. The inspector said the attendance officer would notify parents to comply with the attendance act and if not then to have police court actions entered. There was demurral at such proceedings. Trustees Godwin, Campbell, Jones, Newland and Henderson voicing objection. The Board of Health was the responsible party for the board was only carrying out its demands. It was finally decided to have the attendance officer endeavor to have the recalcitrant parents to comply with the order, those refusing to be reported to the Board of Health for its consideration.

Standing Committees.

Trustee Elliott submitted the report of the committee to strike the standing Committee:

DEAD VETERAN'S FATHER MADE POSTMASTER

George Fenwick Succeeds Sidney W. Wagar at the Enterprise Office.

It is officially announced by the post office department that George Fenwick has been appointed postmaster for the village of Enterprise, in place of Sidney W. Wagar, who resigned that post. The appointment is a very popular one, as Mr. Fenwick is very popular in that community. The new postmaster has been a farmer all his life, but on account of his health he had been forced to sell his farm and seek some other position. His son, the late Lance Corporal Fenwick was killed while serving with the 21st Battalion, at Arras, in 1918. For distinguished service, Lance Corporal Fenwick was awarded the distinguished conduct medal. His father thought that if his boy was spared to return, he could carry on the farm.

GIRL GUIDES HELD AN INVESTITURE

Prizes Presented to the Winners of the Garden Competition.

A meeting of the Girl Guides was held at the Collegiate Institute on Wednesday for the investiture of recruits. Miss Irene McCormack, officer commanding, was in charge. Addresses were delivered by Mrs. J. F. Macdonald, commissioner of the Girl Guides, and Mrs. I. G. Bogart, president of the local committee, both of whom have taken great interest in the organization since its inception, as well as in the welfare of the Kingston Collegiate Institute generally. After the investiture, Rev. W. S. Lennon delivered an excellent address. An interesting feature was the presentation of prizes by the treasurer, Mrs. David Murray, to the Misses Godwin, Porter, Anglin and the Smith sisters, donated by the local Council of Women for the best gardens. The programme included Girl Guide songs by Miss Christina Black that were very much appreciated.

HARBOR FROZEN OVER BY THE COLD SPELL

Couple More Days of This Weather Would Make Good Crossing.

The captain of the steamer Wolfe Islander, when speaking to the Whig, stated the cold weather on Wednesday night and Thursday morning had caused the ice to commence to take in the harbor. From the time the steamer left the city wharf, she was compelled to break ice all the way to Wolfe Island. It is expected that if the cold weather continues, the harbor will become strongly ice-bound.

Unless the farmers on Wolfe Island get snow in the course of a few days, they are hoping that the ice does not take, as they would be unable to
