## Purina Calf Chow

### Is Different

Yes, it's unlike any calf meal on the market.

- 1st. It's different because it's better.
- 2nd. Every ingredient is a pure feed of recognized value, no "phony" products of unknown worth. It does not contain anise, or any appetizer. Calves eat it as greedily as they do whole milk.
- 3rd. It does not scour, wood flour is one of the important ingredients, which insures freedom from scours.
- 4th. Easy to feed, no boiling, just mix with warm water.
- 5th. It is balanced just like whole milk. Calves thrive from the first on Purina Calf Chow and it keeps them making gains without sickly periods. It is used by many of the best dairy farms in the country to raise the finest calves.
- 6th. But it is cheap enough to use on any calf, costs less than half as much as milk feeding. So easy to feed that boys or girls are assured of success.

To increase the capacity of cotton pickers a thimble like device of roughened metal to be worn on the finger has been invented.

Brushes that weigh less than half an ounce and which can be carried inside hats on which they are used have been invented in Paris.

### AN OLD LANDMARK HAS BEEN REMOVED

#### The First Building Erected in Pleasant Valley Torn Down.

Pleasant Valley, March 3.—An old landmark was removed recently when L. Boyce & Sons demolished the house which has withstood the tempest of nearly a century, and was the pioneer home of Thomas Kingston, and since that time three generations of his descendants have dwelt beneath its roof. It was a typical pioneer home and one had only to view its solid log walls to imagine the scenes of a century ago when only a small clearing had been made in the vast wilderness. The first hockey match of the season was played on the rink Saturday between our boys and Moscow and resulted in an easy win for Pleasant Valley by a score of 3 to 1. S. Henderson was referee for the game. Melville Bradford was a city visitor on Saturday.

### PLAY GIVEN AT INVERARY

Dramatic Club Presented "Miss Busby's Boarders." Inverary, March 2.—Mr. and Mrs. George Shepherd and son, Earle, left today for their home in Pittsburgh. A number of their relatives and friends met at their home on Saturday night, for a farewell and spent a very enjoyable time.

The most pleasant feature of the evening was the presentation of two handsome parlor chairs to Mr. and Mrs. Shepherd. Mr. Ferguson read a very appropriate address after which John Gordon and Robert Lyon made the presentation. Mr. and Mrs. Shepherd, who were taken wholly by surprise replied very feelingly. Later refreshments were served by the ladies. An unusually large crowd filled the hall on Friday night to hear the Inverary Dramatic Club put on the play "Miss Busby's Boarders." The play, as well as the music by the jazz band was thoroughly enjoyed. A handsome sum was realized. The patrons of Model cheese factory unloaded and drew from Kingston a car of coal for Tom McKnight, cheese maker for the ensuing year.

Miss Pearl Gibson had the misfortune to fall on the ice and dislocate her shoulder. Dr. Robinson reduced the fracture. The home of Roy Darling has been brightened by the arrival of a young son.

Mrs. Ferdinand Holmes and daughters, Jean and Bernice, also Miss Pearl Fuller have returned from a two weeks' visit among friends at Morton and Seely's Bay. Mrs. Andrew McBride, Kingston, spent part of the week with Mrs. J. Shepherd. Miss Annie Thompson spent last week with her sister, Mrs. W. L. Storms, Wilton. Two of A. Garret's children are seriously ill. "Tom" McKnight has taken possession of the store and dwelling lately purchased from A. McFadden.

Many were the expressions of regret and sorrow when the news was received that Mrs. Bert Gerald had passed away in Kingston. During her stay in this vicinity deceased made numerous friends, who sincerely mourn her loss. Thomas Christley is moving to his farm at Latimer. Reeve Taylor, confined in the General Hospital, is slowly recovering.

