Two per cent. beer, touched off with a dash of lemon extract, is still quite a popular drink in the city. At least stories told in the police court point that way, but there are some who are inclined to believe that the so-called lemon drinkers have something stronger on their hip.

Why People Feel Depressed in the Cold Weather. Why is tiredness and languor so prevalent just now? A physician explained that the cold drives blood from the surface of the body to the liver. Normally one-fourth of the whole blood supply is in the liver, and when more blood is accumulated in that organ everything goes wrong.

McGill Defeated Queen's, 9 to 5. In a very exciting game played here Tuesday evening, McGill defeated Queen's in the senior intercollegiate hockey series by a score of 9 to 5.

At the end of the first period the score was 2 to 9 in favor of the Winners and the second period the McGill team scored two more goals. The Queen's team was greatly weakened by the absence of Harry McNeil, the net guardian, who was confined to his bed on account of illness. Yule, who replaced him, seemed to be away off color. During the first two periods the McGill outfit had the better of the play. Time after time the Queen's team attempted to get through the McGill defence but it was as strong as a wall. In the last twenty minutes both teams attempted to mix things up a bit but the players did not get away with any rough stuff.

The ice was rather sticky and it prevented any very fast play. For the winners, Cully and Behan played a wonderful game. Flanagan on the wing was not at his best. The play was stopped a number of times on account of this play being offside. The net guardian, made some very nice stops. During the last twenty minutes he was called upon to stop some very fast shots. In the last twenty minutes, Stinson, who knocked out when Box, who was working the puck in on the nose, was unable to stop in time.

Campbell was the star on the Queen's team. His back checking and rushing was exceptionally good. Faraday played a steady game at defence, but was banished a couple of times for tripping and hard checking. The first period ended with the McGill forwards showing a world of speed. Both teams checked close, but the McGill outfit had the better of the play. Stewart scored for Queen's, but the bell rang before he shot so it was not counted. Cully was banished for one minute for tripping. With Cully off the ice, McGill scored their first goal. Gallery did the trick. Four minutes later Flanagan took a nice shot from the wing and made the net ring. For the remainder of the period both teams played very close hockey.

The second period had only been underway one minute when Anderson of McGill rushed the full length of the ice and made the third counter. Stewart had two nice shots at Stinson but the latter was able to clear in time. Lyall and Fahey both drew penalties. While Fahey was resting with the time keepers, Behan carried the puck the full length of the rink and worked it in the net from the side. Campbell and Fahey drew penalties before the period finished.

In the third period the Queen's students staged a great come back, and were able to account for five goals. Stinson was accidentally hurt when Box collided with him, he lay on the ice. After two minutes of play Cully, after a lone rush, made the fifth score for his team. Stewart attempted to shove the puck from under Stinson, the net guardian, and was rested for one minute. Anderson and Cully were both sent to the penalty box, and while they were off Campbell scored the first goal for Queen's. Flanagan accounted for his second goal after a beautiful play. Fahey of Queen's skated down the side of the rink and registered the second goal for his team. Stewart made the score 6 to 3 in favor of McGill. The other scores were registered by Cully and Behan of McGill and Campbell of Queen's. Behan and Campbell each scored two goals. The play was very exciting in the last few minutes of the game. The scores were made as follows:

First Period. McGill, Gallery, 12 minutes. McGill, Flanagan, 4 minutes.

Second period. McGill, Anderson, 1 minute. McGill, Behan, 15.30 minutes.

