### DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active. Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink, which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

### WHY HAVE CATARRH?

So Disagreeable to Yourself and All About You. Catarrh is generally conceded to be a constitutional disease. Therefore it requires a constitutional remedy like Hood's Sarsaparilla which reaches every part of the system by thoroughly purifying and enriching the blood. This medicine removes the cause of the trouble, which if not checked may lead to more serious disease.

In 46 years of use and test Hood's Sarsaparilla has relieved many cases as told by voluntary letters of commendation. Why not get a bottle to-day and give it a trial? It combines economy and efficiency. Keep Hood's Pills on hand as a family cathartic.

### Talked With Vancouver.

When a man at the Chateau Laurier, Ottawa, called up and talked to a lady in Vancouver, B.C., the other evening, he held what is said to be the longest talk over wire in the history of the telephone. This sounds reasonable when it is known that the call was routed via Montreal, New York, Chicago, San Francisco to Vancouver, in the neighborhood of 4,500 miles.

Nothing could make possible such a result but the application to the long distance lines of all the results of scientific research of the past quarter-century. These include various amplifying devices known only to telephone engineering experts, but the fruits of inventive genius are available and are being used every day in just such wonder-provoking ways.

At the time of the war he enlisted for over-seas service, notwithstanding his advanced years, and was given a colonel's command in the Imperial Army and served with distinction in France until injured. On recovery he was given charge of a training camp in England."

Hope springs eternal. That is why a faded thirty-year-old maiden likes to giggle and talk about "we girls" when there are men around. A man may not be a model citizen himself, but he hates to hear a woman swear, and he hates to see a woman spit.
