The coming Referendum

Vote and Vote "Yes!" on April 18

THE Ontario Temperance Act as a war-time measure was an unqualified success.

On October 25, 1919, the people of Ontario voted by an overwhelming majority in favor of the permanent continuance of the Ontario Temperance Act, prohibiting the sale of intoxicating beverages.

The "Bootlegger" Must Go

On December 31, 1919, came the repeal of the Federal Order-in-Council—which was also a war-time measure—prohibiting importation, manufacture and export of intoxicating beverages.

Thus it became possible for individuals in prohibition provinces to import liquors for consumption in the home; thus the "bootlegger" is able to offer the same for sale contrary to law, and thus the expressed will of the people in this province is being defeated.

Importation Must Cease

Everything that applied in the last vote against the sale of intoxicating beverages within this province applies equally to the Use of them, and their Importation for beverage purposes should also be prohibited.

Hence arose necessity for further legislation and another Referendum.

Shall the Importation and the bringing of intoxicating Liquors into the Province be Prohibited?

YES!