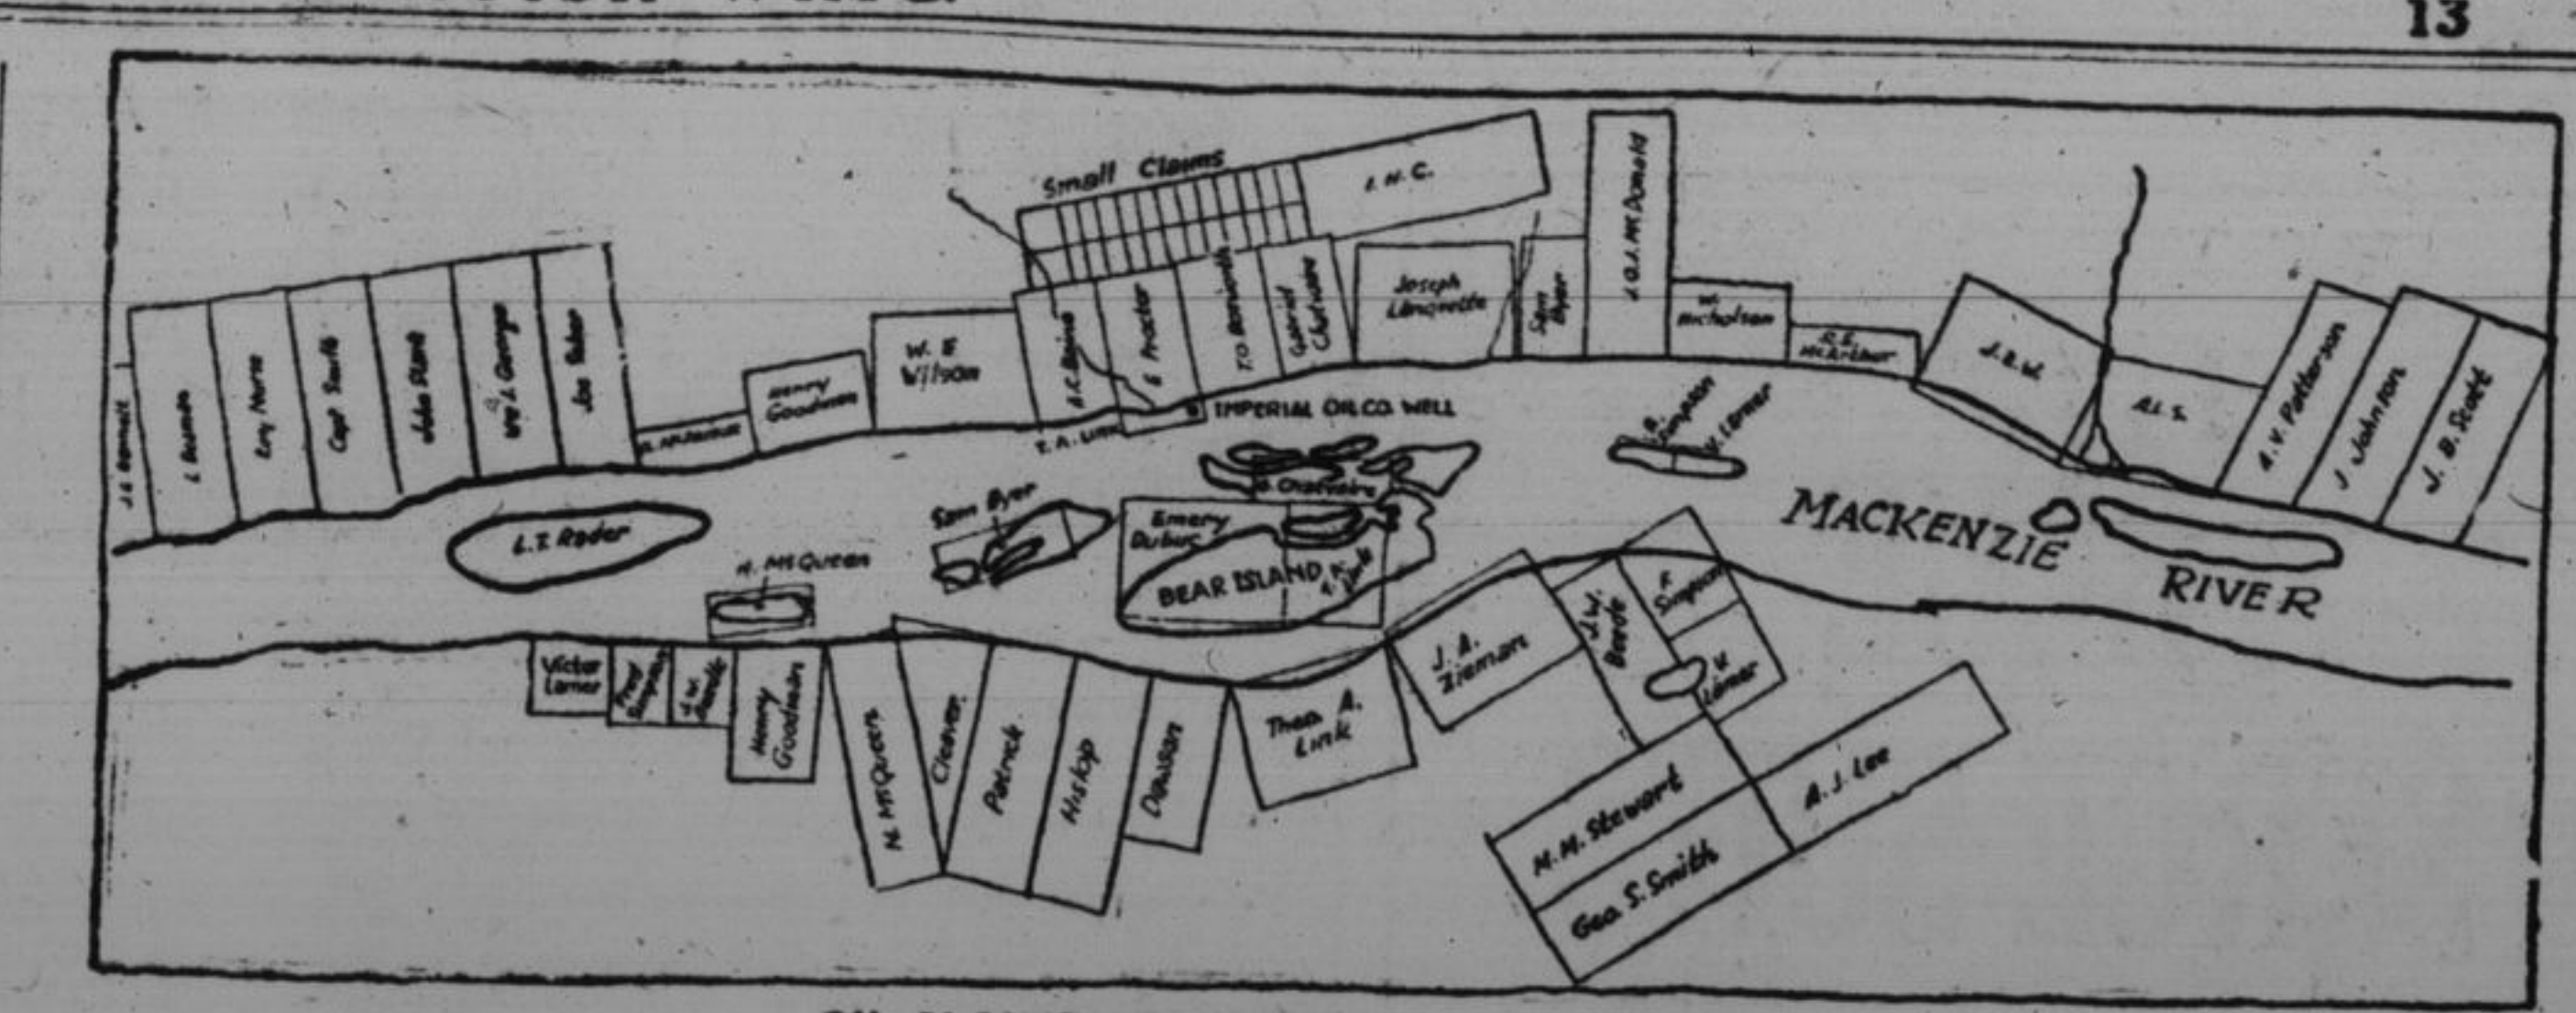

Third Period. McGill, Cully, 2.00 minutes. Queen's, Campbell, 3.00 minutes. McGill, Flanagan, 1.30 minutes. Queen's, Fahey, 4.30 minutes. Queen's, Stewart, 3.00 seconds. McGill, Cully, 1.00 minutes.
