TEACH MUSIC IN SCHOOLS

(Continued from Page 1.) way towards bringing about harmony in the classes.

On the vote being taken the motion to grant \$800 for the instruction in vocal music was carried.

Trustees Jones and Mowat put in a plea for a female teacher to be given a chance for the position of principal at the Robert Meek school but the report of the management committee asking that a male be given the position was adopted.

Management Committee. The report of the management committee submitted by the chairman, J. F. Macdonald, which was adopted, is as follows:

That three new teachers (a male principal and two female assistants), be added to the public school teaching staff on September next, when the Robert Meek school will be opened.

It is necessary to decide this matter before the estimates are submitted.

That two vacation schools be opened during the midsummer holidays for the benefit of backward pupils, at an estimated cost of \$250.

That a mimeograph, for duplicating examination papers, be procured for the Collegiate Institute. Estimated cost \$210.

That the salary of Mr. Fraser, acting head of the English department in the Collegiate Institute, be increased \$100 in January this year. He would receive this amount under the schedule, in September next as an assistant, so that the actual increase for the year is \$60.

That 200 compasses and 50 pairs of scissors be procured for the manual training department of the public schools; estimated cost, \$75.

That the property committee be requested to make provision for the seating of the assembly room in the Robert Meek school.

That Mr. Milne, manual training instructor, be appointed supervisor of art work in the public schools, in succession to Mrs. Mabee, resigned; remuneration per year, \$100.

That Mrs. Gallaher be appointed an entrance examiner for the year 1921.

That the following equipment be purchased for the collegiate; twenty-four class books, two dozen roller towels and 6 hand towels.

Property Committee. These recommendations of the property committee, submitted by the chairman, Trustee H. V. Moore, were adopted:

That Charles Atwood be appointed caretaker of Central school at the salary specified for that building, viz., \$900. Mr. Atwood has been performing the duties for the past nine months.

That Joseph Gould and Andrew Lanigan, two old employees of the board, receive \$25 per month each during the year 1921.

That day work carpentry in connection with the school buildings be given out as follows: Collegiate Institute, George Payne, and Thos. Copley; public schools, Henry Hunter.

On motion of Trustees Henderson and Renton the request of the Girl Guides for permission to use the room beneath the collegiate gymnasium on Wednesday evenings was referred back to the property committee, to secure an estimate of the cost of the same, and with power to act if the expense is properly adjusted.

Trustee Jones submitted a report of the finance committee with the usual gist of accounts, which was adopted.

Ask Salary Increases. The board received a request from the members of the teaching staff of the Collegiate Institute for a salary increase of \$400 for the year 1921. The matter will be taken up by the management committee.

J. G. Ettinger, W. F. Inman, D. McDougall and George Scott, public school principals, asked for salary increase. Their request will also be taken up by the management committee.

The Ontario Trustees' Association asked the board to appoint one or more delegates to attend a meeting to be held in Toronto at Easter. Referred to the management committee.

George E. Scott applied for the position of entrance examiner. The Department of Education wrote the board offering to provide free examination of subnormal pupils in the schools.

Inspector Stuart informed the board that the Department of Education had been urged by the instructors to take up this most important matter.

On motion of Trustee Jones it was decided to leave the matter with the inspector to have it attended to. Rideau School Parents' Club asked that this school be fumigated owing to the fact that there had been many cases of mumps, that repairs be made to the school, that a supervised playground be established and individual desks placed in the school. These matters will be considered by the property committee.

William L. Jackson, Mark Dine

and Gideon Walker applied for the position of caretaker at the Robert Meek school.

Collegiate Institute Parent-teachers' Association asked the board to do all in its power to have the assembly room at the collegiate heated and seated.

George Laturney made application for school fire insurance.

The letter from the Collegiate Institute teaching staff asking for a salary increase was signed by G. S. Otto, J. W. Kelly, M. I. McCormack and Dora Stock.

Letters were received by the board from George E. Scott, W. F. Inman, D. McDougall, Miss Henstridge and J. G. Ettinger, regarding requests for salary increase.

Miss Mowat tendered her resignation as chairman of the playgrounds committee owing to the fact that she will be out of the city the greater part of the time the playgrounds will be in operation. The matter was referred to the playgrounds committee.

On motion of Trustees Elliott and Macdonald the board decided to extend a welcome to Messrs. Edmunds and Kirby, who will visit the city shortly, in the interests of the Urban Trustees' Association. Arrangements will be made for the entertainment of the visitors.

City Auditor Muir wrote stating that the board had an overdraft of \$7,640.32.

"There is no authority for you to have an overdraft such as this," said Mr. Muir. "Of course there were some circumstances which you could not control, but this year you should be able to keep within your budget as the question of insurance has been settled and you all know where you stand with reference to the faculty of education."

The Vaccination Order.

Inspector J. Russell Stuart reported that in compliance with an instruction from the Board of Education a special effort has been made during the past month to secure the return to school of those refusing to comply with the order of the Board of Health respecting vaccination.

The attendance officer visited 97 homes in this connection and in addition nearly all were reached by the teachers, either personally or by persuasive letters.

Partly owing to these influences, a considerable number have complied and have been restored to school attendance. There are, however, 96 pupils still excluded for non-compliance. Of these 34 are over eight years of age and 45 are under 7, belonging chiefly to the kindergartens. Most of these still excluded are from families who in the past have given work to the attendance officer.

A list of these still excluded, with ages and addresses, has been forwarded to the medical officer of health.

Inspector Stuart also submitted a report on the attendance in the public schools for the month of January which showed the following:

Public schools, total enrollment, 2,712; average attendance, 2,206; Orphans' Home enrollment, 29; average attendance 25.

There was a small increase in the enrollment over that of last year. The enrollment of new pupils in the kindergartens and primary classes was the smallest on record, due to the enforcement of vaccination. The average daily attendance has considerably improved but is still low.

The report on attendance at the Collegiate Institute for January was given by Principal E. O. Sliter as follows:

Number on roll, 573; average attendance, 529. The enrollment was 14 higher than in January, 1921, while the average was one more than this-month a year ago.

Principal Sliter stated that the skating rink at the collegiate was of great benefit to the pupils and to the children of the neighborhood generally. Mr. Sliter asked the board for a grant of \$100 for rink equipment. On motion of Trustee Jones and Renton the amount asked for was granted.

Reports were also submitted by the school attendance officer and the school nurse showing that the work in these departments had been well looked after.

The chairman, Allan Lemmon, presided at the meeting and the other members present were Trustees F. R. Anglin, L. T. Best, J. G. Elliott, W. H. Godwin, James Henderson, J. W. Jones, L. C. Lockett, J. F. Macdonald, H. V. Moore, Miss E. G. Mowat, Mrs. A. Newlands, W. J. Renton, Frank Smythe and Thomas W. Mills.

The gross earnings of the Grand Trunk system during the first week of February, amounted to \$2,035,501, and shows an increase of \$452,050.

PILES

Do not suffer another day with itching, bleeding, or protruding piles. No surgical operation necessary. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. See a box at dealers. Hates & Co. Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.
