

SHE NOW WALKS AS WELL AS EVER

Mrs. Harper Gains 20 Pounds And Health is Restored By Taking Tanlac.

"When I began taking Tanlac I only weighed one hundred and eight pounds, but I now weigh one hundred and twenty-eight," said Mrs. S. Harper, of 90 Bond street, Toronto, Ont.

"Last year I had a case of influenza that was so bad I thought I was never going to get well. When I finally did get up I was in a terribly run-down condition. I suffered terribly from indigestion after every meal and had frequent attacks of dizziness.

"My feet hurt me so I could hardly walk and I had a hard time getting about. I couldn't sleep and got up every morning feeling all tired out. All my strength seemed to be gradually slipping away from me and I actually fell off from a hundred and forty-six pounds to a hundred and eight.

"But I took Tanlac on the suggestion of a friend and it's just wonderful the way it has relieved me of all my troubles. Two bottles put me in fine condition, but I took two more, just to be sure of clinching the good work. I have gained back twenty pounds of my lost weight, am strong and well, my feet no longer hurt me, I can walk anywhere I want to and do my work with ease and feel like a different person altogether. I think people are foolish to suffer when they can get Tanlac."

Tanlac is sold in Kingston by A. P. Chown, in Mountain Grove by James Macdonald, and by the leading druggists in every town.—Adv.

OVERTURE BY LOCAL MAN

Rendered By the Grand Orchestra This Week.

It is a matter of interest to those interested in musical matters that the fine overture or tone poem, "Endurance," which was played by the Grand Opera House orchestra the first of this week, was composed by a local man, Sergt. D. J. Leary, of the R.C.H.A. This selection caused much interest and favorable comment from those who heard it and many people enquired as to its name and authorship. Sergt. Leary is to be congratulated on this fine piece of work.

Parade of F.W.O.R.

An enthusiastic parade of the companies of the F.W.O.R. was held at the armoures on Tuesday evening. Thirty-five recruits were attested, which was conceded to be an excellent showing for the week. The drums will practice on Thursday evening, while Friday evening will be devoted to baseball and attestation of recruits.

Tonight.

A most interesting subject by Evangelist Taylor in Gospel Hall "The Forgiveness of Sin." What does it mean? How is it brought about?

Two cases came before Magistrate Allison in the Court House, on Wednesday morning and were adjourned because of the illness of one of the defendants. They were Johnston vs. McIlroy and Johnston vs. Sills, both arising out of the purchase of hay. They will be heard on Friday.

What has become of the old-fashioned German who called you a "bum" when he got mad?

Heartburn Liver Trouble

When the liver becomes torpid and inactive, it cannot furnish sufficient bile to the bowels, thus causing them to become constipated.

The stomach is also affected. In the case of heartburn there is a gnawing and burning pain in the stomach, attended by disturbed appetite, caused by great acidity. Whenever too much food is taken, it is liable to ferment, and become extremely sour, vomiting often occurs; and what is thrown up, is sour and sometimes bitter.

Other liver trouble symptoms are pain under the right shoulder, yellowness of the skin and eyes, floating specks before the eyes, coated tongue, bad taste in the morning, foul breath, water brash, jaundice, constipation, etc.

Keep your liver active by using Milburn's Laxa-Liver Pills and you will have no heartburn or other liver troubles. Being purely vegetable they do not grip, weaken or sticken like the old-fashioned purgatives generally do.

Mrs. Mary Strome, Glasnevin, Sask., writes:—"I have used Milburn's Laxa-Liver Pills, and they have cleared me of heartburn and liver trouble. I don't think they can be beaten by any other medicine, and I can highly recommend them."

Theatrical

At The Grand.

"The Sin That Was His," the great Selznick feature starring William Faversham will be seen at the Grand Opera House for the last time tonight. The story deals with the regeneration of "Two Ace" Artie Chappelee, gambler and bad man. How this man wins new manhood makes one of the most powerful pictures ever produced.

Coming to the Grand.

For Thursday only of this week management of the Grand Opera House offers the leading emotional actress of the screen, Alice Joyce, in "The Third Degree," the picture version of Charles Klein's famous stage success. The story of a love that surmounted all obstacles, and a woman who was ready to sacrifice honor, position, and in fact life itself to save the man she loves, makes the strongest vehicle that this star has ever had.

"The Boy."

When London's gladiest, gayest musical success, "The Boy," opens its engagement at the Grand Opera House, Friday, Feb. 11th, with a matinee and night performance at 7:15, a good many old-timers are due for a jolt that will bring a flood of recollections, for the reason that this musical comedy success is Pinero's famous farce, "The Magistrate," in new form. For nearly forty years, "The Magistrate" divided honors with "The Inamorata" in popularity with amateur organizations and there are few indeed who have participated in amateur theatricals who have not essayed a role in the famous old farce. A. S. Byron will be seen in the role of Magistrate Meebles. Other members of the cast are Maries Dilworth, Clyde Dison, Mabelle Mignon, Cosmo Bellow, Lillian Lee Anderson, Donald Archer, Gene Laymon.—Adv.

