DO YOU EVER HAVE AN EYE-HEAD-ACHE? An eye-headache sometimes accompanied by an earache and burning sensations of the eyes is caused by an over effort of the brain to understand a blurred image that has been thrown on the retina of the eye. In the eye-camera the foci are changed by the eye muscles that swell and reduce the shape of the crystalline lens. When these muscles become weakened an optometrist must prescribe the outer-man-made lenses to bring about this focus accommodation.

### Children's Eyesight

First in importance and usually last to receive attention, in fact, often compelled to work under conditions that actually ruin the vision.

If your child squints his eyes to see— If he holds his book too close— If he would rather stay in the house than run with the boys— If his lessons bore him or if he complains of headaches, it is frequently a reflex symptom of defective eyes.

DON'T NEGLECT THESE SIGNS

To be well informed bring your child to our trained Optometrist for a thorough examination.

### COUNTY HOCKEY LEAGUE FIRE COMMITTEE MEETS

Dispute Over Score In Game Between Joyceville and Cataract.

It will be up to the trustees of the County Hockey League to state who was the winner of the Cataract-Joyceville game played at the Palace rink on Tuesday afternoon. When Referee Harry Stewart rang his bell for the close of the game, the score stood 2 to 1 in favor of Joyceville. Joyceville scored their second goal in the last thirty seconds of the game. The matter which the trustees will be called upon to decide is whether or not the second goal should count, as the time-keepers stated that time was up a few seconds before the score was made and they had no means of communicating with the referee, as his back was turned to them, and he could not hear them announce that the game was over. Some of the players on the Cataract team evidently heard the call from the time-keepers as they left the ice. The disputed goal was a fluky one. The puck struck the Cataract defence player's skate and then passed the goal tender.

When Referee Harry Stewart heard that there was a dispute about the time, he stated on the ice that the game was a tie, each team scoring the one goal, but after he went into the dressing room, he announced that he would leave the matter to the trustees to settle.

The game was one of the best exhibitions of hockey ever seen in the county league. The fact that a good spirit existed among the players on both teams had a lot to do with this.

At the end of the first period, the score stood 1 to 0 in favor of Cataract, but the boys from Joyceville tied things up in the second twenty minutes of play.

During the game, by some unknown means, George Shewell, Cataract, was struck by the puck on the cheek bone, and the sight of his eye was also injured.

The people from the country-side are taking a great interest in the games in the county hockey series, which was shown in the number who attended the game on Tuesday afternoon.

On Wednesday afternoon Wolfe Island and Barrie/field will be matched in a very exciting game at Barrie/field, and on Saturday next Cataract will journey to Wolfe Island for their first game with the island team. The boys from the island have shown a great interest in the league and have arranged a regulation-sized rink on the island. It is expected that if the ice in the harbor is good a large number of people will go over to Wolfe Island on Saturday.

Cataract	Goal	Joyceville
Simpson	Defence	Joyce
W. Cooke	Centre	C. Martin
H. Jackson	Left Wing	H. Gordon
Barry	Right Wing	Barry
Cliff	Spare	B. Witte
Shewell		G. Reed
H. Keyes		H. Hughes
E. Jackson		Referee—Harry Stewart.

Awards Tenders for Clothing —To Buy 800 Bushels of Oats.

The civic fire and light committee met on Tuesday afternoon and awarded the contract for firemen's uniforms for the present year to Morris Yampolsky, tailor, at \$39.65 a suit for firemen, and \$67 a suit for officers. This, it was pointed out was a reduction of \$6 a suit on last year's prices. Only one tender was received.

The question of a supply of oats for the year was raised by Chief Armstrong. He wanted 800 bushels. This was bought last year at \$1.10 a bushel, although the price at one time advanced to \$1.45. Owing to the fluctuation taking place in the price of oats it was decided to buy in the open market, and the chairman and Aid. Clow were appointed to buy 800 bushels at the lowest price. Failing this tenders will be called for.

The usual accounts were passed, and the committee adjourned to make an inspection of the two fire stations, horses and equipment. New horses will shortly be asked for by the chief to replace the gray team.

Those present were Aids. Chown (chairman), Driscoll, Armstrong, Rodger, Litton, Phillips, Clow and Mayor Nickle.

### FRENCH RIVER DEVELOPMENT TO AID NORTH ONTARIO.

The French River development advocated at Ottawa would cost \$25,000,000, and would provide at least 1,000-horsepower for North Ontario, as well as giving tremendous impetus to the development of the district in other ways. Map shows the three locks which it would be necessary to construct to make navigation possible.
