DISPUTE OVER HOCKEY

Said a Score Was Made Just One Minute Overtime at Portland.

Had An Annoying Hacking Cough

GOT NO REST AT NIGHT. Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta., writes: "About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised so I got a bottle. It at once gave me relief, and after using four of them my cough and all gone. Now I always keep it in the house."

The game was free from tough work, and was enjoyed by a large crowd of spectators. Both teams were garbed in new uniforms. Billie Singleton accompanied the Crosby players.

J. H. Scott, proprietor of the Hotel Rideau, has leased the Opinicon Club, Chaffey's Lock, for the coming season, and was in Brockville on Tuesday signing the necessary papers. Mrs. Hester Lyons is visiting friends in Kingston. A large number of supporters will accompany the hockey team to Westport on Saturday. THE MUTUAL LIFE Assurance Company of Canada WATERLOO, ONTARIO Fifty-First Annual Statement

A few significant features of the annual statement presented to the policyholders at the annual meeting February 3rd, 1921, are given in the following condensed summary.

Table with 3 columns: 1919, 1920, Increase. Rows include Income, Assets, New Assurances, Surplus Earned, Total Surplus Fund, Assurances in Force.

Prosperity. The characteristic virtues and qualities of Progressiveness, Economy, Efficiency and Financial Strength again find demonstration in the figures of the fifty-first annual statement, and disclose a year of marked prosperity.

The Jubilee. The Company celebrated its jubilee by establishing a new record in the expansion of its business. The new assurances, acquired without any undue effort, amounted to \$47,000,000, placing the total business in force beyond the two hundred million mark.

Investments. The opportunities offered for the investment of funds at very remunerative rates enabled the Company to invest its surplus funds in a way that will prove of great advantage to the policyholders over a long

period of years. In 1920 the Company's investments showed the handsome average interest rate earned of 6.41%.

Surplus Earnings. The prosperity the Company enjoyed is best reflected in the surplus earnings of the year, which show an advance over the preceding year of \$354,303, being an increase of 21%. This represents savings of \$38.87 for every \$1,000.00 of total assets.

Increased Dividends to Policyholders. The rapid recovery shown by the statement of the year's operations from the effects of the war and the influenza epidemic is very gratifying, enabling, as it does, an increase in the distribution of dividends to policyholders in the current year of about 50% in excess of last year.

COMPARATIVE STATEMENT. Table with 4 columns: Year, Income, Assets, Business in Force. Rows for years 1870, 1880, 1890, 1900, 1910, 1920.

A copy of the detailed report will be mailed to every policyholder in due course.