News From Charleston. Charleston, Feb. 28.—Mr. and Mrs. W. Halliday are moving into the village, and Mr. and Mrs. Leonard Halliday are taking up house-keeping on the Johnson farm near Oak Leaf cheese factory. Mr. and Mrs. E. Foster, Glen Morris, entertained a few friends on Tuesday evening. Among the guests were some residents of Charleston, M. Hudson and D. Blair, Spring Valley, were visitors here on Sunday. T.W.A., Trinity church, Oak Leaf, met at Mrs. Jesse Webster's on Thursday afternoon. Some of the children in the village have the whooping cough. D. Young is moving from John Mulvanna's farm, near Athens, to A. W. Johnston's farm here. The assessor was through here last week. Owing to the change in the train service the mail arrives here now in the forenoon. The family of Dan Heffran, Glen Morris, are ill with measles.

### Constipation

is quickly relieved when the liver is aroused to activity by the use of Dr. Chase's Kidney-Liver Pills. One pill a dose. 25c a box, all dealers.

## Dr. Chase's Kidney & Liver Pills

### FINE FOR RHEUMATISM

Musterole Loosens Up Those Stiff Joints—Drives Out Pain. You'll know why thousands use Musterole once you experience the glad relief it gives.

Get a jar at once from the nearest drug store. It is a clean, white ointment, made with the best of mustard. Better than a mustard plaster and does not blister. Brings ease and comfort while it is being rubbed on! Musterole is recommended by many doctors and nurses. Millions of jars are used annually for bronchitis, croup, whooping cough, neuralgia, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, sores of the chest (It often prevents pneumonia).

### ST. PAUL'S CHURCH, SYDENHAM

#### Elected Officers For Year, at the Annual Meeting.

Sydenham, Feb. 28.—The annual meeting of the D.S.L. society, of St. Paul's church, Sydenham, was held in the basement of the church on Friday evening, Feb. 26th. The meeting was well attended. The following officers were elected for the ensuing year: Honorary president, Rev. Thomas Leech, M.A., Rector; president, Mrs. Alkenbrack; vice president, Miss Agnes McNaughton; secretary, Mrs. F. Sine; assistant secretary, Mrs. J. M. Woodruff; treasurer, Miss E. B. Woodruff.

The following members with the officers, were elected to the executive committee: F. Sine, M.A., B. Sc., Mrs. Leech, Mrs. Campbell, Mrs. Alexander, Mrs. Sedgwick, Mrs. Freeborn, Mrs. Lancaster, Edward Wood, Wilfrid Varrett, George McNaughton.

After the election of officers Mr. Sedgwick gave a very thoughtful and inspiring address on that famous Nova Scotian, the Hon. Joseph Howe. The speaker depicted Mr. Howe as a statesman whose untiring struggle during long years brought responsible government to his native province, as an orator whose eloquence, more than anything else, made practicable the union of the British North American provinces, and as a poet of no mean ability. At the conclusion of the address Mr. Leech and Mr. Sine spoke in appreciation of Mr. Sedgwick's lecture and both dwelt on the importance of and the inspiration derived from the study of the great men of Canadian history.

This is the sixth of the series of lectures along educational lines which the programme committee has arranged. It is the endeavor of the society to bring in men of experience and culture to lecture on subjects in which they are particularly qualified, and the meetings are open to all who desire to take advantage of the course of lectures.

During March and April the remaining four lectures of the course will be given by the following: W. S. Herrington, K.C., Napanee; Rev. Hilary Smith, Portsmouth; Rev. S. E. Harrington, M.A., Tamworth; Prof. J. F. Macdonald, Queen's University.

### WOLFE ISLAND NEWS

#### Stanley Woodman Orders Yacht From Clayton Company.

Wolfe Island, March 3.—William Watts has sold his house in Kingston and has returned to his fruit farm here. George Woodman was the lucky winner of the \$5 gold piece raffled by the hockey club. John O'Shea purchased a car-load of soft coal at Cape Vincent for his cheese factory. Geo. McRae has taken over the mail route lately driven by Thomas Conley. John Cleary has returned from Syracuse, N.Y., where he went to attend the funeral of his sister.

