Mrs. W. F. BAKER, of Milkie, Oregon, who says she has been restored to perfect health by Tanlac after having suffered for twenty years. Her statement is remarkable.

"For the last twenty years I have suffered from stomach trouble in its worst form. I was in misery all the time. If I took a drink of coffee or milk or even water, it would cause belching and gas. In fact, absolutely nothing would digest in my stomach. I always had an awful burning sensation in the pit of my stomach. I believe I have taken almost a wagon load of soda for stomach trouble. I would have to take it night and day. Gas would blow me up so badly I couldn't fasten my clothes. At times my heart would palpitate and flutter so badly I would nearly smother and I would have to gasp for breath. In fact, I thought I had heart trouble.

"I was very fond of cheese and the least bits would throw me right into spasms. I was also very fond of onions, but they would upset me terribly. "My whole system was out of shape and I was also bothered with rheumatism and neuritis. Pains in my arms and other joints were almost unbearable. I had to carry one of my arms in a sling and couldn't raise it up to my head. My hands would swell up and for a long time I was in just an awful condition.

"I told my husband I guessed I would have to give up and die, as the doctors' medicines and other things I took didn't do me any good. Then he got me some Tanlac and said I had to take it. Well, before I finished one bottle, I found the things I would eat did not bother me so much. I kept gradually getting better and finally after taking five bottles, my trouble was entirely relieved. I can now eat onions, cheese or anything I want. In fact, I am in perfect health in every way. My neuritis and rheumatism have also left me. I know that five dollars' worth of Tanlac has done me more good than a hundred dollars' worth of other medicines. I will sing the praise of Tanlac as long as I live.

"The above remarkable statement was made by Mrs. W. F. Baker, whose address is Milwaukie, Oregon, R. F. N. 2. Tanlac is sold in Kingston by A. P. Chown, in Mountain Grove by James Macdonald, and by the leading druggists in every town.—Adv.

Passed Away Suddenly. Death came suddenly to Richard O'Donnell at his home near Junetown on Wednesday. He was a quiet, good friend and neighbor and will be much missed in this locality. He was sixty-two years of age.

Important Notice To The Citizens Of Kingston and Vicinity Read Arthur's Letter of His Return

Arthur feels, as he is returning to once again do business with the buying public, he would like to give you his reasons for leaving Kingston last April, and his reason for returning; having enjoyed the confidence of the people during the four years I was in business and having received liberal patronage for which I have always been grateful. If you will remember at the time I sold out, prices of all merchandise were going higher and still higher with no end in sight. I, being a conscientious merchant, felt I would be doing an injustice to my customers to continue asking high prices for merchandise which at that time was not worth the price, as you all know the class of merchandise the last couple of years was not the same quality as the pre-war days, which was no fault of any merchant. He had to take what was on the market or do without. I, after careful consideration, decided to sell out in bulk sooner than pass my stock on to the buying public, for even if I sold every article in my store at cost price, which is the best any merchant could do, the price then could be high. I would not have been making a cent of profit and at the same time I would not have been giving you the kind of bargains which you were fully entitled to at a closing out sale, and you would be wondering after I left where the bargain came in. I therefore decided to sell out in bulk and leave my good name behind me, as I had full intentions as soon as prices got sensible to come back and offer you merchandise at the right price. I anticipated a drop in prices when I sold out. That's what prompted me to do so, and I see I did not make a mistake, as we all know the drop came. Not only that, but a better quality of merchandise is being turned out to-day. I am coming back to you with better quality merchandise at 1913 prices, and trust that you will once again favor me, I have some extraordinary bargains to offer you for my opening sale, which will pay you for some miles for, and I can assure you your trade will be more than appreciated. In conclusion, I would like to call all my readers' attention to be sure and read my advertisement every

Enlarge Albert College. Rev. Dr. S. D. Chown, chairman of the board of directors of Albert College, Belleville, states that arrangements are being completed for enlargement of the college in the spring, the cost of which will be \$600,000. The new site overlooks the Bay of Quinte and will give excellent opportunity for aquatic sports. Dr. E. N. Baker, principal of the college, reports that a large proportion of the money has already been raised.

