### MUST OBEY REGULATIONS

#### Three Citizens Fined for Breaches of Motor Vehicle Act.

There has been rather a lull in police court proceedings regarding infractions of the Motor Vehicle Act, but this does not mean that the police are letting anything get past them. So this is just a gentle hint for all car drivers to abide by all the rules. Keep your lights burning at night; keep to the right side of the road; be sure and have the numbers on the front and back of your car, and don't allow your car to stand close to a street hydrant. In other words, read carefully over the book on "Don'ts"; for if you violate any of the rules and regulations, it will mean that you will be summoned to the police court.

In police court on Tuesday morning three citizens were up for violating the Motor Vehicle Act. All of them pleaded guilty and a fine of \$2 and costs was imposed upon each.

There was a very sad touch to the police court proceedings when a young slip of a girl stood before the magistrate and pleaded guilty to a charge of vagrancy. She was placed under arrest by Constable John Naylor on Monday afternoon. The magistrate remanded the accused for a week and she was handed over into the care of the police matron, Mrs. Goodnow.

#### CURLING GAMES

##### Hustling Ahead so That Postponed Games Can Be Met.

The Kingston curlers are determined that all postponed games will be played off in quick order. On Monday night some of the curlers played into the wee small hours of the morning. J. Angrove, H. D. Bibby and A. McMahon, after playing a game in the club series, turned around and played in the single competition.

P. D. Lyman stated on Tuesday morning that there were only about seven postponed games in the club series. It was expected that they would be cleared up very shortly.

On Monday evening a number of club games were played and resulted as follows—

#### SAYS MEN POSED AS LIQUOR INSPECTORS

##### Two Young Men Were Arrested on a Charge of Theft.

Upon arrival of a train from Belleville on Tuesday afternoon, Constables John Naylor and Vernon Campbell placed under arrest two young men, Frank Schmidt and Robt. O'Brien, on a charge of stealing \$18.50. George Coxworthy, who lives near the outer station, is the complainant, and the case will come before Magistrate Farrell on Wednesday morning.

Coxworthy alleges that on Saturday last Schmidt and O'Brien made a search of his house for whiskey, claiming they were inspectors working for the government. He further charges that the couple attempted to get away with a revolver belonging to him.

#### TEA

There is nothing that so completely captures the human mind as mystery. And when mystery is presented in entertainment its pulling power is multiplied. In "The Flaming Disk", you have mystery which increases as the story unfolds—mystery that baffles—mystery that becomes more deep, more powerful, more entertaining as the plot sweeps on. It's the kind of a story that entangles your interest with its mystic and magnetic threads. Do not fail to see the commencement of this famous serial at The King Edward, to-night only.—Adv.

Queen's University Concerts. At the final concert on Thursday evening the Hambourg trio will perform, and, in response to requests, Senor Guerrero will play a series of piano solo.
