

Chaps- Read This

Once you know how "chaps" are caused, you will appreciate why your skin needs Zam-Buk. It has been frosty winds of winter and early spring dry up the skin—make it hard, brittle and without elasticity. Thus the outer tissues break open into smarting cracks and painful sores. That's how the trouble starts.

In cracked hands, chilblains, frost-bite, eczema and other obstinate skin troubles, use nothing but Zam-Buk. This unique healing balm, derived from a blending of rich herbal essences supplies the skin's deficiency of natural oils. If your trouble is on the hands, use Zam-Buk at night and slip on a pair of old gloves with Zam-Buk smeared inside. This precious balm will soothe away pain, inflammation and irritation, and grow new soft flexible skin.

Redness, roughness, smarting or soreness is readily healed, through Zam-Buk's refined herbal ingredients being absorbed into the underlying tissues. Zam-Buk is powerfully antiseptic. The germs of skin trouble simply can't exist wherever it penetrates.

Keep Zam-Buk always at hand for dealing with cuts, burns, scalds, scalp sores, alopecia, abscesses, piles, eczema, poisoned wounds, salt rheum and all skin sores and injuries. All dealers 50c. box, \$1.25. For TRIAL SAMPLE send 1c. stamp to Zam-Buk Co., Toronto.

Needed a Chair to Help Her to Walk

NOW MRS. EASTCOTT IS PRAISING DODD'S KIDNEY PILLS.

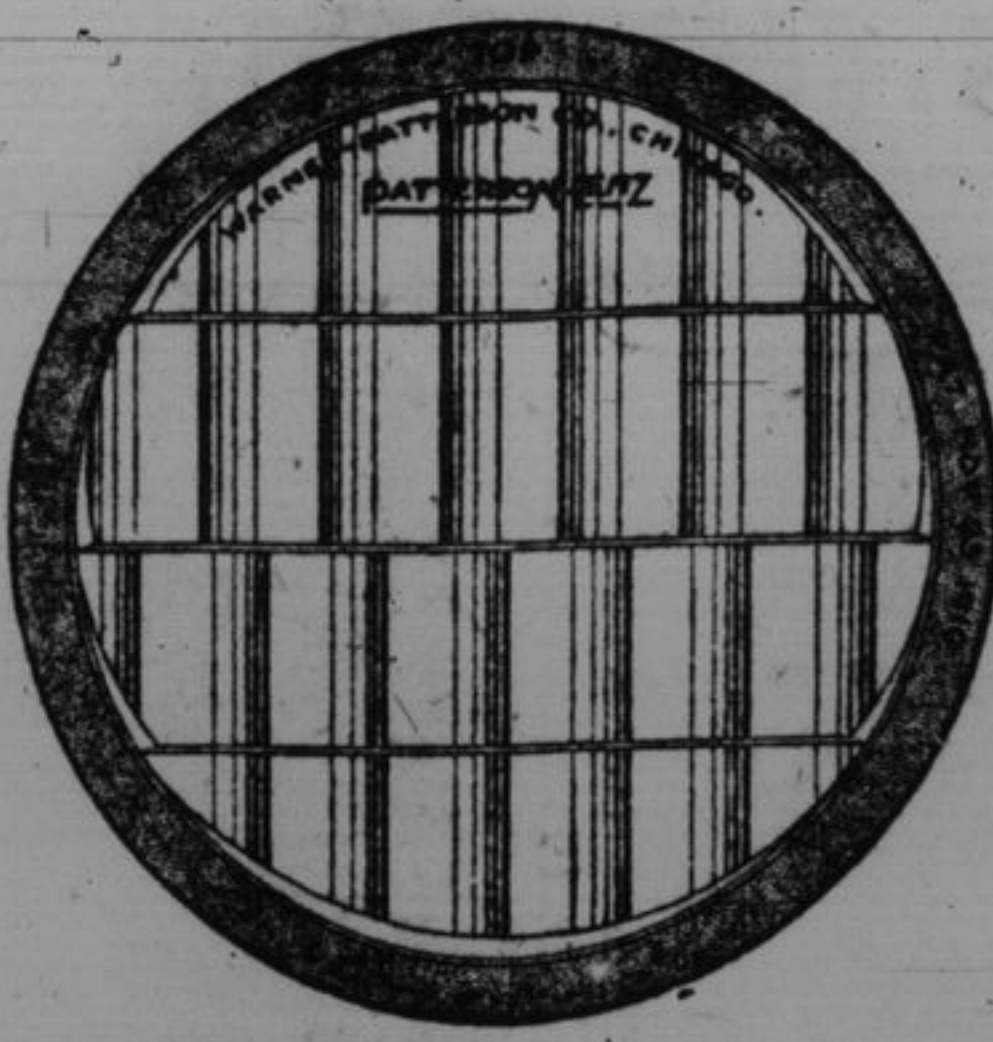

Port Hope Lady Who Suffered From Rheumatism and Heart Trouble Tells How She Found Relief.

