

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole. And Musterole won't blister like the old-fashioned mustard plaster. It penetrates to the sore spot with a gentle tingle, loosens the congestion, and draws out the soreness and pain. Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest. Nothing like Musterole for croupy children. Keep it handy for instant use.

is one of the three outstanding advantages to be derived from purchasing Canadian Government and Municipal Bonds. The other two are security and marketability.

These three features permit the investor to feel that his principal is safe, that his interest is prompt and sure, and that he can, if necessary, find a ready market for his bonds.

At present prices these bonds yield from 6.10% to 7%.