At The Strand.

Tonight will be the last chance you have to see Sessue Hayakawa in Li Ting Lang, which is being presented at the Strand with a special prolog. Thousands who have seen this master film were delighted, as well as with the prolog which was a show in itself.

Starting tomorrow Alice Brady will be seen in "A Dark Lantern," which would you dare to say to a man "Take me!" when you had no assurance in the world that he wanted you or would ever say "Come?" It takes nerve for anybody to propose, when the answer is uncertain. It's hard for a man to be refused. What would a woman do if rebuffed? Oh, you say, no man could rebuff a proposing woman; he'd accept her just through sheer gallantry, whether he really wanted her or not. Oh, but would he? Dr. Garth Vincent was not especially noted for his politeness to the fair sex. He was rather more brusque and cutting than good breeding allowed, at times. He seemed to take delight in being rude to Katherine Dereham, yet she startled him by saying "Take me!" You will be startled, too, by the many tense situations and the fine acting of Alice Brady, James L. Crane, and other members of a distinguished cast in "A Dark Lantern," coming to the Strand theatre tomorrow for three days. In connection with this magnificent photoplay the usual good short subjects will be shown including a Snub Pollard comedy and Burton Holmes traveltogues, Phillis Devlin will sing in her usual captivating way. The famous Strand orchestra will give a special concert which will round out a splendid bill. Next Monday, Valentine's night, will be the event of the season. Preparations for the Valentine party are under way and a real gala night it will be.

Valentine's night will be a Confetti, special solos, both vocal and instrumental, and community singing are on the programme. The attraction will be Wallace Reid in "The Charm School." Tickets can be bought in advance for reserved seats.—Adv.

At the Allen.

Billy McVeigh, driving into the face of a blinding blizzard, comes face to face with—Isobel! Beautiful, pure and sweet, but the wife of another man—the man he had sworn to take, dead or alive! A situation that will thrill you—never did you see such wonderful and beautiful photography. To-day will be the last showing of "The Trail's End," an epic of the northland, the most remarkable story of the north-west. On Thursday, Friday and Saturday, Constance Talmadge will be seen in "Good References." It has an appeal that will fascinate, thrill and amuse everybody from the president of the company down to his gum-chewing Remington athlete. Tired business men and vivacious ladies will respond in a body to the lure of Connie! This is the story of a pretty "jane", a peach of a stenog, called Mary Wayne. Who tried to get a job without any references. But finds that employers have certain preferences.—Adv.

Some of the charming girls with London's greatest musical comedy success "The Boy," which comes to the Grand Opera House, Friday and Saturday, Feb. 11-12, with a bargain matinee, Saturday.

FORGOT TO HAVE MURDERER HANGED

Baton Rouge, La., Feb. 9.— Sheriff Grant, of Ouchita Parish, notified Governor Parker yesterday that he had forgotten to hang Lonnie Eaton, negro, convicted of murder, on February 4th, as required by the sentence, and asked what to do with the prisoner. The governor has put the problem up to Attorney-General Cocco. Sheriff Grant's letter said he had been so busy with other matters on February 4th that the scheduled hanging had "completely slipped his mind."

GERMAN WAR PLOT THAT MISSED FIRE

Vessel Used as U.S. Troopship Was Doctored, After Seizure.

New York, Feb. 9.—A German war plot that failed was revealed here today. Four defective bolts taken from the machinery of the United States transport Mount Vernon told the tale. They were discovered by the engineering forces of Commander R. D. Gatewood, director of the Shipping Board's division of construction and repairs, and placed on exhibition at his office.

Here is the story. After the Mount Vernon—formerly the Kronprinzessin Cecilie, the famous "gold ship" that raced into Bar Harbor in the early days of the war—had been seized as a troopship, her German crew cut two-thirds of the way through the four six-inch bolts that connected the engines with the main crank shaft. The skillfully made cuts remained hidden by the fittings of the engines, and were only discovered recently when the engines were taken apart.

It is to be presumed that in certain United States detention camps there were trained German engineers who waited eagerly for reports which did not come of "something happening" to the converted troopship. For it is believed that the bolts were left barely holding, with the hope that the craft would just creep out into U-boats lanes and then fall a prey to the undersea craft when a sudden strain on the engines came with an order for full speed ahead.

But the breakdown never came. Luck or toughness of steel permitted the liner to make a dozen round trips through submarine infested seas carrying on each voyage from 3,000 to 4,000 men. Just to round things out,

she encircled the globe to bring troops home from Russia.

The Mount Vernon had several narrow escapes when that strain the Germans expected did come. Once she was torpedoed and 35 of her crew killed, but made her way to a French port.