Port Hope, Ont., Jan. 31st.—(Special).—Among the thousands of women in Canada who sing the praise of Dodd's Kidney Pills, none is more enthusiastic than Mrs. S. Eastcott, a well-known and highly respected resident here. And Mrs. Eastcott is always ready to tell the reason why.

"I have been a great sufferer from rheumatism and heart trouble for the last four years," she says in telling her story. "I doctored and tried all kinds of treatments, but got no good results. I got so bad I had to walk with a chair.

"After taking Dodd's Kidney Pills for some time I could walk alone. Now I am better than I have been for the last four years. I am on my eighth box and will continue to take Dodd's Kidney Pills till I am perfectly well."

Rheumatism and heart trouble are both caused by sick kidneys. The weakened kidneys fail to do their full work of straining the impurities out of the blood and the trouble begins. The rational treatment is to strengthen the kidneys so they can remove the cause of the disease. Ask your neighbors if Dodd's Kidney Pills are not the help sick kidneys are crying for.

Note newspaper clipping from The London "Free Press" referring to the Patterson-Lenz.

Adopted as Standard Equipment by 45 Automotive Manufacturers, More than all Other devices Combined.

When all drivers of motor cars are equipped with Patterson-Lenz headlights, the danger of headlight glare will be eliminated. Several lenses were demonstrated, showing good and bad effects. There was a moment of fun when an exceptionally fine lens was demonstrated. There were calls for the name of it, but the professor said in justice to the manufacturer he would rather not tell. One of the members went to the lecture, tried several lenses, and upon getting the right one read aloud the name of the maker. The meeting was very instructive. A large number of members were present.

PATTERSON-LENZ

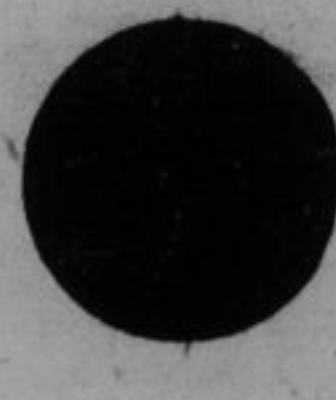

Officially approved by the Ontario Government. No tilt required.

CERTIFICATE APPROVING HEADLIGHT DEVICE

THIS CERTIFIES THAT THE Patterson Lens submitted by Messrs. Warner-Patterson Company, 914 South Michigan Street, Chicago, U.S.A., having been duly tested in accordance with Subsections 4 and 4A of Section 9 of the Motor Vehicles Act and found to comply with the provisions of same, is hereby approved by the Minister of Highways to be used on motor vehicles within the Province of Ontario, subject to the following regulations:

Focus—Adjustment No. 1. Max. c.p. of bulb, Vacuum or Type "B," 21 c.p.; Gas Filled or Type "C," 27 c.p.

[Signature]

Photometric tests (by instrument for measuring light) show, without fear of contradiction, that the Patterson-Lenz produces more road illumination than any other device.

Connecticut and Pennsylvania have ordered all autos owned by the State equipped with PATTERSON-LENZ.

Your own test is better than all we can say—and if you can show any other device to produce more road illumination than the Patterson-Lenz, when in proper adjustment, we will gladly refund your money.

The Patterson-Lenz projects a broader spread and from 1/3 to 1/2 more light than any other non-glaring device ever produced.

It throws a light 525 feet long and 30 feet wide and not more than 42 inches above the ground.

Don't let anyone "sell you" on the idea that something else is "just as good" until you have seen the Patterson-Lenz. The name is on the lens.

EVENTS AT SYDENHAM

Prof. W. F. MacClement Speaks on "The Silk Industry."
Sydenham, Jan. 29.—At the Palace rink last Wednesday night a masquerade carnival was held under the management of A. Lee. A large crowd of skaters attended. Numerous prizes were given out for the best costumes and also for a couple of races.
In the township hall under the auspices of the senior hockey club,

given, perhaps the one requiring most preparatory work being the "trial scene" from "The Merchant of Venice." This was done splendidly by members of the third form.
On Friday evening, the regular meeting of St. Paul's D.S.L. society was given a more open character by being held in the township hall. The speaker of the evening was Prof. G. W. MacClement, Queen's University Kingston, who addressed the audience on "The Silk Industry" as it is carried on in China and Japan. The lecture was interestingly given, and illustrated with lantern views. Mrs. A. Alkenbrack presided.