Here's Some Hen. James M. Baines, Westbrook, writes: "I saw in your issue of Feb. 22nd and an account of an energetic hen that laid an egg eight inches in circumference one way by seven inches the other, and weighing four ounces. I want to say that you do not have to go as far as Trenton to find ambitious hens, as on Feb. 23rd one of our pure bred Rhode Island Red hens laid an egg measuring eight inches one way by 6 1/2 inches the other way in circumference, and weighed 3 3/4 ounces. I think that hen was no sluggard."

Purchase of Library Ground. The ground at the corner of Bagot and Brock streets, on which the new library building stands, is known as the Baker estate bequest to the Synod of Ontario, and Canon J. W. Jones and R. J. Carson represent the trustees. While it has been understood that the sum of \$10,000 is mentioned as the possible purchase price, it is understood that the trustees will not allow the matter of price to stand in the way of the library, and it is possible the ground may be secured for a less amount.

Trouble Over Lane. It has been discovered by the city assessor that a number of laneways have not been included in deeds of land when property sales have been made, and that previous owners retain the titles to narrow strips which laneways will eventually be sold for to the lawful owners. Lately, a property owner found that he had been paying taxes on a land frontage which he did not own, the laneway next his house having never been deeded to him. Where local improvement in the way of a paved road has to be paid for, this would be quite an item.

Had Visited in Toronto. Mrs. Johnston, who jumped from a train at Collin's Bay Monday morning, and was a patient at the Toronto General hospital on Wednesday night, where she was admitted on the advice of friends at whose home she

was taken ill. The woman was allowed to take the train for Vankleek Hill Thursday night, the doctors finding her in fit condition to travel. Mrs. Johnston recently visited the home of her mother at Oshawa and came to Toronto for a short stay before going on to her home at Vankleek Hill. Her husband died three years ago. Prior to her marriage Mrs. Johnston was in the millinery department of one of the Toronto stores. Her husband was a prominent Mason of Belleville.

Did Splendid Service. Among the Danville notes which appeared in the Shepbrooke, Que. Record in the issue of Feb. 24th, was enclosed: "Rev. H. E. Curry, financial agent of the Montreal conference, has been here during the past week in the interest of the Danville circuit of the Methodist church. The financial success which attended his work far surpassed the most sanguine expectations of the quarterly official board. The members of the board met at the parsonage on Tuesday evening on the eve of Mr. Curry's departure to acknowledge his splendid services. After duly considering the healthy financial basis upon which the circuit now rests, a very hearty vote of thanks was passed by J. Horan, recording steward, and seconded by L. P. Bishop, was tendered Mr. Curry, to which he very suitably replied, mentioning the kindly manner in which he was received in all the homes of the people."

Gave a Banquet. The lecture hall of Queen Street Methodist church wore a very festive look on Tuesday evening when Class No. 27 (Miss L. Allen's class), gave a banquet to the members of the Men's Bible class, of which Damon Buck is president and the pastor, Rev. W. S. Lennon, is teacher. Over one hundred persons, consisting of the members of the two classes with their wives, husbands and friends, sat down at the well laden tables which, along with the hall itself, had been tastefully decorated by the entertaining class. After the supper the remaining part of the evening was spent in the enjoyment of a very fine programme embodying the following items: Vocal solos by Mrs. H. Law and K. Moncrieff; duet by Misses Allen and Truesdale; recitations by Miss Pringle, Mrs. Millard and Mr. Kelly; trombone solo by Mr. Foley; reading from Drummond by Mr. Dowd, and musical selection by Mrs. Smith and her gifted son and daughter. The gathering broke up about 9.30 p.m. with the singing of the National Anthem after a hearty vote of thanks had been tendered to the entertaining class. Both of these progressive classes are anticipating further enrolments as a result of the interest generated in their activities by this social gathering.

Friday in this paper, as I expect to offer some extraordinary values, which I was lucky enough to purchase, and which I am going to pass on to you. I will try to make my articles interesting as well as money-saving. Again thank you for your kind patronage in the past, and trusting to be favored with your future patronage. I remain, Yours very truly —ARTHUR The Lion Clothing House, 254 King street, where Jennings kept his shoe store. Look for the Lion in the Window.
