Many Eye Defects

are congenital—that is the person was born with them.

There is often a flattening of the eyeball, or a shortening which renders seeing difficult.

The muscles of accommodation automatically strive to overcome these defects, which strains the eyes and causes all sorts of bodily discomforts.

There is a simple, pleasant cure for all these troubles—the wearing of Glasses.

We are able to determine what lenses each case needs—able to do it with scientific accuracy.

STIRRING APPEALS MADE

To Help People in Heathen Lands—Meeting at Bethel Church.

The convention services now being held in Bethel Congregational church are growing in interest.

Wednesday afternoon Pastor A. W. Roffe, Toronto, had charge of the service. Rev. William Franklin, of Old Orchard, Me., gave a Bible reading on "Knowing God." He first showed how God in His word depicted the fact that His people did not know God. They offered sacrifices and practised their forms of religion, but that did not satisfy God. He wanted His people to know Him; that of old His people went into captivity and were deprived of their power because they knew not God. He made the application that God's people now were gone into captivity to sin and worldliness because they know not God. The way back was to get back to knowing God in God's way.

In the evening Rev. Christian Eicher, India, gave a very interesting and helpful missionary address, dealing with the problems of that country.

"We cannot realize," said the speaker, "the many things that hold back Christianity in India. The castes, the creeds and the customs are some of the hindrances placed in the way. But caste is the worst of them all. The Brahmins are the highest caste, and assumes to be lord of the creation, while the lower caste must cross the street when he passes so that his shadow will not fall upon him and defile him.

"In India, if the annual rain fails, this means famine, and means much distress and hardship, especially to the under-caste. There are about sixty million people in the under-caste, always under-fed. Famine kills off large numbers of these. At such times as these, water sells at about 25 cents in our money for a pint. Six million people died in less than three months with the 'du,' and the distress and suffering were awful.

"But what are we doing, as Christians, to help these people who live in the dark lands of the earth? Cannot we, like Paul, have that desire to tell them about the unspeakable riches of Jesus Christ, and swing Christianity again eastward so that the dark places of the earth may again speak his Holy Name in praise?"

During the evening, Bethel Male Quartette sang "Speed Away," and Mr. Eicher sang part of "Toll The Old, Old Story," in the Muratti language. These meetings continue during Thursday and Friday of this week.

SHANE AND BIRMINGHAM GO TO THE PRISON FARM.

It is expected that Albert Shane and Vernon Birmingham, who were sentenced to eighteen months in Burwash reformatory on the charge of stealing furs from the store of George Mills & Co., will serve their sentences at the prison farm, Guelph. An order has been issued by the Ontario government to the effect that all the prisoners now detained at the Burwash will be removed to Guelph.

During the war the prison at Guelph was handed over to the Dominion government for hospital purposes. The buildings are no longer required by the government, so the Ontario government has taken them over.

The attention of the Whig has been drawn to the fact that the parole system in use in the provincial reformatories is altogether different to the dominion system. According to the law, when a magistrate is sentencing a person to a term in an Ontario prison, he must state the minimum and the maximum term the party must serve. When the minimum sentence is completed, the parole authorities make a close investigation. The record of the man while he is confined to the prison or reformatory is looked into, as well as his home surrounding. The parole officer tries to get him a position, and then, if everything is satisfactory, he recommends that the prisoner be given his liberty.

It is altogether likely that Charles Grass, who was sentenced to six months in the county jail on the charge of selling liquor, will serve part of his sentence in the prison at Guelph.

Deputations to Wait on Civic Finance Committee

At the meeting of the civic finance committee this evening, delegations will be present from the Kingston and District Milk Producers' Association, and also the public library board. The latter will be represented by Col. G. H. Ogilvie, Norman A. Smith, William Casey and A. N. Lester, who will ask for a substantial grant for the library in order to place it upon the basis of a free library.

Had a Fine Time.

The weekly euchre and dance held at the Labor Hall on Wednesday evening was a great success. There were seventeen tables and afterward a large number of young people came in for the dancing that proved to be one of the biggest yet held. These occasions for social gatherings are becoming more and more appreciated as shown by the attendance and the real enjoyment afforded to all. The ladies' first prize was won by Mrs. Fowler; the gentlemen's by W. K. Jackson. Ladies' consolation, Mrs. Wilson; gentlemen's, T. O'Rourke.

OLD TIME TEA MEETING

Held in Cooke's Church Hall on Wednesday Evening.

An old time tea meeting was held in Cooke's church hall on Wednesday evening, under the management of the Ladies' Aid Society. D. A. Shaw presided as chairman, and gave some well chosen remarks. Rev. Taylor Dale tendered everyone present a most cordial welcome. The programme was by local talent. Those taking part were: Miss C. Diack, Mrs. Foster, Mrs. Horton, Miss Ethel Ross, D. Couper, A. Lemmon and R. Filson. Soloists; violin, selections by Miss Jean Douglas; monologue, Miss M. Hough; a recitation by Miss A. Goodman; quintette, Messrs. Lemmon, Filson, Claxton, Newman and Donnelly; and a duet by Messrs. A. Lemmon and R. Claxton. The tea meeting was a splendid success and it is expected a good sum will be realized. Much credit is due B. Couper, the new organist of Cooke's, for his work in supplying the programme for this event.

Fall On Ice Fatal.

Fracturing his skull on Tuesday, when he fell on his head from a load of bran, near the W. H. Lingham mill, Cannifton, at which he was employed, Richard Badgley passed away in the evening. He was born in Thurlow sixty-eight years ago, and had lived in Cannifton for four years.

He was a Methodist and a member of Eureka Lodge No. 253, A.F. & A.M. Mourning his loss are his widow and one daughter, Mrs. Earl Sheffield.