Stanley Woodman left an order for a new up-to-date yacht, with a Clayton firm, and it will be ready for the early summer. John and Edward McLarew, who have been visiting relatives here for the past month, have returned to their home in Buffalo.

Rawley Mullin met with a very painful accident while working with a piece of steel. A particle flew up, striking him in the eye. Fortunately the sight will not be injured. Mrs. Ernie Henry, Peterborough, and child are visiting here with their parents. Mrs. Robt. Payne and Beatrice have returned home from California, after spending four months.

### BREAKS HER WRIST

#### Catarqui Lady Meets With An Accident at Deseronto.

Catarqui, Feb. 28.—Miss Phoebe Smith has returned from Toronto. Her aunt, Mrs. Webster, is visiting at the rectory. Mrs. J. A. Wellwood, Edmonton, has been the guest of Mrs. George Bermington at Brookside Farm. School has closed for a couple of days this week on account of the teacher's illness. Craig Kelly and John Saunders are attending the boys' conference in Gananoque. Miss M. Fitz, Kingston, has been visiting her aunt, Mrs. Kish.

The funeral of the late Mr. Whalen took place from his home in Sunnyside on Wednesday morning. Mr. Whalen served his country overseas, and had not been in good health since his return. He died in Mowat Hospital. During his residence in Sunnyside he made many friends.

Mr. and Mrs. J. Falconer, Belleville, have been guests at the home of their cousin, R. Gardiner. Mrs. T. Gardiner, who is spending the winter in Deseronto, had the misfortune to fall and break her wrist.

### Mountain Grove Budget.

Mountain Grove, March 2.—Crows have made their appearances here. The L. O. B. A. held a very successful social in the town hall on Wednesday evening. A pleasant feature of the evening was the presentation of a beautiful jardiniere to a sister member, Mrs. A. Hayes, prior to her leaving for her new home at Welland. The Masonic Order also tendered a banquet and oyster supper on Friday evening to A. Hayes.

A. Snider was removed to Smith's Falls Hospital on Sunday morning for medical treatment.

The infant daughter, of C. Wood is improving after a severe attack of pneumonia. A. Abbott and family have left for their new home at Niagara. Before leaving they were suitably remembered by their many friends, who presented them with an address and a well-filled purse. Wm. Coulter, Napanee, is visiting old friends here. Mrs. J. French has returned home. Miss H. Greene visited Arden recently. L. L. Price and son, George, Selby, at his brother's, J. Price, Mrs. S. Cowdy is visiting her son, William Cowdy. Roy Barr has

# More Reasons for Reo Organization

Some factories are run by financiers and absentee officers and directors. That's one way the REO way is DIFFERENT. Management, financial, sales, engineering, purchasing and factory supervision are all in the hands of directors who are on the job every day. None have served less than 13 years. They live for REO.

### STANDARDIZATION

Sell a Speed Wagon and you immediately acquire a passenger car prospect. It works both ways. Thousands of families standardize on REO's for business or personal use.

### FIDELITY

There must be something to a line that the same dealers sell year after year. REO dealers stay in the organization; their policy is fair and just and the product is right.

### UNITY

Automobile factories that are offspring of a parent company prosper only to the extent that they are the favorite child or the one which the blanket policy fits. REO is complete within itself—the stock ticker means nothing in the lives of the owners or management. REO policy fits REO, and is not tempered to fit the plans of associate or subsidiary plants.

### STABILITY

Shifting types, changing models and uncertain sales policy are profit killers for the dealer and depreciate value for the owner. REO builds a dependable six-cylinder coupe, sedan, touring car and roadster on one chassis, only one speed wagon chassis with a wide selection of bodies. REO transportation—passenger or freight—is safe and dependable and means slow depreciation.
